RISKS IN RELATION TO THE FIRST OFFER

This being the first public offer of our Company, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ₹ 10/- each and the Offer Price is [●] times of the face value of the Equity Shares. The Offer Price (determined and justified by our Company in consultation with the Lead Manager as stated in "Basis for Offer Price" on page 90 of this Draft Prospectus) should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares or regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and investors should not invest any funds in the Offer unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares in the Offer have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the contents of this Draft Prospectus. Specific attention of the investors is invited to "Risk Factors" on page 25 of this Draft Prospectus.

ISSUER'S AND SELLING SHAREHOLDER'S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Draft Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Draft Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Draft Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. Selling Shareholder, severally and not jointly, accepts responsibility for and confirms only the statements expressly made by such Selling Shareholder in this Draft Prospectus solely in relation to itself and its respective portion of the Offered Shares, and assumes responsibility that such statements are true and correct in all material respects and not misleading in any material respect

LISTING

INDUSTRY AND MARKET DATA

Unless stated otherwise, the industry and market data and forecasts used throughout this Draft Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Further, the extent to which the industry and market data presented in this Draft Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources.

FORWARD LOOKING STATEMENTS

All statements contained in this Draft Prospectus that are not statements of historical fact constitute forward-looking statements. All statements regarding our expected financial condition and results of operations, business, plans and prospects are forward-looking statements. These forward-looking statements include statements with respect to our business strategy, our revenue and profitability, our projects and other matters discussed in this Draft Prospectus regarding matters that are not historical facts. Investors can generally identify forward-looking statements by the use of terminology such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “project”, “may”, “will”, “will continue”, “will pursue”, “contemplate”, “future”, “goal”, “propose”, “will likely result”, “will seek to” or other words or phrases of similar import. All forward looking statements (whether made by us or any third party) are predictions and are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Further the actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries in India in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and overseas which have an impact on our business activities or investments, the monetary and fiscal policies of India and other jurisdictions in which we operate, inflation, deflation, unanticipated volatility in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence. Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

Certain important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Costs of the raw materials that we use in our manufacturing process are subject to volatility due to factors beyond our control;
- Any shortages, delay or disruption in the supply of the raw materials we use in our manufacturing process due to factors beyond our control;
- Any disruption, breakdown or shutdown of our manufacturing facilities; and
- Our dependence on the performance of the cables and wires market.

Other important factors that could cause actual results to differ materially from our expectations include, but are not limited to, the following:

- Inability to maintain and develop our brand;
- Fluctuations in operating costs;
- Adverse statutory and regulatory actions from Income Tax Department or any other statutory or regulatory authority;
- Any adverse developments affecting Maharashtra where our manufacturing facilities are located;
- Our business strategies and plans to achieve these strategies;
- Conflict of interest between our business and activities undertaken by entities in which certain of our directors and our Promoter has interest;

- Inability to comply conditions and restrictions on our operations, additional financing and capital structure under agreements governing our indebtedness;
- Any qualifications or other observations made by our future statutory auditors which may affect our results of operations;
- General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
- Changes in government policies and regulatory actions that apply to or affect our business;
- Changes in political and social conditions in India, the monetary and interest rate policies of India and other countries
- Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The occurrence of natural disasters or calamities;
- Other factors beyond our control; and
- Our ability to manage risks that arise from these factors

For further discussions of factors that could cause our actual results to differ, please refer the section titled “*Risk Factors*” and chapter titled “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 25, 118 and 182 of this Draft Prospectus, respectively. By their nature, certain market risk disclosures are only estimating and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

There can be no assurance to Applicants that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, Applicants are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Forward-looking statements reflect the current views as of the date of this Draft Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, Selling Shareholder, our directors, nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with SEBI requirements, our Company will ensure that investors in India are informed of material developments from the date of this Draft Prospectus until the time of the grant of listing and trading permission by the Stock Exchange. The Selling Shareholder shall ensure that it will keep the Company and LM informed of all material developments pertaining to its respective portion of the Equity Shares under the Offer for Sale and themselves, as Selling Shareholder from the date of the Prospectus until receipt of final listing and trading approvals by the Stock Exchange for this Offer, that may be material from the context of the Offer.

EXEMPTION FROM COMPLYING WITH ANY PROVISIONS OF SECURITIES LAWS, IF ANY, GRANTED BY SEBI

Our company has not applied or received any exemption from complying with any provisions of securities laws by SEBI.

SECTION III – RISK FACTORS

An investment in Equity Shares involves a high degree of financial risk. Investors should carefully consider all information in this Draft Prospectus, including the risks described below, before making an investment in our Equity Shares. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could suffer, the price of the Equity Shares could decline, and you may lose all or part of your investment. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Offer including the merits and risks involved. Investors should consult their tax, financial and legal advisors about particular consequences to them of an investment in the Offer. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, such financial impact cannot be disclosed in such risk factors. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Any of the following risks, as well as the other risks and uncertainties discussed in this Draft Prospectus, could have a material adverse effect on our business and could cause the trading price of our Equity Shares to decline and you may lose all or part of your investment.

This Draft Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus. See chapter titled “Forward Looking Statements” beginning on page 16 of this Draft Prospectus.

To obtain a better understanding of our business, you should read this chapter in conjunction with other chapters of this Draft Prospectus, including the chapters titled “Our Business”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, “Industry Overview” and “Restated Financial Statements” on page 118, 182, 101 and 176 respectively of this Draft Prospectus, together with all other Restated Financial Statements contained in this Draft Prospectus. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Prospectus.

Unless otherwise stated, the financial data in this chapter is derived from our Restated Financial Statements for the financial years ended March 31, 2023, 2022 and 2021 as included in “Restated Financial Statements” beginning on page 176 of this Draft Prospectus.

MATERIALITY

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- Some events may have material impact quantitatively;
- Some events may have material impact qualitatively instead of quantitatively.
- Some events may not be material individually but may be found material collectively.
- Some events may not be material at present but may be having material impact in future.

BUSINESS RELATED RISKS

- 1. There are outstanding legal proceedings involving our Company. Any adverse decision in such proceedings may have a material adverse effect on our business, results of operations and financial condition.***

We are involved in certain legal proceedings which are pending at different levels of adjudication before various courts, tribunals, enquiry officers, and appellate authorities.

We cannot provide assurance that these legal proceedings will be decided in our favour. Any adverse decisions in any of the proceedings may have a significant adverse effect on our business, results of operations, cash flows and financial condition. A summary of the pending proceedings involving the Company is provided below:

Litigations against our Company

For further details of certain material legal proceedings involving our Company, our Promoters, our directors, see “*Outstanding Litigations and Material Developments*” beginning on page 193 of this Draft Prospectus.

2. ***The costs of the raw materials that we use in our manufacturing process are subject to volatility due to factors beyond our control. Increases or fluctuations in raw material prices may have a material adverse effect on our business, financial condition, results of operations and cash flows.***

Our operations are dependent upon the price and availability of the raw materials that we require for the production of our wires, cables and conductors. Our primary raw materials include aluminum wire rods, copper rods/wires, cross linked polyethylene compound, polyvinyl chloride resin & stabilizers, chlorinated paraffin wax compound, calcium carbonate, dioctyl phthalate, galvanized iron round wires/strips, wooden drums etc. Our total cost of materials consumed amounted to ₹4,459.90 Lakhs, ₹4,545.84 Lakhs and ₹3,572.19 Lakhs, respectively, accounting for 78.33 %, 80.24 % and 83.41 %, respectively, of our total revenue from operations in Fiscals 2023, 2022 and 2021. The prices of copper and aluminium used in our productions are linked to the prices on the London Metal Exchange (“LME”), while the price of PVC Compounds is linked to crude oil prices.

We have in the past experienced cost fluctuations for these raw materials due to volatility in the commodity markets. Increasing global demand for, and uncertain supply of, any such raw materials could disrupt our or our suppliers’ ability to obtain such materials in a timely manner to meet our supply needs and may lead to increased costs. In case of increase in raw material prices, there can be no assurance that we will be able to pass such cost increases to our customers. Any increase in the cost of inputs to our production could lead to higher costs for our products. If we increase the prices of our products to offset the impact of higher costs, this may cause certain of our customers to cancel orders or refrain from purchasing our products, which may materially and adversely reduce the demand for our products, and thus, negatively impact our operating results. If we are unable to pass on cost increases to our customers or are unsuccessful in managing the effects of raw material price fluctuations, our business, financial condition, results of operations and cash flows could be materially and adversely affected. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 182, of this Draft Prospectus.

The prices and supply of these raw materials are also affected by, among others, general economic conditions, competition, production costs and levels, the occurrence of pandemic (such as COVID-19), transportation costs and indirect taxes.

3. ***Our manufacturing facilities are critical to our business operations and any shutdown of our manufacturing facilities may have an adverse effect on our business, results of operations and financial condition.***

Our manufacturing facilities are located at Sinnar, Nasik. Our success depends on our ability to successfully manufacture and deliver our products to meet our customer demand. Our manufacturing facilities are susceptible to damage or interruption or operating risks, such as human error, power loss, breakdown or failure of equipment, power supply or processes, performance below expected levels of output or efficiency, obsolescence, loss of services of our external contractors, terrorist attacks, acts of war, break-ins, earthquakes, other natural disasters and industrial accidents and similar events. It is also subject to operating risk arising from compliance with the directives of relevant government authorities. Operating risks may result in personal injury and property damage and in the imposition of civil and criminal penalties. If our Company experiences delays in production or shutdowns at our facility due to any reason, including disruptions caused by disputes with its workforce or any external factors, our Company’s operations will be significantly affected, which in turn would have a material adverse effect on its business, financial condition and results of operations.

Further, continuous addition of industries in and around our manufacturing facilities without commensurate growth of its infrastructural facilities may put pressure on the existing infrastructure therein, which may adversely affect our business.

Further, the spiraling cost of living around our manufacturing facilities may push our manpower costs higher, which may reduce our margin and cost competitiveness.

4. ***We are dependent on the performance of the wires and cables market. Any adverse changes in the conditions affecting the wires and cables market can adversely impact our business, financial condition, results of operations, cash flows and prospects.***

For the fiscal 2023, 2022 and 2021, our capital expenditures, reflected in our restated financial statements as additions to property, plant and equipment were, ₹ 11.92 Lakhs, ₹ 7.47 Lakhs and ₹ 0.82 Lakhs, respectively. The actual amount and timing of our future capital requirements may differ from estimates due to, among other factors, unforeseen delays or cost overruns, unanticipated expenses, regulatory changes, economic conditions, engineering design changes, weather related delays, technological changes, additional market developments and new opportunities in the cables and wires industry. Our sources of additional financing, where required to meet our capital expenditure plans, may include the incurrence of debt, the issue of equity or debt securities or a combination of both. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, and could have a significant effect on our profitability and cash flows. Any issuance of equity to raise additional funds, on the other hand, would result in a dilution of the shareholding of existing shareholders.

Further we require a significant amount of working capital for our operations. A significant amount of our working capital is required to finance the purchase of raw materials before payment is received from our customers. Further we also maintain inventory levels as per industry standards. Our working capital requirements may increase if the payment terms in our agreements with our customers or purchase orders include reduced advance payments or longer payment schedules, or if our there is delayed realisation from our customers. These factors may result, and have in the past resulted, in increases in the amount of our receivables and short-term borrowings. Continued increase in our working capital requirements may have a material adverse effect on our financial condition, results of operations and cash flows.

5. ***We are subject to strict quality requirements and any product defect issues or failure by us or our raw material suppliers to comply with quality standards may lead to the cancellation of existing and future orders, recalls and exposure to potential product liability claims.***

We face an inherent business risk of exposure to product defects and subsequent liability claims if the use of any of our products results in personal injury or property damage. The products manufactured by us need to comply with certain standards as prescribed by the Bureau of Indian Standards (BIS). We may not be able to meet regulatory relevant quality standards in India, or the quality standards imposed by our customers and applicable to our manufacturing processes, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

If any of our products do not meet regulatory standards or are defective, we may be, inter alia, (i) responsible for damages relating to any defective products, (ii) required to replace, recall or redesign such products or (iii) incur significant costs to defend any such claims. The failure by us or any of our suppliers to achieve or maintain compliance with regulatory requirements or quality standards may disrupt our ability to supply products sufficient to meet demand until compliance is achieved or, until a new supplier has been identified and evaluated. The quality of raw materials will have an impact on the quality of the finished products and in turn affect our brand image, business and revenue. There is no assurance that our products will always meet the satisfaction of our customers' quality standards. Our failure to comply with applicable regulations could cause adverse consequences to be imposed on us, including fines, injunctions, civil penalties, the refusal of regulatory authorities to grant approvals or renewal, delays, suspensions or withdrawal of approvals, license revocation, seizures or recalls of products, operating restrictions and criminal prosecutions, all of which could harm our business. There can be no assurance that if we need to engage new suppliers to satisfy our business requirement, we will be able locate new suppliers in compliance with regulatory requirements in a timely manner, or at all. Failure to do so could lead to the cancellation of existing and future orders and have a material adverse effect on our business and revenue. However, no such instances occurred in the past.

6. ***We generate our major portion of sales from our operations in certain geographical regions especially, Gujarat, Telangana, Maharashtra and Madhya Pradesh. Any adverse developments affecting our operations in these regions could have an adverse impact on our revenue and results of operations.***

For the financial year ended March 31, 2021, 2022 and 2023 our revenue from our customers situated in Gujarat, Telangana, Maharashtra and Madhya Pradesh contributed 61.25%, 14.54%, 7.39% and 8.25% of our total revenue from operations as per our Audited Financial Statements. Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions which may adversely affect our business prospects, financial conditions and results of operations. We may not be able to leverage our experience in such regions to expand our operations in other parts of India, should we decide to further expand

our operations. Factors such as competition, culture, regulatory regimes, business practices and customs, industry needs, transportation, in other markets where we may expand our operations may differ from those in such regions, and our experience in these regions may not be applicable to other markets. In addition, as we enter new markets and geographical areas, we are likely to compete not only with national players, but also local players who might have an established local presence, are more familiar with local regulations, business practices and industry needs, have stronger relationships with local dealers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into areas outside such markets may adversely affect our business prospects, financial conditions and results of operations. While our management believes that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we may face and should not rely on our results of operations for any prior periods as an indication of our future performance.

7. *Any shortages, delay or disruption in the supply of the raw materials we use in our manufacturing process due to factors beyond our control may have a material adverse effect on our business, financial condition, results of operations and cash flows.*

We strive to maintain adequate inventory levels, we have experienced instances of shortages of one of our principal raw materials i.e., aluminum in a limited manner. We are expanding our suppliers base, we procure our raw materials from 44, 34 and 28, respectively, suppliers during the Fiscals 2023, 2022 and 2021. However, if we face shortage in raw materials in the future, there can be no assurance that we may be able to acquire the raw materials from the market in a timely manner, or at all, and if we are not able to procure raw materials in sufficient quantities, we may not be able to manufacture our products according to our pre-determined timeframes or as contracted with our customers, at our previously estimated product costs, or at all. Therefore, any shortage, delay or disruption in supply of any of our raw materials could have an adverse effect on our business, results of operations, cash flows and reputation. For further details, see “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 182, of this Draft Prospectus.

8. *The industry in which we operate is labour intensive and our manufacturing operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.*

Wires & cables industry being labour intensive is dependent on labour force for carrying out its manufacturing operations. We have also employed contract labour at our manufacturing facilities. Shortage of skilled/unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. Though we have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past; however, there can be no assurance that we will not experience such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management’s attention and result in increased costs. India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits.

9. *Our Business is dependent on our Continuing relationships with our customers, with whom we have not entered into long term arrangements. Further we have been procuring business from Government entities, which are undertaken through bidding process and failure to procure such tenders on a continuous basis could adversely impact our revenues and profitability.*

We generate sales by subscribing and fulfilling of tenders invited by State Electricity Boards and other companies and selling to private companies. In case of sales to State Electricity Boards, our company bids in the prospective tenders where bidders are scrutinized for technical and financial qualifications. Quality and reliability of the products, competitive bids at which the tenders are subscribed, ability to perform the tenders within time, etc. are some of the major criteria upon which the government companies award the tender. Our Company has had long standing business relationships with certain customers and has been supplying our products to such customers, for several years. We have a strong client base in India. We have developed a long-standing relationship with our clients. However, we have not entered into any contracts with any of our customers and we cater to them on an order-by-order basis. As a result, our customers can terminate their relationships with us without any notice, which could materially and adversely impact our business. There is no assurance that we will be able to obtain continuous business, get awarded with tenders every time or at all. The loss of interruption of work, by a significant customer or a number of significant customers or the inability to procure tender contracts on a regular basis or at all may have an adverse effect on our revenues, cash flows and operations.

10. *The Restated Financial Statements have been provided by Peer Reviewed Chartered Accountants who is not Statutory Auditor of our Company.*

The Restated Financial Statements of our Company for the financial years ended March 31 2023, 2022, 2021 and has been provided by a Peer Reviewed Chartered Accountant who is not Statutory Auditor of our Company.

- 11. *We depend on the success of our relationships with our customers. We derive a significant part of our revenue from our top 10 customers and we do not have long term contracts with these customers. If one or more of such customers choose not to source their requirements from us, our business, financial condition and results of operations may be adversely affected.***

Of our revenue from operations for the financial year ended March 31, 2023, 2022 and 2021, our top 10 customers contributed approximately 96.78%, 94.84% and 94.22%, respectively.

Given the nature of our business, there can be no assurance that we would be able to attract new customers or reduce our dependence on any of our top customers. We expect that we will continue to be reliant on our major customers for the foreseeable future. Accordingly, any failure to retain these customers or to remain suppliers to these customers and/or negotiate and execute contracts on terms that are commercially viable, with these select customers, could adversely affect our business, financial condition and results of operations. In addition, any defaults or delays in payments by a major customer or the insolvency or financial distress by a major customer may have an adverse effect on business, financial condition and results of operations.

Cancellation by customers or delay or reduction in their orders or instances where anticipated orders fail to materialize can result in mismatch between our expectant and existing inventory levels at our unit, thereby increasing our costs relating to maintaining our inventory and reduction of our margins, which may adversely affect our profitability and liquidity. Further, we may not find any customers or purchasers for the surplus or excess capacity, in which case we would be forced to incur a loss. Further, our inability to find customers for surplus products may result in excessive inventories which may become obsolete and may be required to be written off in the future.

Additionally, our customers have high and stringent standards for product quality and quantity as well as delivery schedules. Any failure to meet our customers' expectations could result in the cancellation or non-renewal of contracts or purchase orders. There are also several factors, other than our performance that could cause the loss of a customer, which include those customers who may demand price reductions, set-off any payment obligations, require indemnification for themselves or their affiliates, or replace their existing products with alternative products, any of which may have an adverse effect on our business, financial condition, results of operations and prospects.

- 12. *We are highly dependent on our Key Managerial Personnel and our Senior Management Personnel for our business. The loss of or our inability to attract or retain such persons could have a material adverse effect on our business performance.***

Our business and the implementation of our strategy is dependent upon our Key Managerial Personnel and our Senior Management Personnel, who oversee our day-to-day operations, strategy and growth of our business. If one or more members of our Key Managerial Personnel and our Senior Management Personnel are unable or unwilling to continue in their present positions, such persons could be difficult to replace in a timely and cost-effective manner. There can be no assurance that we will be able to retain these personnel. The loss of our Key Managerial Personnel or members of our Senior Management or our inability to replace such Key Managerial Personnel or members of our Senior Management may restrict our ability to grow, to execute our strategy, to raise the profile of our brand, to raise funding, to make strategic decisions and to manage the overall running of our operations, which would have a material adverse impact on our business, results of operations, financial position and cash flows.

During Fiscals 2021, 2022 and 2023, we have experienced certain changes to our Key Managerial Personnel and our Senior Management Personnel. For further details, see "*Our Management - Changes in our Key Managerial Personnel and Senior Management Personnel in the three immediately preceding years*" beginning on page 157, of this Draft Prospectus.

We cannot assure you that we will not lose our Key Managerial Personnel or member of Senior Management in the future, or we will be able to replace any Key Managerial Personnel or member of Senior Management in a timely manner or at all, which could have a material adverse impact on our business, results of operations, financial position and cash flows.

- 13. *We are highly dependent on our skilled and unskilled personnel for our day-to-day operations. The loss of or our inability to attract or retain such persons have a material adverse effect on our business performance.***

Our success in expanding our business will also depend, in part, on our ability to attract, retain and motivate skilled personnel. Competition for skilled personnel in our industry is intense. Our competitors may offer compensation and

remuneration packages beyond what we are offering to our employees. We may also be required to increase our levels of employee compensation more rapidly than in the past to remain competitive in attracting employees that our business requires. Because of these factors, there is no assurance that we can effectively attract and retain sufficient number of skilled personnel to sustain our expansion plans, which would have a material adverse impact on our business, results of operations, financial position and cash flows.

Our inability to attract and retain skilled/unskilled personnel may impact our production, day to day operations and in turn adversely impact our results of operations and financial results.

14. *Our failure to maintain optimum inventory levels could adversely affect our business, financial condition, results of operation and cash flow.*

While we manufacture a significant portion of our products for sale based on confirmed orders under direct contractual arrangements, we determine the quantities manufactured for sales pursuant to management estimates based on historical levels of sales, actual sale orders on hand and the anticipated production requirements taking into consideration any expected fluctuation in raw material prices and delivery delay.

Our future earnings through the sale of our products may not be realized as forecasted, due to cancellations or modifications of firm orders or our failure to accurately prepare demand forecasts. If we are unable to appropriately estimate the demand for our products for any reason, it could result in excess inventory levels or the unavailability of our products during increased demand, resulting in loss in potential sales.

Our ability to accurately forecast customer demand for our products is affected by various factors, including:

- a substantial increase or decrease in the demand for our products or for similar offerings of our competitors;
- changes in customer requirements;
- aggressive pricing strategies employed by our competitors;
- failure to accurately forecast or changes in customer acceptance of our products;
- limited historical demand and sales data for our products in newer markets;
- fluctuations in foreign currencies; and
- weakening of general economic conditions or customer confidence that could reduce the sale of our products.

Inventory levels that exceed customer demand may result in inventory write-downs or write-offs or we may be required to sell our excess inventory at discounted prices, which will adversely affect our gross margins and negatively impact our reputation and brand exclusivity. On the other hand, if we face demand in excess of our production, we may not be able to adequately respond to the demand for our products. This could result in delays in delivery of our products to our customers and we may suffer damage to our reputation and customer relationships. In addition, our customers may be driven to purchase products offered by our competitors, thereby affecting our market share. There can be no assurance that we will be able to manage our inventories at optimum levels to successfully respond to customer demand.

15. *Improper storage, processing and handling of our raw materials, work products and products could damage our inventories and, as a result, have an adverse effect on our business, results of operations and cash flows.*

We typically store our raw materials, work-in-progress, stock in trade and finished goods in covered warehouses. In the event that our raw materials, work products and products are improperly stored, processed and handled, the quality our raw materials could be reduced and our work products could be damaged. As a result, our production outputs could be adversely affected, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

16. *We face significant competitive pressures from other players in our business as the industry segments in which we operate being fragmented, our inability to compete effectively would be detrimental to our business and prospects for future growth.*

The market for cables and wires manufacturers is highly competitive, and we expect competition to intensify and increase from a number of sources. We compete in wires & cables industry on the basis of the range of our products, quality of our products, price, securing government tenders and distribution network. The industry and markets for our products are characterized by factors such as technological change, the development of new end products and their rapid obsolescence, evolving industry standards and significant price erosion over the life of a product. Factors affecting our competitive success include, amongst other things, price, demand for our products, availability of raw materials, brand recognition and reliability. Our competitors vary in size, and may have greater financial, production, marketing, personnel and other

resources than us and certain of our competitors have a longer history of established businesses and reputations in the Indian wires & cables industry as compared with us. These conditions may continue indefinitely. Changes in the identity, ownership structure, and strategic goals of our competitors and the emergence of new competitors in our target markets may impact our financial performance.

Due to the fragmented nature of the wires and cables industry and price advantage that the unbranded players generally enjoy, there can be no assurance that we will maintain our competitiveness in wires and cables industry with respect to any of our products. New competitors may include foreign-based companies and domestic producers who could enter our markets. Our failure to compete effectively, including any delay in responding to changes in the industry and market, together with increased spending on advertising, may affect the competitiveness of our products, which may result in a decline in our revenues and profitability.

While we work consistently to offset pricing pressures, produce new products, advance our technological capability, improve our services or enhance our production efficiency to reduce costs, such efforts may not be successful. Also, as we plan to expand our offerings to launch new products, we may face strong competition from other players in the same markets. Many of our existing and potential competitors may seek to equal or exceed us in terms of their financial, production, sales, marketing and other resources. If we fail to compete effectively in the future, our business and prospects could be materially and adversely affected.

- 17. *We are subject to various laws and extensive government regulations and if we fail to obtain, maintain or renew our statutory and regulatory licenses, permits and approvals required in the ordinary course of our business, including environmental, health and safety laws and other regulations, our business financial condition, results of operations and cash flows may be adversely affected.***

We are required to comply with Indian laws, among other things, relating to occupational health and safety (including laws regulating the generation, storage, handling, use and transportation of waste materials, the emission and discharge of hazardous waste materials into soil, air or water, and the health and safety of employees) and mandatory certification requirements for our facilities and products. For regulations and policies applicable to our Company, see “*Key Industry Regulations and Policies*” beginning on page 144 of this Draft Prospectus. There can be no assurance that we will be in compliance at all times with such laws, regulations and the terms and conditions of any such consents or permits. If we violate or fail to comply adequately with these requirements, we could be fined or otherwise sanctioned by the relevant regulators.

Our business and operations are subject to a number of approvals, licenses, registrations and permissions for construction and operation of our manufacturing facilities, warehouses, branch offices and regional offices, in addition to extensive government regulations for the protection of the environment and occupational health and safety. We have either made or are in the process of making an application or renewal for obtaining necessary approvals that are not in place or have expired. Further, we may also need to apply for additional approvals including the renewal of approvals which may expire from time to time, in the ordinary course of business. We cannot assure you that these approvals will be granted by the relevant authorities. In the event these approvals are not granted, we will have to make alternate manufacturing arrangements including increasing production in our other existing manufacturing facilities, which may adversely impact our business, financial condition, results of operations, cash flows and prospects. For further details of pending renewals and pending material approvals, see “*Government and Other Statutory Approvals*” on page 199 of this Draft Prospectus. If we fail to retain, renew or receive any of such approvals, licenses, registrations, permissions or renewals, in a timely manner or at all, our business, financial condition, results of operations, cash flows and prospects may be adversely affected.

Further, our government approvals and licenses are subject to certain conditions, some of which are onerous and require us to make substantial compliance-related expenditure. If we fail to comply or a regulator claim that we have not complied with such conditions, our business, prospects, financial condition, results of operations and cash flows may be adversely affected.

There can be no assurance that other environmental and safety allegations will not be made against us in the future. The relevant regulator may order closure of our unit where it is found to be non-compliant with the applicable norm. In some instances, such a fine or sanction could adversely affect our business, reputation, financial condition, results of operations or cash flows. In addition, these requirements may become more stringent over time and there can be no assurance that we will not incur significant environmental costs or liabilities in the future.

In addition, we may be subject to additional laws, regulations and rules with respect to environment protection, health and safety in the jurisdiction we currently operate. Our inability to control the costs involved in complying with these and other relevant laws and regulations could have an adverse effect on our business, financial condition, results of operations and cash flows.

18. Our Company operates under several statutory and regulatory permits, licenses and approvals. Our failure to obtain and/or renew any approvals or licenses in future may have an adverse impact on our business operations.

Our Company requires several statutory and regulatory permits, licenses and approvals to operate the business. Many of these approvals are granted for fixed periods of time and need renewal from time to time. Our Company is required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all. Further, these permits, licenses and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant permits/licenses/ approvals. Further pursuant to change of name of the Company upon conversion from Private Limited to Public Limited, we further need to get our licenses updated. Also, we have applied for approvals which are necessary for furtherance of our objects. Failure by our Company to renew, alter, maintain or obtain the required permits, licenses or approvals, or cancellation, suspension or revocation of any of the permits, licenses or approvals which may result in the interruption of our Company's operations and may have a material adverse effect on the business.

Further the one of the rent agreements for our warehouse is not registered with the Registrar which is not in consonance with the provisions of the Transfer of Property Act. Although we the same is not going to adversely affect the business of the Company, in the event of any dispute with the land lord, we may not be able to maintain our claim if any against the lessor in the court of law and the same may adversely affect our cash flow or right to use the property as per the agreement.

For further details, please see chapters titled “Key Industry Regulations and Policies” and “Government and Other Statutory Approvals” beginning on page 144 and 199 of this Draft Prospectus.

19. There are certain discrepancies and non-compliances noticed in some of our financial reporting and/or records relating to filing of returns and deposit of statutory dues with the taxation and other statutory authorities.

In the past, our company has at several instances, delayed in filing our GST returns, EPF returns and deposit of statutory dues, as a result of which, we have been required to pay the late filing fees along with interest on delayed deposit of due taxes and statutory dues. Although the late filing fees levied are small but if we continue this practice, the accumulated amounts of each delay may adversely affect our cash flows. Further no-show cause notice has been issued against our Company till date, in respect of above. In the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and our directors, in which event the financials of our Company and our directors may be affected.

For further details of certain material legal proceedings involving our Company, our Promoter, our directors, see “Financial Information” beginning on page 176 of this Draft Prospectus.

20. Our Company had negative cash flows in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.

As per our Restated Financial Statements, our cash flows from operating, investing and financing activities are as set out below:

(₹ in Lakhs)

Particulars	For the Financial Year ended on		
	2023	2022	2021
Net Cash Generated/(Used) from Operating Activities	36.68	309.10	(507.39)
Net Cash Generated/(Used) from Investing Activities	53.33	(7.47)	(0.82)
Net Cash Generated/(Used) from Financing Activities	(101.19)	(385.63)	294.04

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources.

If our Company is not able to generate sufficient cash flows, it may adversely affect our business and financial operations. For details, please see chapter titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 182 of this Draft Prospectus.

21. Our Promoter and Directors have provided personal guarantees for loan facilities obtained by our Company, and any failure or default by our Company to repay such loans in accordance with the terms and conditions of the financing documents could trigger repayment obligations on them, which may impact their ability to effectively service their obligations as our Promoter/Directors and thereby, impact our business and operations.

Our Promoter, Chairman and Managing Director, Mr. Sumit Sugnomal Kukreja and Whole-time Director, Mr. Sugnomal Mangandas Kukreja have extended personally guarantee towards loan facilities taken by our Company. Any default or failure by us to repay the loans in a timely manner, or at all could trigger repayment obligations of our guarantors in respect of such loans, which in turn, could have an impact on their ability to effectively service their obligations as Promoter/Directors of our Company, thereby having an effect on our business, results of operation and financial condition. Furthermore, in the event that these individuals withdraw or terminate their guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. We may not be successful in procuring guarantees satisfactory to the lenders, and as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details, please refer the chapter titled “*Financial Indebtedness*” beginning on page 179 of this Draft Prospectus.

22. *Our Company has availed unsecured loans from non-banking financial companies(“NBFC”), our directors and directors’ relatives, which may be recalled on demand.*

For Fiscals 2023, 2022 and 2021, we have outstanding unsecured loan amounting to ₹ 889.91 Lakhs, ₹ 766.60 Lakhs and ₹ 1,109.24 Lakhs, respectively as unsecured loans from non-banking financial companies, our directors and directors’ relatives, which are repayable on demand to the relevant lenders. These loans may not be repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. In such cases, we may be required to repay the entirety of the unsecured loans together with accrued interest. We may not be able to generate sufficient funds at short notice to be able to repay such loans and may resort to refinancing such loans at a higher rate of interest and on terms not favourable to it. Failure to repay unsecured loans in a timely manner may have a material adverse effect on our business, results of operation financial condition and cash flow. For further details of our unsecured loans, please refer the chapter titled “*Financial Indebtedness*” beginning on page 179 of this Draft Prospectus.

23. *Pricing pressure from customers may adversely affect our gross margin, profitability and ability to increase our prices.*

Our customers often pursue price reduction initiatives and objectives with their suppliers including us. Adopting cost cutting measures while maintaining stringent quality standards may lead to a decrease in our margins, which may have a material adverse effect on our business, financial condition, results of operations and future prospects. Our business is capital intensive, requiring us to maintain a substantial fixed asset base. Therefore, our profitability is dependent, in part, on our ability to spread fixed production costs over higher production volume. Our customers typically negotiate for larger discounts in price as the volume of their orders increases. If we are unable to efficiently undertake manufacturing and generate sufficient cost savings in the future to offset price reductions or if there is any reduction in consumer demand for consumer goods, our sales, gross margin and profitability may reduce, which may have a material adverse effect on our business, financial condition, results of operations and future prospects.

24. *We intend to utilise a portion of the Net Proceeds for funding our capital expenditure requirements. We are yet to place orders for 100% of the (i) Solar Power System and (ii) 1 + 12 Rigid Stranding Machine at our existing manufacturing facility for our proposed object, as specified in the Objects of the Offer chapter. Any delay in placing orders or procurement of such plant and machineries may delay the schedule of implementation and may also lead to increase in price of these plant & machineries, further affecting our revenue and profitability.*

We propose to utilize ₹ 186.54 Lakhs of our Net Proceeds towards purchase of machineries required for capacity expansion. For further information, see “*Objects of the Offer*” on page 81 of this Draft Prospectus. Orders worth ₹ 186.54 Lakhs, which constitutes 100% of the (i) Solar Power System and (ii) 1 + 12 Rigid Stranding Machine in relation to the purchase of machineries required for capacity expansion are yet to be placed. It is clarified that the Company proposes to utilise ₹ 186.54 Lakhs from the Net proceeds. GST and additional costs including freight, installation and commissioning costs, transportation costs, packaging and forwarding costs, insurance, customs, duties and other government levies, as applicable will be paid by the Company out of internal accruals. We have not entered into any definitive agreements to utilize the Net Proceeds for this object of the Offer and have relied on the quotations received from third parties for estimation of the cost. While we have obtained the quotations from various vendors in relation to such capital expenditure, most of these quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors. We cannot assure you that we will be able to undertake such capital expenditure within the cost indicated by such quotations or that there will not be cost escalations. Delay in procurement of the same can cause time and cost overrun in the implementation of our proposed expansion and can also compel us to buy such machineries at a higher price, thus causing the budgeted cost to vary. As a result, our business, financial condition, results of operations and prospects could be materially and adversely affected.

25. *We have significant power and fuel requirements and any disruption to power sources could increase our production costs and adversely affect our results of operations and cash flows.*

We require substantial power and fuel for our manufacturing facilities represent a portion of the production costs for our operations. For Fiscals 2023, 2022 and 2021, our power and fuel expenses were ₹ 68.46 Lakhs, ₹ 65.98 Lakhs and ₹ 66.63 Lakhs, constituting 1.54 %, 1.45 % and 1.87 %, respectively, of our total Cost of Material Consumed. If power and fuel costs were to rise, or if electricity supplies or supply arrangements were disrupted, our profitability could decline. Power and fuel prices can be affected by numerous factors beyond our control, including global and regional supply and demand, carbon taxes, inflation, political and economic conditions, and applicable regulatory regime.

We source most of our electricity requirements for our manufacturing facilities from local power suppliers or state electricity boards. If our electricity suppliers increase the price for electricity, our cost of production and profitability would be materially adversely affected. Further, natural disasters or adverse conditions may occur in the geographical areas in which we operate including severe weather, tropical storms, floods, excessive rainfalls as well as other events beyond our control. If for any reason electricity is not available, we may need to shut down our plant until an adequate supply of electricity is restored. Interruptions of electricity supply can also result in production shutdowns, increased costs associated with restarting production and the loss of production in progress. However, our Company have suitable power back-up to meet power failure exigencies such as diesel generator sets. We also intend to install solar power plant at our existing manufacturing facility to further decrease our power and fuel cost and dependence on state electric supply. We plan to fund Capital Expenditure towards installation of solar power plant from the Net Proceeds of the Offer. For details, also see “*Objects of the Offer*” on page 81 of this Draft Prospectus.

26. *We regularly work with activities in our operation which can be dangerous and could cause injuries to people or property.*

Our business requires individuals to work under dangerous circumstances. For example, moving machineries can seriously hurt or even kill employees or other persons, and cause damage to our properties and the properties of others. Despite compliance with requisite safety requirements and standards, our operations are subject to significant hazards, including explosions, fires, mechanical failures and other operational problems, discharges or releases of hazardous substances, chemicals or gases and other environmental risks.

These hazards can cause personal injury and loss of life or destruction of property and equipment as well as environmental damage. In addition, the loss or shutting down of our facilities resulting from any accident in our operations could disrupt our business operations and adversely affect our results of operations, financial condition and reputation. We could also face claims and litigation filed on behalf of persons alleging injury predominantly due to occupational exposure to hazards at our facilities. If these claims and lawsuits, individually or in the aggregate, are resolved against us, our business, financial condition, results of operations and cash flows could be adversely affected.

27. *We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Offer. Further we have not identified any alternate source of financing the Objects of the Offer. Any shortfall in raising / meeting the same could adversely affect our growth plans, business operations and financial condition.*

As on date of this Draft Prospectus, we have not made any alternate arrangements for meeting our capital requirements for some of the objects of the offer. We meet our capital requirements through, owned funds, debt and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this offer or any shortfall in the net offer proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled “*Objects of the Offer*” beginning on page 81 of this Draft Prospectus.

28. *If we fail to keep our technical knowledge and process know-how confidential, we may suffer a loss of our competitive advantage.*

We possess extensive technical knowledge about our products and such technical knowledge has been developed through our own experiences. Our technical knowledge is an independent asset of ours, which may not be adequately protected by intellectual property rights such as patent registration or design registration. Some of our technical knowledge is protected only by secrecy. As a result, we cannot be certain that our technical knowledge will remain confidential in the long run.

Certain proprietary knowledge may be leaked (either inadvertently or wilfully), at various stages of the manufacturing process. A significant number of our employees have access to confidential design and product information and there can be no assurance that this information will remain confidential. Moreover, certain of our employees may leave us and join our various competitors. Although we may seek to enforce non-disclosure agreements in respect of research and

development, we cannot guarantee that we will be able to successfully enforce such agreements. We also enter into non-disclosure agreements with some of our customers and suppliers but we cannot assure you that such agreements will be successful in protecting our technical knowledge. The potential damage from such disclosure is increased as many of our designs and products are not patented, and thus we may have no recourse against copies of our products and designs that enter the market subsequent to such leakages. In the event that the confidential technical information in respect of our products or business becomes available to third parties or to the general public, any competitive advantage we may have over other companies in the electronics manufacturing sector could be compromised. If a competitor is able to reproduce or otherwise capitalise on our technology, it may be difficult, expensive or impossible for us to obtain necessary legal protection. Consequently, any leakage of confidential technical information could have an adverse effect on our business, results of operations, financial condition and future prospects.

29. *Certain corporate records and regulatory filings of our Company are not traceable.*

Certain corporate records and regulatory filings, including those in relation to issue and allotment of Equity Shares by our Company prior to 2006 are not traceable. While we believe that these filings were duly made, we have not been able to trace copies of the same. Copies of such relevant documents, including from the relevant regulatory or statutory authorities in India, wherever applicable, are not available. We have placed reliance on other documents, including our annual returns, audited financial statements, minutes of the meetings of our Board of Directors and Shareholders and Capital Built-up certificate certified by our Statutory Auditors, for corroborating the share capital history of our Company for such period. We cannot assure you that these corporate records and regulatory filings will be available in the future or that we will not be subject to any penalties imposed by the relevant regulatory authority in this respect

30. *There have been instances of delays/ non-filing/ non-compliance in the past with certain statutory authorities with certain provision of statutory regulations applicable to us. If the authorities impose monetary penalties on us or take certain punitive actions against our Company in relation to the same, our business, financial condition and results of operations could be adversely affected.*

In the past, there have been some instances of delays/ non-filing/ non-compliance with certain statutory authorities with certain provision of statutory regulations applicable to us such as:

- Delay in filling of Annual Return for the FY 2004-05, 2005-06, 2007-08, 2008-09, 2011-12, 2012-13, 2013-14, 2016-17, 2017-18, 2018-19, 2019-20 and 2020-21
- Delay in filling of Financial Statements for the FY 2005-06, 2006-07, 2007-08, 2008-09, 2009-10, 2010-11, 2011-12, 2012-13, 2013-14, 2014-15, 2015-16, 2016-17, 2017-18, 2018-19, 2019-20 and 2020-21, further in AOC-4 of FY 2020-2021, our Company has missed to attach Auditor's Report, Director's Report & notes to financial statement.
- Delay in filling of Compliance Certificate i.e., Form 66 for the FY 2005-06, 2006-07, 2007-08, 2008-09, 2009-10, 2012-13 and 2013-14.
- Delay in filling of Form 32 for the appointment of Late Manish Sugnomal Kukreja as director of company on October 01, 2007 & the form is filed without any attachments; appointment of Mr. Dolan Kukreja as additional director on June 12, 2009, redesignation of Mr. Dolan Kukreja as Executive Director on September 30, 2009 & the form is filed without any attachments.
- Delay in filling of Form DIR-12 for redesignation of Mr. Sumit Sugnomal Kukreja as Executive Director on September 29, 2014.
- Delay in filling of Form 23B for appointment of M/s M. K. Panjabi and Company as Statutory Auditor for FY 2007-08, for the FY 2008-09, for the FY 2010-11, for the FY 2011-12, for the FY 2012-13, appointment of M/s Rajesh Mishra & Co. as Statutory Auditor for FY 2013-14.
- Delay in filling of Form ADT-3 for resignation of Mr. Rajesh Mishra and Company as Statutory Auditor on June 05, 2017.
- Delay in filling of Form ADT-1 for appointment of Mr. S M Sharma and Company as Statutory Auditor on September 30, 2017 and for appointment of M/s M. K. Panjabi and Company as Statutory Auditor on November 30, 2021.
- Delay in filling of Form 5 and Form 23 for increase in authorized share capital of company from 90 Lakhs to 190 Lakhs on June 17, 2006.
- Delay in filling of Form 2 i.e., Return of Allotment for further allotment of 93,000 equity shares on June 17, 2006.
- Delay in filling of Form PAS-3 i.e., Return of Allotment for further allotment of 20,000 Shares on August 20, 2014
- Delay in filling of Form SH-7 and Form MGT-14 for increase in authorized share capital of our company from 190 Lakhs to 300 Lakhs on January 30, 2015, MGT-14 for approval of right issue on February 07, 2015, MGT-14 for approval of financial statement in Board Meeting dated September 05, 2014

- Delay in filling of Form DPT-3 for the FY 2018-19, 2019-20 and 2020-21
- Delay in filling of Form 8 for modification of charge having charge ID No. 80008625 agreement dated August 08, 2007 and the same was modified on June 12, 2013, further modified on October 16, 2014, was further modified on June 23, 2017, further modified on September 19, 2020, charge ID No. 80026560 modified on October 05, 2007.

While no legal proceedings or regulatory action has been initiated against our Company in relation to such non-compliance or instances of non-filings or incorrect filings or delays in filing statutory forms with the RoC as of the date of this Draft Prospectus, we cannot assure you that such legal proceedings or regulatory actions will not be initiated against our Company in future and we cannot assure you that we will not be subject to penalties imposed by concerned regulatory authorities in this respect. Therefore, if the authorities impose monetary penalties on us or take certain punitive actions against our Company in relation to the same, our business, financial condition and results of operations could be adversely affected. Further, we have filed form INC - 24 on 10/05/2023 having SRN AA2401185 for name change of our Company from “*Marco Cables Private Limited*” to “*Marco Cables & Conductors Private Limited*” and the same was approved on 22/05/2023 but did not receive a new certificate of Incorporation (COI) after name change of Marco Cables & Conductors Private Limited having CIN: U27320MH1989PTC051376 from MCA. We have also raised ticket on MCA website for the same as details mentioned below, Ticket No. FO_20230710982782 vide Email id - dksoffice001@gmail.com .

31. *Our insurance coverage may not adequately protect us against all material hazards.*

Our operations are subject to various risks and hazards inherent in the manufacturing business, including breakdowns, failure or substandard performance of equipment, third party liability claims, labour disturbances, employee fraud and infrastructure failure, as well as fire, theft, robbery, earthquake, flood, acts of terrorism and other force majeure events. We have obtained insurance policies in relation to plant and machinery, burglary, stocks and finished goods. There are possible losses, which we may not have insured against or covered or wherein the insurance cover in relation to the same may not be adequate. If we were to incur a serious uninsured loss or a loss that significantly exceeds the limits of our insurance policies, it could have a material adverse effect on our business, financial condition, results of operations and cash flows. For details, see “*Our Business – Insurance*” on page 118 of this Draft Prospectus.

Our policies are subject to standard limitations that apply to the length of the interruption covered and the maximum amount that can be claimed. Therefore, insurance might not necessarily cover all losses incurred by us and we cannot provide any assurance that we will not incur losses or suffer claims beyond the limits of, or outside the relevant coverage of, insurance policies. We cannot assure you that the operation of our business will not be affected by any of the risks and hazards listed above. In addition, our insurance may not provide adequate coverage in certain circumstances including losses arising due to third-party claims that are either not covered by insurance or the values of which exceed insurance limits, economic or consequential damages that are outside the scope of insurance coverage and claims that are excluded from coverage. If our arrangements for insurance are not adequate to cover claims, we may be required to make substantial payments and our results of operations, financial condition and cash flows may therefore be adversely affected.

We may not have identified every risk, and further may not be insured against every risk, including operational risks that may occur, and the occurrence of an event that causes losses more than the limits specified in our policies, or losses arising from events or risks not covered by insurance policies or due to the same being inadequate. Any of the above could materially harm our financial condition and future results of operations and cash flows. There can be no assurance that any claims filed will be honoured fully or in a timely fashion under our insurance policies. In addition, we may not be able to renew certain of our insurance policies upon their expiration, either on commercially acceptable terms or at all.

32. *Information relating to historical installed capacity of our manufacturing facility included in this Draft Prospectus is based on various assumptions and estimates and our future production and capacity utilization may vary. Under-utilization of our manufacturing capacity and an inability to effectively utilize our manufacturing facilities may have an adverse effect on our business and future financial performance.*

Information relating to our historical installed capacity of our manufacturing facilities included in this Draft Prospectus is based on various assumptions and estimates of our management and independent chartered engineer, namely, *M/s Mudkanna J.C., Chartered Engineer*, including proposed operations, assumptions relating to availability and quality of raw materials, potential utilization levels and operational efficiencies. For further information regarding our manufacturing facility, including our historical installed capacity, see “*Our Business – Capacity and Capacity Utilization*” on pages 118 of this Draft Prospectus. Actual and future manufacturing volumes and capacity utilization rates may differ significantly from the estimated production capacities of our manufacturing facility. Undue reliance should therefore not be placed on the information relating to our installed capacities or historical capacity utilization of our manufacturing facility included in this Draft Prospectus.

Further, there is no guarantee that our future production or capacity utilization levels will match or exceed our historical levels. Under-utilization of our manufacturing capacities over extended periods, or significant under-utilization in the short term could increase our cost of production and our operating costs and adversely impact our business, growth prospects and future financial performance. Our expected return on capital invested is subject to, among other factors, the ability to ensure satisfactory performance of personnel to further grow our business, our ability to absorb additional infrastructure costs and utilize the expanded capacities as anticipated. In case of oversupply in the industry or lack of demand, we may not be able to utilize our capacity efficiently.

33. *Our financing agreements contain covenants that limit our flexibility in operating our business. If we are not in compliance with certain of these covenants and are unable to obtain waivers from the respective lenders, our lenders may accelerate the repayment schedules, and enforce their respective security interests, leading to a material adverse effect on our business and financial condition.*

As at March 31, 2023, our total borrowings, were ₹ 3,757.73 Lakhs. A portion of these borrowings is secured by mortgage of immovable properties of our Company, hypothecation of current assets (both present and future), plant and machineries and movable assets, personal guarantees given by our Promoter and Directors and immovable property of our Promoter and Directors. Our existing financing arrangements contain a number of restrictive covenants that impose significant operating and financial restrictions on us and may limit our ability to, without prior consents from the lenders, engage in acts that may be in our long-term best interest, including restrictions on our ability to, among other matters, make loans and investments, change our capital structure, undertake merger or amalgamation, change our ownership and composition of our board of directors, issue further Equity Shares, make certain payments (including payment of dividends, redemption of shares and prepayment of indebtedness), alter the business we conduct, carry out modifications, amendments or alterations to the constitutional documents of the Company, enter into borrowing arrangements with any other bank, financial institution, company or otherwise, create any charges, lien or encumbrances over our assets or undertaking or any part thereof in favour of any third party, or sell, assign, mortgage or dispose off any fixed assets charged to a lender or wind-up, liquidate or dissolve affairs or take steps for voluntary winding up or liquidation or dissolution.

If we are not in compliance with certain of these covenants and are unable to obtain waivers from the respective lenders or if any events of default occur, our lenders may accelerate the repayment schedules or terminate our credit facilities.

Further, certain of our subsisting loans may be recalled at any time at the option of the lender. There can be no assurance that the lenders will not recall such borrowings or if we will be able to repay loans advanced to us in a timely manner or at all. Subsequently, if we are unable to pay our debt, affected lenders could also proceed against any collateral granted to them to secure such indebtedness. Further, such covenant defaults could result in cross-defaults in our other debt financing agreements. In the event our lenders accelerate the repayment of our borrowings, there can be no assurance that we will have sufficient assets to repay our indebtedness.

If our future cash flows from operations and other capital resources become insufficient to pay our debt obligations or our contractual obligations, or to fund our other liquidity needs, we may be forced to sell assets or attempt to restructure or refinance our existing indebtedness. Our ability to restructure or refinance our debt will depend on the condition of the capital markets, our financial condition at such time and the terms of our other outstanding debt instruments. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. The terms of existing or future debt instruments may restrict us from adopting some of these alternatives. In addition, any failure to make payments of interest or principal on our outstanding indebtedness on a timely basis would likely result in a reduction of our creditworthiness or credit rating, which could harm our ability to incur additional indebtedness on acceptable terms. Further, we have applied for no objection certificate from our secured creditor for this offer, which we are yet to receive.

34. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage, or accurately report, our financial risks. Despite our internal control systems, we may be exposed to operational risks, including fraud, petty theft and embezzlement, which may adversely affect our reputation, business, financial condition, results of operations and cash flows.*

Effective internal controls are necessary for us to prepare reliable financial reports and effectively avoid fraud. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may deteriorate over time, due to evolving business conditions.

Notwithstanding that the auditors' report issued on the internal financial controls over financial reporting of our Company for Fiscals 2023, 2022 and 2021 did not contain a qualified opinion or disclaimer of opinion, there can be no assurance that deficiencies in our internal controls will not arise in the future, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls. Any inability on our part

to adequately detect, rectify or mitigate any such deficiencies in our internal controls may adversely impact our ability to accurately report, or successfully manage, our financial risks, and to avoid fraud, each of which may have an adverse effect on our business, financial condition, results of operations and cash flows.

Further, given the high volume of transactions we process on a daily basis, notwithstanding the internal controls that we have in place, we may be exposed to the risk of fraud or other misconduct by employees, contractors, or customers. Fraud and other misconduct can be difficult to detect and deter. Certain instances of fraud and misconduct may go unnoticed or may only be discovered and successfully rectified after substantial delays. Even when we discover such instances of fraud or theft and pursue them to the full extent of the law or with our insurance carriers, there can be no assurance that we will recover any of the amounts involved in these cases. In addition, our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of those systems will result in losses that are difficult to detect, which may adversely affect our reputation, business, financial condition, results of operations and cash flows.

35. *Failure or disruption of our information technology systems may adversely affect our business, financial condition, results of operations, cash flows and prospects.*

We have implemented various information technology solutions to cover key areas of our operations including sourcing, planning, manufacturing, supply chain, accounting and data security. However, these systems are potentially vulnerable to damage or interruption from a variety of sources, which could result in a material adverse effect on our operations. A large-scale information technology malfunction could disrupt our business or lead to disclosure of, and unauthorized access to, sensitive Company information. Our ability to keep our business operating depends on the proper and efficient operation and functioning of various information technology systems, which are susceptible to malfunctions and interruptions (including those due to equipment damage, power outages, computer viruses and a range of other hardware, software and network problems). Such malfunction or disruptions could interrupt our business operations and result in economic losses. Any failure of our information technology systems could also cause damage to our reputation which could harm our business. Any of these developments, alone or in combination, could have a material adverse effect on our business, financial condition, results of operations and cash flows.

There is no assurance that we will not experience disruption in our information technology systems in the future and we will be able to remedy such disruption in timely manner, or at all. Any such disruption of our information technology systems could have a material adverse effect on our business, results of operation and financial condition.

Further, unavailability of, or failure to retain, well trained employees capable of constantly servicing our information technology systems may lead to inefficiency or disruption of our information technology systems, thereby adversely affecting our ability to operate efficiently.

Any failure in overhauling or updating our information technology systems in a timely manner could cause our operations to be vulnerable to external attacks and inefficient. Hence, any failure or disruption in the operation of these systems or the loss of data due to such failure or disruption (including due to human error or sabotage) may affect our ability to conduct our normal business operations, which may materially adversely affect our business, financial condition, results of operations, cash flows and prospects. In addition, technological advances from time to time may result in our systems, methods or processing facilities becoming obsolete.

Further, we are dependent on various external vendors for certain elements of our operations and are exposed to the contractual risks and operational risks of these external vendors. Their failure to perform their contractual obligations could materially and adversely affect our business, results of operations and cash flows.

36. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including termination of our contracts, regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees and other professionals, agents and / or technicians may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

37. *Our manufacturing property and warehouse are taken on leasehold basis. If we are unable to renew existing leases or relocate our operations on commercially reasonable terms, there may be a material adverse effect on our business, financial condition and operations. Further, our registered office located in Mumbai is not owned by us. In the event*

we lose such rights, our business, financial condition and results of operations and cash flows could be adversely affected.

Our manufacturing facility and warehouse at Nashik are taken on leasehold basis. For further details, see “*Our Business – Properties*” on page 118 of this Draft Prospectus. If we are unable to renew certain or all of these leases on commercially reasonable terms or at all and we cannot relocate our manufacturing facility in a timely manner, we may suffer a disruption in our operations, and our results of operations, financial condition and cash flows may be materially and adversely affected.

Further, our Registered office situated at Shop No 100, Opp. Bhai Gangaram Market, Main Road, Ulhasnagar Thane 421005, Maharashtra, India is not owned by us and is taken on Leave & License basis from our Director, Mr. Sugnomal Mangandas Kukreja. Further, we cannot assure you that we will be able to continue the above arrangement on commercially acceptable / favourable terms in future. If we are required to vacate the current premises, we would be required to make alternative arrangements for new office and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition

38. Our Company logo “” and “” are not registered with Registrar of Trademark; any infringement of our brand name or failure to get it registered may adversely affect our business. Further, any kind of negative publicity or misuse of our brand name could hamper our brand building efforts and our future growth strategy could be adversely affected.

Our Company has not made an application for registration with the Registrar of Trademark for registration of brand name “” and logo. Further, our Company has made application for registration with the Registrar of Trademark for registration of the logo “” under which we conduct the business and such application has been objected, also we had made application for registration with the Registrar of Trademark for registration of the logo “*HMT wires & cables (LABEL)*” and such application has been opposed. If we are unable to register the intellectual property in the future in our name or any objection on the same may require us to change our logo and hence may loose on the goodwill created so far. Further, the same may involve costly litigations and penal provisions if some legal consequences arise if someone from outside use our name and logo of our Company. We believe that our future growth and competitiveness would depend on our ability to establish and strengthen our brand. We cannot guarantee that we will be able to make a lasting brand image with our clients and other people in the absence of a logo.

Although, we believe that our present systems are adequate to protect our confidential information and intellectual property, there can be no assurance that our intellectual property data, trade secrets or proprietary technology will not be copied, infringed or obtained by third parties. Further, our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. This may lead to litigations and any such litigations could be time consuming and costly and their outcome cannot be guaranteed. Our Company may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property, which may adversely affect our business, financial condition and results of operations.

39. The logo “” has been registered under the name of our company. Any failure to protect our intellectual property could have a material adverse effect on our business. We are, and may also in the future be, subject to intellectual property infringement claims, which may be expensive to defend and may disrupt our business.

As on date of this Draft Prospectus, the logo “” has been registered under Class 9 of the Trade Mark Act, 1999 which is valid up to July 27, 2030. The said trademark belongs to our brand, if Company withdraws it or terminates this arrangement or do not renew it, we will not be able to make use of the said trademark, name or logo in connection with our business and consequently, we may be required to invest significant resources in changing our logo which may adversely affect our reputation and business. We have been conducting our business using our logo and our customers associate our logo with our Company and its operations. Our ability to compete effectively depends in part upon our ability to protect our rights in trademarks and other intellectual property that we have been registered. We seek to protect our logos, brand names and websites’ domain names by relying on trademarks and domain name registrations. However, our efforts to protect our intellectual property may not be adequate. The use of our name and logo is vital to our competitiveness and success and for us to attract and retain our customers and business partners. Further, we cannot assure you that the measures we have taken will be sufficient to prevent any misappropriation or infringement of our intellectual property.

40. *We require working capital for our smooth day-to-day operations of business and any discontinuance or our inability to acquire adequate working capital timely and on favourable terms may have an adverse effect on our operations, profitability and growth prospects.*

Our business demands working capital requirements. In case there are insufficient cash flows to meet our working capital requirement or we are unable to arrange the same from other sources or there are delays in disbursement of arranged funds, or we are unable to procure funds on favourable terms, it may result into our inability to finance our working capital needs on a timely basis which may have an adverse effect on our operations, profitability and growth prospects.

The details of our Company's working capital are derived from Restated Financial Statements are provided in the table below:

(₹. In Lakhs)

Sr. No.	Particulars	Actual	Actual	Actual
		Fiscal 2023	Fiscal 2022	Fiscal 2021
I	Current Assets			
	Inventories	2,707.02	2,498.45	2,565.14
	Trade receivables	2,851.18	2,018.46	1,596.79

III	Total Working Capital Gap (A-B)	4,945.46	4,194.53	3,970.80

We intend to continue growing by expanding our business operations. This may result in increase in the quantum of our current assets. Our inability to maintain sufficient cash flow, credit facility and other sources of fund, in a timely manner, or at all, to meet the requirement of working capital could adversely affect our financial condition and result of our operations. For further details regarding working capital requirement, please refer to the chapter titled "Objects of the Offer" beginning on page 81 of this Draft Prospectus.

41. *We have certain contingent liabilities and commitments, which, if they materialize, may adversely affect our results of operations, financial condition and cash flows.*

Our contingent liabilities and commitments as of March 31, 2023, 2022, 2021 are as follows:

If any such contingent liability or commitment materializes, it could have an adverse effect on our results of operations, financial condition and cash flows.

42. *Our Promoter and Promoter Group will continue to retain a majority shareholding in our Company after the Offer, which will allow them to exercise significant influence over us.*

After the completion of the Offer, our Promoter and Promoter Group is expected to hold [●] % of our outstanding Equity Shares. Further, the involvement of our Promoter in our operations, including through strategy, direction and customer

relationships have been integral to our development and business and the loss of any of our Promoter may have a material adverse effect on our business and prospects.

Accordingly, our Promoter and Promoter Group will continue to exercise significant influence over our business and all matters requiring shareholders' approval, including the composition of our Board of Directors, the adoption of amendments to our constitutional documents, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, investments and capital expenditures. This concentration of ownership may also delay, defer or even prevent a change in control of our Company and may make some transactions more difficult or impossible without the support of our Promoter and Promoter Group. Further, the Promoter's shareholding may limit the ability of a third party to acquire control. The interests of our Promoter and Promoter Group, as our Company's controlling shareholder, could conflict with our Company's interests, your interests or the interests of our other shareholders. There is no assurance that our Promoter and Promoter Group will act to resolve any conflicts of interest in our Company's or your favour.

43. *Our Company has entered into related party transactions in the past and may continue to enter into related party transactions in the future, which may potentially involve conflicts of interest with the equity shareholders.*

Our Company has entered into certain related party transactions with our Promoter, Directors in the past which are in compliance with applicable provisions of Companies Act, 2013 and all other applicable laws. While our Company believes that all such transactions have been conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with unrelated parties. Further, it is likely that we may enter into related party transactions in the future and such transactions may potentially involve conflicts of interest. In terms of the Companies Act, 2013 and SEBI LODR Regulations, we are required to adhere to various compliance requirements such as obtaining prior approvals from our Audit Committee, Board and Shareholders for certain party transactions and our undertakes that such related party transactions shall not be done against the interests of the Company and its shareholders as prescribed in the SEBI LODR Regulations. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations.

44. *In addition to normal remuneration, other benefits and reimbursement of expenses some of our directors (including our Promoter) are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.*

Some of our directors (including our Promoter) are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our directors would always exercise their rights as shareholders to the benefit and best interest of our Company. For further information, see the chapters titled "Our Management" and "Our Promoter and Promoter Group" beginning on page 157 and 170 respectively of this Draft Prospectus and the section titled "Financial Information" beginning on page 176 of this Draft Prospectus.

45. *Industry information included in this Draft Prospectus has been derived from industry reports. There can be no assurance that such third-party statistical, financial and other industry information is either complete or accurate.*

We have relied on the reports of certain independent third party for purposes of inclusion of such information in this Draft Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Prospectus.

46. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends

will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see “*Dividend Policy*” beginning on page 175 of this Draft Prospectus

47. *The determination of the Offer Price is based on various factors and assumptions and the Offer Price of the Equity Shares may not be indicative of the market price of the Equity Shares upon listing on the Stock Exchange.*

The determination of the Price is based on various factors and assumptions, and will be determined by our Company and Selling Shareholder in consultation with the Lead Manager. These will be based on numerous factors, including those described under “*Basis for Offer Price*” on page 90 of this Draft Prospectus, and may not be indicative of the market price of the Equity Shares upon listing on the Stock Exchange. The price of our Equity Shares upon listing on the Stock Exchange will be determined by the market and may be influenced by many factors outside of our control.

48. *Within the parameters as mentioned in the chapter titled “Objects of the Offer” beginning on page 81 of this Draft Prospectus, our Company’s management will have flexibility in applying the proceeds of the Offer. The fund requirement and deployment mentioned in the Objects of the Offer have not been appraised by any bank or financial institution.*

We intend to use the Net Proceeds for the purposes described in the section titled “*Objects of the Offer*” on page 81 of this Draft Prospectus. The Objects of the Offer comprise of purchase of machineries, funding incremental working capital requirements and general corporate purposes. We intend to deploy the Net Proceeds in financial year 2023-24 and such deployment is based on certain assumptions and strategy which our Company believes to implement in future. The funds raised from the Offer may remain idle on account of change in assumptions, market conditions, strategy of our Company, etc., For further details on the use of the Net Proceeds, please refer chapter titled “*Objects of the Offer*” beginning on page 81 of this Draft Prospectus.

The deployment of funds for the purposes described above is at the discretion of our Company’s Board of Directors. The fund requirement and deployment are based on internal management estimates, on current conditions and are subject to changes in external circumstances or costs, or in other financial condition, business or strategy and has not been appraised by any bank or financial institution. Based on the competitive nature of our industry, we may have to revise our business plan and/ or management estimates from time to time and consequently our funding requirements may also change. Such internal estimates may differ from the value that would have been determined by third party appraisals, which may require us to reschedule or reallocate our expenditure, subject to applicable laws. In case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements, and may have an adverse impact on our business, results of operations, financial condition and cash flows. Accordingly, investors in the Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds. Accordingly, within the parameters as mentioned in the chapter titled “*Objects of the Offer*” beginning on page 81 of this Draft Prospectus, the Management will have significant flexibility in applying the proceeds received by our Company from the Offer. Our Board of Directors will monitor the proceeds of this Offer. However, Audit Committee will monitor the utilization of the proceeds of this Offer and prepare the statement for utilization of the proceeds of this Offer. However, in accordance with Section 27 of the Companies Act, 2013, and relevant provisions of SEBI ICDR Regulations, 2018, a company shall not vary the objects of the Offer without our Company being authorised to do so by our shareholders by way of special resolution and other compliances in this regard. Our Promoter and controlling shareholders shall provide exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard. Additionally, the requirement of our Promoter and controlling shareholders to provide an exit opportunity to such dissenting shareholders may deter the Promoter and controlling shareholders’ from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoter and controlling shareholders of our Company will have adequate resources at its disposal at all times to enable it to provide an exit opportunity at the price prescribed by SEBI. Our Company, in accordance with the applicable law and to attain the objects set out above, will have the flexibility to deploy the Net Proceeds. Pending utilisation of the Net Proceeds for the purposes described above, our Company may temporarily deposit the Net Proceeds within one or more scheduled commercial banks included in the Second Schedule of Reserve Bank of India Act, 1934 as may be approved by our Board. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds without obtaining the shareholders’ approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds,

we may not be able to obtain the shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders' approval may adversely affect our business or operations.

49. *The average cost of acquisition of Equity Shares by our Promoter and the selling shareholder could be lower than the Offer price determined in consultation with Lead Manager in accordance with the SEBI ICDR Regulations.*

Our Promoter's and the selling shareholder's average cost of acquisition of Equity Shares in our Company may be lower than the Price as may be decided by the Company and the selling shareholder in consultation with the LM. For further details regarding average cost of acquisition of Equity Shares by our Promoter in our Company and the selling shareholder and build-up of Equity Shares by our Promoter in our Company, please refer chapter title "*Capital Structure*" beginning on page 64 of this Draft Prospectus.

50. *Significant differences exist between Indian GAAP and other accounting principles, such as US GAAP and IFRS, which may be material to investors assessments of Our Company's financial condition. Our failure to successfully adopt IFRS may have an adverse effect on the price of our Equity Shares. The proposed adoption of IFRS could result in our financial condition and results of operations appearing materially different than under Indian GAAP.*

Our restated financial statements, including the financial statements provided in this Draft Prospectus, are prepared in accordance with Indian GAAP. We have not attempted to quantify the impact of IFRS or U.S. GAAP on the financial data included in this Draft Prospectus, nor do we provide a reconciliation of our financial statements to those of U.S. GAAP or IFRS. U.S. GAAP and IFRS differ in significant respects from Indian GAAP. For details, refer chapter titled "*Presentation of Financial Industry and Market Data*" beginning on Page 14 of this Draft Prospectus.

Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Prospectus should accordingly be limited. India has decided to adopt the "Convergence of its existing standards with IFRS" and not the "International Financial Reporting Standards" ("IFRS"), which was announced by the MCA, through the press note dated January 22, 2010. These "IFRS based / synchronized Accounting Standards" are referred to in India as IND (AS). Public companies in India, including our Company, may be required to prepare annual and interim financial statements under IND (AS). The MCA, through a press release dated February 25, 2011, announced that it will implement the converged accounting standards in a phased manner after various issues, including tax related issues, are resolved. Further, MCA Notification dated February 16, 2015, has provided an exemption to the Companies proposing to list their shares on the SME Exchange as per Chapter IX of the SEBI ICDR Regulations and hence the adoption of IND (AS) by a SME exchange listed Company is voluntary. Accordingly, we have made no attempt to quantify or identify the impact of the differences between Indian GAAP and IFRS or to quantify the impact of the difference between Indian GAAP and IFRS as applied to its financial statements. There can be no assurance that the adoption of IND-AS will not affect our reported results of operations or financial condition. Any failure to successfully adopt IND-AS may have an adverse effect on the trading price of our Equity Shares. Currently, it is not possible to quantify whether our financial results will vary significantly due to the convergence to IND (AS), given that the accounting principles laid down in the IND (AS) are to be applied to transactions and balances carried in books of accounts as on the date of the applicability of the converged standards, i.e., IND (AS) and for future periods.

Moreover, if we volunteer for transition to IND (AS) reporting, the same may be hampered by increasing competition and increased costs for the relatively small number of IND (AS)-experienced accounting personnel available as more Indian companies begin to prepare IND (AS) financial statements. Any of these factors relating to the use of converged Indian Accounting Standards may adversely affect our financial condition.

EXTERNAL RISKS

51. *An investment in the Equity Shares is subject to general risk related to investments in Indian Companies.*

Our Company is incorporated in India and all of our assets and employees are located in India. Consequently, our business, results of operations, financial condition and the market price of the Equity Shares will be affected by changes in interest rates in India, policies of the Government of India, including taxation policies along with policies relating to industry, political, social and economic developments affecting India.

52. *We have offered Equity Shares during the last one year at a price below the Offer Price.*

Our Company had allotted Bonus shares of 1,28,78,400 equity shares on April 19, 2023 in the ratio 4:1 in the last 12 months which may be at lower than the Offer Price. The Equity Shares allotted to shareholders pursuant to this Offer may be priced

significantly higher due to various reasons including better performance by the Company, better economic conditions and passage of time. For further details, see “*Capital Structure*” on page 64 of this Draft Prospectus. The prices at which Equity Shares have been issued by us in last one year should not be taken to be indicative of the Offer Price and the trading price of our Equity Shares after listing.

- 53. *The Equity Shares have never been publicly traded, and, after the Offer, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Offer Price, or at all.***

Prior to the Offer, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Offer. Listing and quotation do not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Offer Price of the Equity Shares is proposed to be determined in consultation with Lead Manager in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

- 54. *Our Company will not receive any proceeds from the Offer for Sale.***

The Offer includes an Offer for Sale of up to 27,60,000 Equity Shares, in the aggregate, by the Selling Shareholder. Our Company will not receive any proceeds of the Offer for Sale by the Selling Shareholder. However, in the event that the Offer is withdrawn or not completed for any reason whatsoever, all the Offer related expenses will be exclusively borne by our Company. The expenses of the Selling Shareholder will, at the outset, be borne by our Company and the Selling Shareholder will reimburse our Company for such expenses incurred by our Company on behalf of the Selling Shareholder, in relation to the Offer, upon successful completion of the Offer in the manner as prescribed under applicable law and agreed amongst the Company and the Selling Shareholder. For further information, please see “*Objects of the Offer*” on page 81 of this Draft Prospectus.

- 55. *There is no guarantee that the Equity Shares issued pursuant to the Offer will be listed on the NSE Emerge Platform in a timely manner or at all.***

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the offering of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the NSE Emerge. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

- 56. *Any future issuance of Equity Shares may dilute your shareholding and sale of our Equity Shares by our Promoter or other shareholders may adversely affect the trading price of the Equity Shares.***

Any future equity issuances by us, including in a primary offering, may lead to the dilution of investors’ shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoter or other major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of our Equity Shares.

- 57. *There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder’s ability to sell for the price at which it can sell, equity shares at a particular point in time.***

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time, and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

- 58. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.***

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax (“STT”) is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹100,000, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source.

The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Historically, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the equity shares.

Further, we cannot predict whether any tax laws or other regulations impacting it will be enacted, or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have a material adverse effect on our business, financial condition, results of operations and cash flows. The Government of India had announced the union budget for financial year 2024 and the Finance Act, 2023 received assent from the President of India on March 31, 2023. There is no certainty on the impact that the Finance Act, 2023 may have on our business and operations or in the industry we operate in.

59. *The price of our Equity Shares may be volatile, or an active trading market for our Equity Shares may not develop.*

Prior to this Issue, there has been no public market for our Equity Shares. Our Company and the Lead Manager have appointed Market Maker for the equity shares of our Company. However, the trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India’s fiscal regime, volatility in the Indian and global securities market, performance of our competitors, the Indian Capital Markets and Finance industry, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnership, joint ventures, or capital commitments.

60. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the exchange control regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain restrictions) if they comply with the pricing guidelines and reporting requirements specified by the Reserve Bank of India. If the transfer of shares is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then the approval of the Reserve Bank of India will be required for such transaction to be valid.

Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as Department of Industrial Policy and Promotion) and the Foreign Exchange Management (Non-debt Instruments)

Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares a land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government of India, as prescribed in the Consolidated FDI Policy and the FEMA Rules. These investment restrictions shall also apply to subscribers of offshore derivative instruments. Neither the Consolidated FDI Policy nor the FEMA Rules provide a definition of the term “beneficial owner”. The interpretation of “beneficial owner” and enforcement of this regulatory change may differ in practice, which may have an adverse effect on our ability to raise foreign capital. We cannot assure you that any required approval from the Reserve Bank of India or any other governmental agency can be obtained on any particular terms or at all.

61. *Natural calamities could have a negative impact on the Indian economy and cause our Company’s business to suffer.*

India has experienced natural calamities such as earthquakes, tsunamis, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

62. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India’s economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company’s business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

63. *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate and tax laws, may adversely affect our business, prospects and results of operations.*

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business. In such instances, and including the instances mentioned below, our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Any political instability in India, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

Additionally, the Government of India has introduced (a) the Code on Wages, 2019; (b) the Code on Social Security, 2020; (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 which consolidate, subsume and replace numerous existing central labour legislations. While the rules for implementation under these codes have not been notified, the implementation of such laws could increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance.

The application of various Indian tax laws, rules and regulations to our business, currently or in the future, is subject to interpretation by the applicable taxation authorities. For instance, companies can voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which reduces the rate of income tax payable to 22% subject to compliance with conditions prescribed, from the erstwhile 25% or 30% depending upon the total turnover or gross receipt in the relevant period. Any such future amendments may affect our other benefits such as exemption for income earned by way of dividend from investments in other domestic companies and units of mutual funds, exemption for interest received in respect of tax-free bonds, and long-term capital gains on equity shares if withdrawn by the statute in the future, and the same may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability.

Further, the GoI has announced the union budget for Fiscal 2024, pursuant to which the Finance Bill, 2023 (“Finance Bill”), has introduced various amendments. The Finance Bill has received assent from the President of India on March 31, 2023, and has been enacted as the Finance Act, 2023. We cannot predict whether any amendments made pursuant to the Finance Act, 2023 would have an adverse effect on our business, financial condition and results of operations. Furthermore, changes

in capital gains tax or tax on capital market transactions or the sale of shares could affect investor returns. As a result, any such changes or interpretations could have an adverse effect on our business and financial performance.

There can be no assurance that the GoI will not implement new regulations and policies requiring us to obtain approvals and licenses from the GoI or other regulatory bodies, or impose onerous requirements and conditions on our operations. Any such changes and the related uncertainties with respect to the applicability, interpretation and implementation of any amendment or change to governing laws, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent in the jurisdictions in which we operate may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. It may also have a material adverse effect on our business, financial condition, cash flows and results of operations. In addition, we may have to incur expenditures to comply with the requirements of any new regulations, which could materially harm our results of operations or cash flows. Any unfavourable changes to the laws and regulations applicable to us could also subject us to additional liabilities.

We are unable to determine the impact of any changes in or interpretations of existing, or the promulgation of, new, laws, rules and regulations applicable to us and our business. If that was to occur it could result in us, our business, operations or group structure being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

64. *Regulation of greenhouse gas emissions and climate change issues may adversely affect our operations.*

Many governments are moving to enact climate change legislation and treaties at the international, national, state, provincial and local levels. Where legislation already exists, regulations relating to emission levels and energy efficiency are generally becoming more stringent. Some of the costs associated with meeting more stringent regulations can be offset by increased energy efficiency and technological innovation. However, if the current regulatory trend continues, meeting more stringent regulations is anticipated to result in increased costs, and this may have a material adverse impact on our financial condition and results of operations. Further, India and many other nations are signatories to international agreements related to climate change including the 1992 United Nations Framework Convention on Climate Change, which is intended to limit or capture emissions of greenhouse gas, such as carbon dioxide and the 2016 Paris Agreement, which extended the potentially binding set of emissions targets to all nations. Our compliance with any new environmental laws or regulations, particularly relating to greenhouse gas emissions, may require significant capital expenditure or result in the incurrence of fees and other penalties in the event of non-compliance. We cannot guarantee that future legislative, regulatory, international law, industry, trade or other developments will not negatively impact our operations and the demand for the products we sell. If any of the foregoing were to occur, our business, financial condition and results of operations may be adversely affected.

65. *Our business is substantially affected by prevailing economic, political and other conditions political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

We are incorporated in and all our operations are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations and cash flows are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations and cash flows, may include:

- a. any increase in Indian interest rates or inflation;
- b. any exchange rate fluctuations;
- c. any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- d. prevailing income conditions among Indian consumers and Indian corporates;
- e. volatility in, and actual or perceived trends in trading activity on India's principal stock exchanges;
- f. changes in India's tax, trade, fiscal or monetary policies;
- g. political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- h. occurrence of natural or man-made disasters;
- i. prevailing regional or global economic conditions, including in India's principal export markets;
- j. any downgrading of India's debt rating by a domestic or international rating agency;
- k. financial instability in financial markets; and

1. other significant regulatory or economic developments in or affecting India or its manufacturing sector.

On February 24, 2022, Russian military forces invaded Ukraine. Although the length, impact and outcome of the ongoing military conflict in Ukraine is highly unpredictable, this conflict and responses from international communities could lead to significant market and other disruptions, including significant volatility in commodity prices and supply of energy resources, instability in financial markets, supply chain interruptions, political and social instability, changes in consumer or purchaser preferences as well as increase in cyberattacks and espionage.

To date, we have not experienced any material interruptions in our supply chain, manufacturing facility and distribution network in connection with these conflicts. We have no way to predict the progress or outcome of the conflict in Ukraine as the conflict, and any resulting government reactions, are rapidly developing and beyond our control. The extent and duration of the military action, sanctions and resulting market disruptions could be significant and could potentially have a substantial impact on the global economy and our business for an unknown period of time. Any of the abovementioned factors could affect our business, financial condition and results of operations.

In addition, any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, cash flows and financial condition and the price of the Equity Shares.

66. Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

67. Any downgrading of India's sovereign rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing may be available. This could have an adverse effect on our business and future financial performance, our ability to obtain financing for capital expenditures and the trading price of our Equity Shares.

68. The ability of Indian companies to raise foreign capital may be constrained by Indian law

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition

69. Non-Institutional Investors are not permitted to withdraw or lower their applications (in terms of quantity of Equity Shares or the Application Amount) at any stage after submitting an application, and Retail Individual Investors are not permitted to withdraw their Applications after Application/Issue Closing Date.

Pursuant to the SEBI ICDR Regulations, Non-Institutional Investors are required to pay the Application Amount on submission of the Application and are not permitted to withdraw or lower their application (in terms of quantity of Equity Shares or the Application Amount) at any stage after submitting an application. Similarly, Retail Individual Investors can revise or withdraw their applications at any time during the Application/Issue Period and until the Application/Issue Closing Date, but not thereafter. Therefore, Non-Institutional Investors will not be able to withdraw or lower their applications following adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations or otherwise at any stage after the submission of their applications.

DETAILS OF THE MARKET MAKING AGREEMENT

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Lead Manager and the Market Maker (duly registered with NSE to fulfil the obligations of Market Making) dated July 14, 2023 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Offer.

Shreni Shares Limited (*Formerly known as Shreni Shares Private Limited*), registered with NSE Emerge will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by NSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. The spread (difference between the sell and buy quote) shall not be more than 10% or as specified by the Stock Exchange from time to time. Further, the Market Maker shall inform the exchange in advance for each and every black out period when the quotes are not being issued by the Market Maker.
2. The prices quoted by the Market Maker shall be in compliance with the Market Maker Spread requirements and other particulars as specified or as per the requirements of NSE Emerge and SEBI from time to time.
3. The minimum depth of the quote shall be ₹1,00,000. However, the investors with holdings of value less than ₹1,00,000 shall be allowed to issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. Based on the IPO price of ₹ [●]/- per share the minimum lot size is [●] Equity Shares thus minimum depth of the quote shall be [●] until the same, would be revised by NSE.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Equity Shares of market maker in our Company reaches to 25%. Or upper limit (Including the 5% of Equity Shares ought to be allotted under this Offer). Any Equity Shares allotted to Market Maker under this Offer over and above 25% equity shares would not be taken into consideration of computing the threshold of 25%. As soon as the Shares of market maker in our Company reduce to 24%, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the market maker exhausts his inventory through market making process, the concerned stock exchange may intimate the same to SEBI after due verification.
6. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the company will be placed in Special Pre-Open Session (SPOS) and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity shares on the Stock Exchange.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non- controllable reasons would be final.
8. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and NSE Emerge from time to time.
9. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
10. There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
11. The shares of the company will be traded in continuous trading session from the time and day the company gets listed on NSE Emerge Platform and market maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
12. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
13. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
14. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Company, who shall then be responsible to appoint a replacement Market Maker.
15. In case of termination of the abovementioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Company to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI ICDR Regulations. Further the Company reserve the right to appoint other Market Maker(s) either as a replacement of the current Market

Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.

16. **Risk containment measures and monitoring for Market Maker:** NSE Emerge Platform will have all margins which are applicable on the Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
17. **Punitive Action in case of default by Market Maker:** NSE Emerge will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (issuing two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
18. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹250 Crores, the applicable price bands for the first day shall be:
 - In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

19. The following spread will be applicable on the NSE Emerge:

Sr. No.	Market Price Slab (in ₹)	Proposed spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

20. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Market Maker during market making process has been made applicable, based on the offer size and as follows:

Issue Size	Buy quote exemption threshold (Including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (Including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

21. The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI/ NSE from time to time.
22. All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.
23. On the first day of listing, there will be a pre-open session (call auction) and there after trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity Shares on the Stock Exchange.

- We further confirm that our Promoter' Contribution of minimum 20% of the Post Offer Equity does not include any contribution from Alternative Investment Funds or FVCI or Scheduled Commercial Banks or Public Financial Institutions or Insurance Companies registered with Insurance Regulatory and Development Authority of India.

Equity Shares locked-in for one year other than Minimum Promoters' Contribution

Pursuant to Regulation 238(b) and 239 of the SEBI ICDR Regulations, other than the Equity Shares held by our Promoter, which will be locked-in as minimum Promoters' contribution for three years, all pre-offer [●] Equity Shares shall be subject to lock-in for a period of one year from the date of Allotment in this Offer. However, it should be noted that the Offered Shares which will be transferred by the Selling Shareholder pursuant to the Offer for Sale shall not be subject to lock-in.

Inscription or recording of non-transferability

In terms of Regulation 241 of the SEBI ICDR Regulations, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock - in period and in case such equity shares are dematerialized, the Company shall ensure that the lock - in is recorded by the Depository.

Pledge of Locked in Equity Shares

Pursuant to Regulation 242 of the SEBI ICDR Regulations, the locked-in Equity Shares held by our Promoter can be pledged with any scheduled commercial bank or public financial institution or systematically important non-banking finance company or a housing finance company as collateral security for loans granted by them, provided that:

- (a) if the equity shares are locked-in in terms of clause (a) of Regulation 238, the loan has been granted to the company or its subsidiary(ies) for the purpose of financing one or more of the objects of the Offer and pledge of equity shares is one of the terms of sanction of the loan;
- (b) if the specified securities are locked-in in terms of clause (b) of Regulation 238 and the pledge of specified securities is one of the terms of sanction of the loan.

Provided that such lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock-in period stipulated in these regulations has expired.

Transferability of Locked in Equity Shares

- (a) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by our Promoter, which are locked in as per Regulation 238 of the SEBI ICDR Regulations, may be transferred to and amongst our Promoter/ Promoter Group or to a new promoter or persons in control of our Company subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI SAST Regulations as applicable.
 - (b) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by shareholders other than our Promoter, which are locked-in as per Regulation 239 of the SEBI ICDR Regulations, may be transferred to any other person holding shares, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI SAST Regulations as applicable.
21. Neither the Company, nor its Promoter, Directors or the Lead Manager have entered into any buyback and/or standby arrangements for purchase of Equity Shares of the Company from any person.
 22. All Equity Shares offered pursuant to the Offer shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Prospectus. Further, since the entire money in respect of the Offer is being called on application, all the successful Applicants will be offered fully paid-up Equity Shares.
 23. As on the date of this Draft Prospectus, the Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
 24. As on date of this Draft Prospectus, there are no outstanding ESOP's, warrants, options or rights to convert debentures, loans or other instruments convertible into the Equity Shares, nor has the company ever allotted any equity shares pursuant to conversion of ESOPs till date. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.
 25. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under "*Basis of Allotment*" in the chapter titled "*Offer Procedure*" beginning on page 224 of this Draft Prospectus. In case of over-subscription in all categories the allocation in the Offer shall be as per the requirements of Regulation 253 (2) of SEBI ICDR Regulations, as amended from time to time.
 26. An over-subscription to the extent of 10% of the Net Offer can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Offer. Consequently, the actual allotment may go up by a maximum of 10% of the Net Offer, as a result of which, the post Offer paid up capital after the Offer would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to lock-in shall be suitably increased; so as to ensure that 20% of the post Offer paid-up capital is locked in.
 27. Subject to valid applications being received at or above the Offer Price, under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein are based on our current business plan and circumstances, management estimates, prevailing market conditions and other external commercial and technical factors including interest rates and other charges, which are subject to change from time to time. However, such fund requirements and deployment of funds have not been verified or appraised by any bank, financial institution, or any other external agency or party. We may have to revise our funding requirements and deployment schedule on account of a variety of factors such as our financial and market condition, business and strategy, competition, contractual terms and conditions and negotiation with lenders, variation in cost estimates and other external factors such as changes in the business environment and interest or exchange rate fluctuations, which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to compliance with applicable laws. For details in relation to the discretion available to our management in respect of use of the Net Proceeds. For further details on the risks involved in our proposed fund utilization as well as executing our business strategies, please refer the section titled “Risk Factors” on page 25 of this Draft Prospectus.

Our Company proposes to deploy the entire Net Proceeds towards the aforementioned Objects during Fiscal 2024. In the event that the estimated utilization of the Net Proceeds in scheduled fiscal year is not completely met, due to the reasons stated above, the same shall be utilized in the next fiscal year, as may be determined by the Board, in accordance with applicable laws. If the actual utilization towards any of the Objects is lower than the proposed deployment, such balance will be used towards general corporate purposes, to the extent that the total amount to be utilized towards general corporate purposes is within the permissible limits in accordance with the SEBI ICDR Regulations. Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Offer, subject to compliance with applicable laws.

MEANS OF FINANCE

The fund requirements set out for the aforesaid Objects of the Offer are proposed to be met entirely from the Net Proceeds. Accordingly, our Company confirms that there is no requirement to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Offer as required under the SEBI ICDR Regulations.

DETAILS OF THE OBJECTS OF THE OFFER

- Funding of capital expenditure requirements of our Company towards purchase of: (i) Solar Power System and (ii) 1 + 12 Rigid Stranding Machine.***

We currently have one manufacturing facility located at Plot No. A-55-56, STICE, Sinnar, Shirdi Road, Sinnar - 422103, District – Nashik, Maharashtra, India. In the fiscal 2023, 2022 and 2021 our capital expenditures, reflected in our restated financial statements as additions/adjustments to property, plant and equipment were, ₹11.92 Lakhs, ₹7.47 Lakhs and ₹0.82 Lakhs, respectively.

We will continue to expand our operational capabilities and capacity to the extent it assists us in improving quality metrics and overall performance and in reducing our cost of production. Our strategy to expand our business requires us to invest in additional Plant and Machinery. Our Board in its meeting dated August 07,2023 took note that an amount of ₹186.54 Lakhs is proposed to be utilised for purchase of for the purchase of (i) Solar Power System and (ii) 1 + 12 Rigid Stranding Machine for capacity expansion and reduction of our cost of production of our existing facility from the Net Proceeds. Our Company has received quotations from various suppliers for such machineries and is yet to place any orders or enter into definitive agreements for purchase of such machineries. According to our expansion strategy, we believe this will allow us to function effectively and efficiently while meeting our growing company requirements. Our Company intends to utilise ₹186.54 Lakhs from the Net Proceeds to purchase these machineries. The break-down of such estimated costs are set forth below:

(i) Solar Power System

Presently, we fulfill our requirement for power and fuel for our manufacturing facilities from Maharashtra State Electricity Distribution Co. Ltd. Which represent a portion of the production costs for our operations. For Fiscals 2023, 2022 and 2021, our power and fuel expenses were ₹ 68.46 Lakhs, ₹ 65.98 Lakhs and ₹ 66.63 Lakhs, constituting 1.54 %, 1.45 % and 1.87 %, respectively, of our total Cost of Material Consumed and dependence on state electric supply. After installation of solar power system, our power and fuel cost expenses will substantially reduce to a great extent. The estimated cost for the purchase of Solar Power System is set forth below:

Adequate and cost-effective supply of electrical power is critical to our operations, which entails significant consumption of electrical power. Our manufacturing process requires uninterrupted supply of electrical power in order to ensure that we are able to manufacture our products. The shortage or non-availability of electrical power may adversely affect our manufacturing process and have an adverse impact on our results of operations and financial condition. Currently, we source our power requirements from the state electricity board. There can be no assurance that electricity supplied will be sufficient to meet our requirements or that we will be able to procure adequate and interrupted power supply in the future at a reasonable cost. If the supply of electricity is not available for any reason, we will need to rely on alternative sources. However, our Company have suitable power back-up to meet power failure exigencies such as diesel generator sets. Any failure on our part to obtain alternate sources of electricity, in a timely manner, and at an acceptable cost, may have an adverse effect on our business, results of operations, cash flows and financial condition.

(ii) 1 + 12 Rigid Stranding Machine

We are having manufacturing capacity of Aerial Bunched Cables 1,000 km per month. Presently, demand of our Aerial Bunched cables is of size up to 50 sq. mm, which are manufactured on 7 strands skip stranding machines which we are already having. In RDSS Projects, the demand of Aerial Bunched Cables is of 70 sq mm & 95 sq mm, these cables are manufactured in 19 strands as we are already having bulk capacity of 7 strands manufacturing. We intend to purchase another machinery on 12 strands which will streamline our production capacity of Aerial Bunched Cables of 70 and 95 sq mm. The estimated cost for the purchase of 1 + 12 Rigid Stranding Machine is set forth below:

* Excluding GST. GST payable on such machineries will be paid from our internal accruals. Certain quotations are subject to additional costs including freight, installation and commissioning costs, transportation costs, packaging and forwarding costs, insurance, customs, duties and other government levies, as applicable shall be paid out of Internal Accruals.

Notes:

(a) We have considered the above quotations for the budgetary estimate purpose and have not placed orders for them. The actual cost of procurement and actual supplier/dealer may vary.

(b) Quotation received from the vendor mentioned above is valid as on the date of this Draft Prospectus. However, we have not entered into any definitive agreements with any of the vendor and there can be no assurance that the same vendor would be engaged to eventually supply the machineries/equipment or at the same costs.

(c) The machinery/equipment models and quantity to be purchased are based on the present estimates of our management. The Management shall have the flexibility to revise such estimates (including but not limited to change of vendor or any modification/addition/deletion of machineries or equipment) at the time of actual placement of the order. In such case, the Management can utilize the surplus of proceeds, if any, arising at the time of actual placement of the order, to meet the cost of such other machinery, equipment or utilities, as required. Furthermore, if any surplus from the proceeds remains after meeting the total cost of machineries, equipment and utilities for the aforesaid purpose, the same will be used for our general corporate purposes, subject to limit of 25% of the amount raised by our Company through this Offer.

(d) We are not acquiring any second-hand machinery.

(e) The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost.

2. Funding Incremental Working Capital Requirements

Our company offers a diverse range of wire, cables and conductors. Our product portfolio includes LT XLPE Cables, LT PVC Cables, LT Aerial Bunched Cables (ABC), AAAC Conductors and ACSR Conductors. We derive our revenue from domestic sales only. Our revenue from operations were ₹5,676.79 Lakhs, ₹5,641.00 Lakhs and ₹4,239.18 Lakhs for the Fiscals 2023, 2022 and 2021, respectively. Our Company’s working capital gap depends on multiple factors, including but not limited to the size and the timing of orders to be delivered, the size of the order book, customer payment terms, payment

cycles of customers and the requirement of bank guarantees and margin money. We operate on a tender-based business model and are therefore required to furnish various bank guarantees, we have sanctioned limits with the lenders, however it requires our Company to offer margin money in the form of lien-marked fixed deposits to the lenders. As on Draft Prospectus date, we are having orders in hand of ₹17,803.24 Lakhs (excluding GST) from various vendors. For details, please see chapter titled “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” beginning on page 182 of this Draft Prospectus. All these factors may result in increase in the quantum of working capital requirements. The funding of the incremental working capital requirements will lead to a consequent increase in our profitability.

Our business is working capital intensive. We fund the majority of our working capital requirements in the ordinary course of our business from our internal accruals and financing from banks, financial institutions, non-banking financial company, our directors and their relatives. For details of facilities availed by us, see chapter titled “*Financial Indebtedness*” beginning on page 179 of this Draft Prospectus. We propose to utilize up to ₹ 500.00 Lakhs from the Net Proceeds to fund the working capital requirements of our Company in Fiscal Year 2024.

Existing Working Capital Requirement

The details of working capital requirement of our Company for the year ended March 31, 2023, March 31, 2022 and March 31, 2021, and the source of funding, on the basis of Restated Financial Statements of our Company, as certified by our Statutory Auditors through their certificate dated August 07, 2023 are provided in the table below:

*As certified by certificate dated August 07, 2023 issued by our Statutory Auditors.

Assumptions for working capital projections made by our Company:

To cater to the growing demand from our existing customers and to meet requirements of new customers, we intend to expand and upgrade our manufacturing capacities for existing products and for orders which we have in hand.

Due to Revamped Distribution Sector Scheme (RDSS) scheme there is robust demand of Cables. Accordingly, we are already having orders of ₹17,803.24 Lakhs (excluding GST) as on date of this Draft Prospectus.

We intend to increase our production capacity by way of installation of new plant and machineries at our existing manufacturing facility. We believe our investment in this plant and machineries will streamline our production capacity of Aerial Bunched Cables of 70 and 95 sq mm, thus, enabling us to cater to the growing demand from our customers. Due to these factors there will be increase the overall trade receivable and trade payable in FY2023-24

Assumptions for Holding Levels

The following table sets forth the details of the holding period (with days rounded to the nearest) considered for our Company for the years/ periods mentioned below:

Particulars	Actual	Actual	Actual	Projected
	FY 2020-21	FY 2021-22	FY 2022-23	FY 2023-24
Inventory Days	270 days	200 days	220 days	146 days
Trade Receivables Days	124 days	117 days	157 days	117 days
Trade Payables Days	110 days	79 days	97 days	74 days

The above details of holding levels as well as projections has been certified by our Statutory Auditor of our Company, through their certificate dated August 07, 2023.

Justification for "Holding Period" levels derived from our Restated Financial Statements

S. No.	Particulars
Current Assets	
Inventory Days	Inventory days during FY 2021 to FY 2023 was higher because our major sales were from government organizations so for that we need to buy bulk material. Going forward we expect our major sales from private Engineering, procurement, and construction (EPC) contractors so this will reduce our inventory days. Also, our maximum orders are from aerial bunched cables whose manufacturing time is lesser compared to other cables.
Trade Receivables Days	From FY 2021 to FY 2023 our major sales were from government organizations resulting in increased in holding days. However, looking forward we are having maximum orders from EPC contractors and expecting to get faster payment resulting in decrease in holding days.
Current Liabilities	

S. No.	Particulars
Trade Payables Days	Because of infusion of IPO funds and reduction in inventory and trade receivable days we are expecting to make payments to our suppliers in time to increase the overall margin.

As certified by Statutory Auditors of our Company, pursuant to their certificate dated August 07, 2023.

3. General Corporate Purposes

Our Company proposes to deploy the balance Net Proceeds aggregating to ₹ [●] Lakhs towards general corporate purposes, subject to such amount not exceeding 25% of the Gross Proceeds from the Offer, in compliance with the SEBI ICDR Regulations. BASIS FOR OFFER PRICE

The Offer Price will be determined by our Company and Selling Shareholder, in consultation with the LM on the basis of an assessment of market demand for the Equity Shares offered through the fixed price method and on the basis of the qualitative and quantitative factors as described below. The face value of the Equity Shares of our Company is ₹10/- each and the Offer Price is [●] times of the face value.

Investors should read the following basis with the section titled “Risk Factors” and chapters titled “Restated Financial Statements”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Our Business” beginning on page 25, 176, 182 and 118 and respectively, of this Draft Prospectus to get a more informed view before making any investment decisions. The trading price of the Equity Shares of our Company could decline due to these risk factors and you may lose all or part of your investments.

QUALITATIVE FACTORS

Some of the qualitative factors and our strengths which form the basis for the Offer price are:

- Qualifying in BQR of Government tenders;
- Assured Quality and High Standard Service;
- Strong Customer Base;
- Leveraging the experience of our Promoter and Directors;
- Customized Product Development;
- Strong Financial Management; and
- Strong Marketing Practices.

For further details regarding some of the qualitative factors, which form the basis for computing the Offer Price, please see chapter titled “Our Business” beginning on page 118 of this Draft Prospectus.

QUANTITATIVE FACTORS

The information presented in this chapter is derived from Company’s Restated Financial Statements for the financial year ended on March 31 2023, 2022, and 2021 prepared in accordance with Indian GAAP. For more details on financial information, investors please refer the chapter titled “Restated Financial Statements” beginning on page 176 of this Draft Prospectus.

Pursuant to a resolution passed by our Board on September 21, 2022 and a resolution passed by the Shareholders on October 14, 2022, each equity shares of face value of ₹100/- each has been split into 10 Equity Share of face value of ₹10/- each. Accordingly, authorized share capital of our Company was sub-divided from 3,00,000 equity shares of face value of ₹100/- each to 30,00,000 equity shares of face value of ₹10/- each and the issued, subscribed and paid-up capital of our Company was sub-divided from 2,89,410 equity shares of face value of ₹100/- each to 28,94,100 equity shares of face value of ₹10/- each. Notes:

(1) Revenue from operation means revenue from sale of our products

(2) EBITDA is calculated as Profit before tax + Depreciation + Finance Costs

(3) EBITDA Margin is calculated as EBITDA divided by Revenue from Operations

(4) PAT Margin is calculated as PAT for the year divided by revenue from operations

(5) Trade receivable days is calculated as average trade receivables divided by revenue from operations multiplied by 365 for fiscal years

(6) Inventory days is calculated as average inventory divided by Cost of Goods Sold multiplied by 365 for fiscal years. Cost of Goods Sold have been defined as cost of materials consumed plus purchase of stock-in-trade plus changes in inventories of finished goods, stock-in-trade, work-in-progress

(7) Trade payable days is calculated as average trade payables divided by cost of goods sold multiplied by 365 for fiscal years. Cost of Goods Sold have been defined as cost of materials consumed plus purchases of stock-in-trade plus changes in inventories of finished goods, stock-in-trade, work-in-progress

(8) Return on Equity is calculated by comparing the proportion of net income against the amount of average shareholder equity

(9) Return on Capital Employed is calculated as follows: Profit before tax + Finance Costs (EBIT) divided by (Tangible Net Worth + Total Debt + Deferred Tax Liabilities)

(10) Debt to Equity ratio is calculated as Total Debt divided by equity

(11) Working Capital Cycle is defined as trade receivable days plus inventory days less trade payable days

(12) Current Ratio is calculated by dividing Current Assets to Current Liabilities

8. Justification for Basis for Offer price

- a) **The price per share of our Company based on the primary/ new issue of shares (equity / convertible securities), excluding shares issued under ESOP/ESOS and issuance of bonus shares.**

Except as mentioned below, there has been no issuance of Equity Shares (excluding shares issued under ESOP/ESOS and issuance of bonus shares), during the 18 months preceding the date of this Draft Prospectus, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-issue capital before such transaction(s) and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of 30 days.

Date of Allotment	No. of Shares (adjusted bonus)	Equity allotted for	Face Value (₹)	Offer Price (adjusted for bonus) (₹)	Nature of Consideration	Nature of Allotment	Total Consideration (₹ in lakhs)
March 21, 2023	13,02,000		10/-	27.75/-	Cash	Rights Issue	361.305
Weighted average cost of acquisition (WACA) Primary issuances (in ₹ per Equity Share) *							27.75/-

*As certified by Statutory Auditors of our Company, by way of their certificate dated August 07, 2023.

⁽¹⁾ Our Board of Directors pursuant to a resolution dated March 21, 2023 and Shareholders pursuant to an ordinary resolution dated April 17, 2023, have approved the issuance of 1,28,78,400 bonus Equity Shares in the ratio of four Equity Shares for every one existing fully paid-up Equity Share.

- b) **The price per share of our Company based on the secondary sale / acquisition of shares (equity shares).**

There have been no secondary sale / acquisitions of Equity Shares, where the promoter, members of the promoter group, selling shareholder or shareholder(s) having the right to nominate director(s) in the board of directors of the Company are a party to the transaction (excluding gifts), during the 18 months preceding the date of this Draft Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-issue share capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

- c) **Since there is an eligible transaction of our Company reported in (a) above in accordance with paragraph (9)(K)(4)(a) of the SEBI ICDR Regulations and no transaction to report under (b) therefore, the price per Equity Share of our Company based on the last five primary and secondary transactions in equity Shares (secondary transactions where the promoter, promoter group, selling shareholder or shareholder(s) having the right to nominate director(s) on our Board, are a party to the transaction), not older than three years prior to the date of this Draft Prospectus, irrespective of the size of transactions, has not been computed.**

- d) **Weighted average cost of acquisition, Offer Price**

Based on the disclosures in (a) above, the weighted average cost of acquisition of Equity Shares as compared with the Offer Price is set forth below:

Types of transactions	Weighted average cost of acquisition (₹ per Equity Share)	Offer Price (₹ [●])*
Weighted average cost of acquisition of primary issuances	27.75/-	[●] times
Weighted average cost of acquisition for secondary transactions	N.A.	N.A.

*To be updated in the Prospectus prior to filing with RoC.

- e) **Explanation for Offer Price being [●] times of weighted average cost of acquisition of primary issuance price of Equity Shares (set out in 8 (d) above) along with our Company's key performance indicators and financial ratios for the Fiscals 2023, 2022 and 2021**

[●]*

*To be included on finalisation of Offer Price.

f) The Offer Price is [●] times of the face value of the equity shares

The face value of our share is ₹10/- per share and the Offer Price is of ₹ [●] per share are [●] times of the face value. Our Company and Selling Shareholder in consultation with the Lead Manager believes that the Offer Price of ₹ [●] per share for the Public Offer is justified in view of the above quantitative and qualitative parameters. Investor should read the above-mentioned information along with the section titled “*Risk Factors*” beginning on page 25 of this Draft Prospectus and the financials of our Company including important profitability and return ratios, as set out in the chapter titled “*Restated Financial Statements*” beginning on page 176 of this Draft Prospectus.

STATEMENT OF POSSIBLE TAX BENEFITS

To,
The Board of Directors,
Marco Cables & Conductors Limited
Shop No 100, Opposite Bhai Gangaram Market,
Main Road, Ulhasnagar, Thane- 421005, Maharashtra, India

Dear Sir,

Subject – Statement of Special Tax Benefits available to Marco Cables & Conductors Limited (“the Company”) and its shareholders under the Indian tax laws prepared in accordance with the requirement under Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (the “ICDR Regulations”)

We hereby report that this certificate along with the annexure (hereinafter referred to as “**The Statement**”) states the possible special tax benefits available to the Company and the shareholders of the Company under the Income Tax Act, 1961 (‘IT Act’) (read with Income Tax Rules, Circulars and Notifications) as amended by the Finance Act, 2023 (i.e. applicable to F.Y. 2023-24 relevant to A.Y. 2024-25) (hereinafter referred to as the “IT Regulations”) and under the Goods And Service Tax Act, 2017 (read with Goods And Service Tax [GST] Rules, Circulars and Notifications), presently in force in India. SECTION VI – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this chapter has been extracted from the websites of and publicly available documents from various sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with this Offer has independently verified the information provided in this chapter. Industry sources and publications, referred to in this chapter, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured, and, accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMIC OVERVIEW

The global economy is yet again at a highly uncertain moment, with the cumulative effects of the past three years of adverse shocks most notably, the COVID-19 pandemic and Russia’s invasion of Ukraine—manifesting in unforeseen ways. Spurred by pent-up demand, lingering supply disruptions, and commodity price spikes, inflation reached multidecade highs last year in many economies, leading central banks to tighten aggressively to bring it back toward their targets and keep inflation expectations anchored.

Inflation is declining with rapid rate rises but remains elevated amid financial sector stress

Global headline inflation has been declining since mid-2022 at a three-month seasonally adjusted annualized rate. A fall in fuel and energy commodity prices, particularly for the United States, euro area, and Latin America, has contributed to this decline. To dampen demand and reduce underlying (core) inflation, the lion’s share of central banks around the world have been raising interest rates since 2021, both at a faster pace and in a more synchronous manner than in the previous global monetary tightening episode just before the global financial crisis. This more restrictive monetary policy has started to show up in a slowdown in new home construction in many countries. Inflation excluding volatile food and energy prices has been declining at a three-month rate although at a slower pace than headline inflation—in most (though not all) major economies since mid-2022.

Inflation expectations have so far remained anchored, with professional forecasters maintaining their five-year ahead projected inflation rates near their pre-pandemic levels. To ensure this remains the case, major central banks have generally stayed firm in their communications about the need for a restrictive monetary policy stance, signaling that interest rates will stay higher for longer than previously expected to address sticky inflation.

Indebtedness staying high

As a result of the pandemic and economic upheaval over the past three years, private and public debt have reached levels not seen in decades in most economies and remain high, despite their fall in 2021–22 on the back of the economic rebound from COVID-19 and the rise in inflation. Monetary policy tightening particularly by major advanced economies—has led to sharp increases in borrowing costs, raising concerns about the sustainability of some economies’ debts. Among the group of emerging market and developing economies, the average level and distribution of sovereign spreads increased markedly in the summer of 2022, before coming down in early 2023. The effects of the latest financial market turmoil on emerging market and developing economy sovereign spreads have been limited so far, but there is a tangible risk of a surprise increase in coming months should global financial conditions tighten further. The share of economies at high risk of debt distress remains high in historical context, leaving many of them susceptible to unfavourable fiscal shocks in the absence of policy actions.

Figure 1.12. Assumptions on Monetary and Fiscal Policy Stances

A Challenging Outlook

A return of the world economy to the pace of economic growth that prevailed before the bevy of shocks in 2022 and the recent financial sector turmoil is increasingly elusive. More than a year after Russia’s invasion of Ukraine and the outbreak of more contagious COVID-19 variants, many economies are still absorbing the shocks. The recent tightening in global financial conditions is also hampering the recovery. As a result, many economies are likely to experience slower growth in incomes in 2023, amid rising joblessness. Moreover, even with central banks having driven up interest rates to reduce inflation, the road back to price stability could be long. Over the medium term, the prospects for growth now seem dimmer than in decades. At the same time, in consideration of the elevated risks and uncertainties stemming from the recent global

financial market turmoil, this section also places strong emphasis on a plausible alternative scenario that illustrates the impact of downside risks materializing.

Inflation: Still high but falling

The baseline forecast is for global headline (consumer price index) inflation to decline from 8.7 percent in 2022 to 7.0 percent in 2023. This forecast is higher (by 0.4 percentage point) than that of January 2023 but nearly double the January 2022 forecast. Disinflation is expected in all major country groups, with about 76 percent of economies expected to experience lower headline inflation in 2023. Initial differences in the level of inflation between advanced

economies and emerging market and developing economies are, however, expected to persist. The projected disinflation reflects declining fuel and nonfuel commodity prices as well as the expected cooling effects of monetary tightening on economic activity. At the same time, inflation excluding that for food and energy is expected to decline globally much more gradually in 2023: by only 0.2 percentage point, to 6.2 percent, reflecting the aforementioned stickiness of underlying inflation. This forecast is higher (by 0.5 percentage point) than that of January 2023.

The Medium Term: Not What It Used to Be

The world economy is not currently expected to return over the medium term to the rates of growth that prevailed before the pandemic. Looking out to 2028, global growth is forecast at 3.0 percent—the lowest medium-term growth forecast published in all WEO reports since 1990. Forecasts of medium-term growth peaked at about 4.9 percent in 2008. The decline in medium-term global growth prospects reflects the progress that several economies, such as China and Korea,

have made in increasing their living standards and the associated decline in the rate of change. It also reflects slower global labor force growth. United Nations medium-term population growth projections have declined since 2010 by about one-quarter of a percentage point. Geoeconomics' fragmentation, including developments stemming from Brexit, ongoing US-China trade disputes, and Russia's invasion of Ukraine (Aiyar and others 2023) has also contributed to the weaker outlook, as has a slower expected pace of supply-enhancing reforms. Dimmer prospects for growth in China and other large emerging market economies will weigh on the prospects of trading partners through the world's highly integrated supply chains. It will also complicate the efforts of middle- and low-income countries seeking to converge to higher standards of living.

Global Trade Slowdown, with Narrowing Balances

Growth in the volume of world trade is expected to decline from 5.1 percent in 2022 to 2.4 percent in 2023, echoing the slowdown in global demand after two years of rapid catch-up growth from the pandemic recession and the shift in the composition of spending from traded goods back toward domestic services. Rising trade barriers and the lagged effects of US dollar appreciation in 2022, which made traded products more costly for numerous economies given the dollar's dominant role in invoicing, are also expected to weigh on trade growth in 2023. Overall, the outlook is for weaker trade growth than during the two pre-pandemic decades (2000–19), when it averaged 4.9 percent. Creditor and debtor stock positions remained historically elevated in 2022, reflecting the offsetting effects of widening current account balances and the dollar's strength, which caused valuation gains in countries with long positions in foreign currency. Over the medium term, elevated positions are expected to moderate only slightly as current account balances narrow.

Downside Risks Dominate

Risks to the outlook are squarely to the downside. Much uncertainty clouds the short- and medium-term outlook as the global economy adjusts to the shocks of 2020–22 and the recent financial sector turmoil. Recession concerns have gained prominence, while worries about stubbornly high inflation persist.

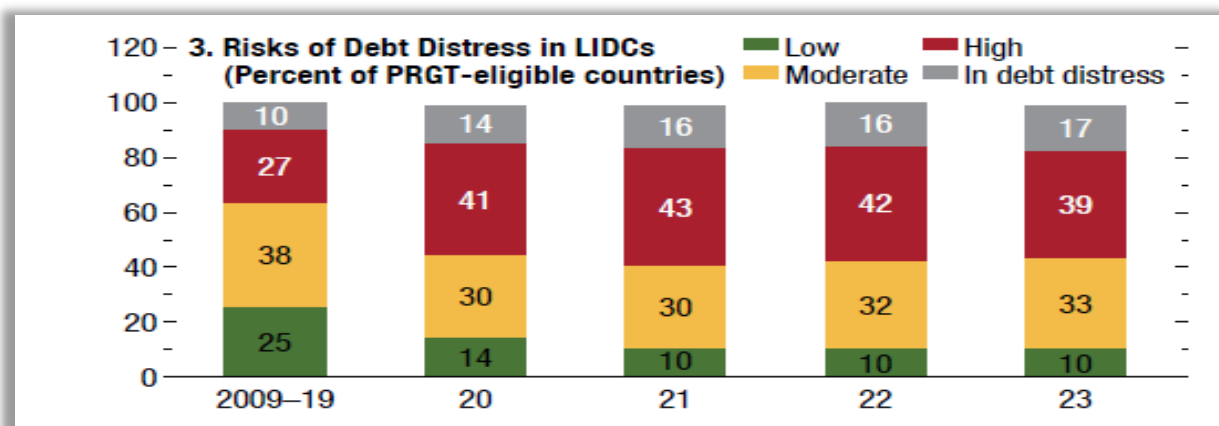

A severe tightening in global financial conditions: In many countries, the financial sector will remain highly vulnerable to the realized rise in real interest rates in the coming months, both in banks and in nonbank financial institutions (see Chapter 1 of the April 2023 *Global Financial Stability Report*). In a severe downside scenario in which risks stemming from bank balance sheet fragilities materialize, bank lending in the United States and other advanced economies could sharply decline, with macroeconomic effects amplified by a number of channels. Household and business confidence would deteriorate, leading to higher household precautionary saving and lower investment. Depressed activity in the most affected economies would spill over to the rest of the world through lower demand for imports and lower commodity prices. As in past episodes of global financial stress, a broad-based outflow of capital from emerging market and developing Economies could occur, causing further dollar appreciation, which would worsen vulnerabilities in economies with dollar-denominated external debt. The dollar appreciation would further depress global trade, as many products are invoiced in dollars. In an environment of elevated financial fragility, contagion could occur, with a sharp loss of investor appetite spreading across geographic regions and asset types. The market for safe assets (such as US or German government bonds) could also seize up, with reduced ease of trading amid a rush out of riskier assets.

Sharper monetary policy impact amid high debt: The interaction between rising real interest rates and historically elevated corporate and household debt is another source of downside risk, as debt servicing costs rise amid weaker income growth. This can lead to debt overhang, with lower-than-expected investment and consumption, higher unemployment, and

widespread bankruptcies, especially in economies with elevated house prices and high levels of household debt issued at floating rates. In such a case, inflation would decline faster and growth would be lower than in the baseline forecast.

Stickier inflation: With labour markets remaining exceptionally tight in many countries, the incipient decline in headline and core inflation could stall before reaching target levels, amid stronger-than-expected wage growth. An even-stronger-than-predicted economic rebound in China could especially if combined with an escalation of the war in Ukraine reverse the expected decline in commodity prices, raise headline inflation, and pass through into core inflation and inflation expectations. Such conditions could prompt central banks in major economies to tighten policies further and keep a restrictive stance for longer, with adverse effects on growth and financial stability.

Systemic sovereign debt distress in emerging market and developing economies: Several emerging market and developing economies still face sovereign credit spreads above 1,000 basis points. The easing in spreads since October, which partly reflects the depreciation of the US dollar and lower import bills from declining commodity prices, has provided some relief.

But vulnerabilities remain high. About 56 percent of low-income developing countries are estimated to be either already in debt distress or at high risk of it and about 25 percent of emerging market economies are also estimated to be at high risk. While the level of external debt as a share of gross national income is on average one-third lower today than in the 1980s and 1990s, some vulnerabilities are more acute.

Policies for a Better Long Term

Strengthening multilateral cooperation: The host of complex challenges currently facing the world necessitates a coordinated and common response to bolster the global economy’s resilience and achieve the best outcomes. To this end, actions on fundamental areas of common interest are critical to improving trust and limiting the risks stemming from increasing geopolitical fragmentation. Strengthening the multilateral trading system would help reduce the risks to growth and resilience from such fragmentation by providing fair and predictable rules for exchange. To achieve such strengthening, WTO rules in critical areas such as agricultural and industrial subsidies must be upgraded, new WTO-based agreements implemented, and the WTO dispute settlement system fully restored.

Speeding up the green transition: Progress in emission reductions needed to contain global warming at 2°C or less remains inadequate. Implementing credible policies now will limit the overall costs of mitigation (see Chapter 3 of the October 2022 *World Economic Outlook*). International coordination on carbon pricing or equivalent policies would facilitate a faster decarbonization in a cost-efficient way. With declining investment in fossil fuels, a concerted push on alternative clean energy investment could help ensure sufficient energy supplies and achieve the needed decarbonization. This could be achieved through investment incentives for green materials and electricity grid upgrades, easing of permitting processes for renewables, and support for research and development, among other efforts. The meetings at the 27th United Nations Climate Change Conference of the Parties resulted in encouraging signs of international cooperation on adaptation to climate change, but more needs to be done, including channelling aid to vulnerable countries.

INDIAN ECONOMY OVERVIEW

Introduction

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022–23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

Market Size

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam

in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19

pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below:

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.
- The private equity-venture capital (PE-VC) sector investments stood at US\$ 2 billion in September 2022.
- Merchandise exports in September 2022 stood at US\$ 32.62 billion.
- PMI Services remained comfortably in the expansionary zone at 56.7 during April-September 2022
- In September 2022, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 147,686 crore (US\$ 17.92 billion).
- Between April 2000-June 2022, cumulative FDI equity inflows to India stood at US\$ 604,996 million.
- In August 2022, the overall IIP (Index of Industrial Production) stood at 131.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 99.6, 131.0 and 191.3, respectively, in August 2022.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 7.41% in September 2022.
- In FY 2022-23, (until October 28, 2022), Foreign Portfolio Investment (FPI) outflows stood at Rs. 58,762 crore (US\$ 7.13 billion).
- The wheat procurement in Rabi 2021-22 and the anticipated paddy purchase in Kharif 2021-22 would include 1208 lakh (120.8 million) metric tonnes of wheat and paddy from 163 lakh (16.7 million) farmers, as well as a direct payment of MSP value of Rs. 2.37 lakh crore (US\$ 31.74 billion) to their accounts.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- Home & Cooperation Minister Mr. Amit Shah, laid the foundation stone and performed Bhoomi Pujan of Shri Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by the Prime Minister Mr. Narendra Modi, approved the signing of the (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for the IT companies and start-ups in both the countries.
- India and Namibia entered into a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly-developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022:
 - ✓ Prime Minister Mr. Narendra Modi, laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground breaking ceremony of the UP Investors Summit in Lucknow.

- ✓ The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of biocapsule, an encapsulation technology for bio-fertilization on 30 June, 2022.
 - As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
 - The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 lakh crore (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
 - Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
 - In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 lakh crore (US\$ 401.49 billion) in the next five years.
 - In the Union Budget of 2022-23, the government announced funding for the production linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
 - In the Union Budget of 2022-23, the government announced a production linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2500 crore (US\$ 334.60 million).
 - In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
 - In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
 - In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
 - Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
 - In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
 - Minister for Finance & Corporate Affairs Ms Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
 - In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 lakh crore (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
 - To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
 - In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
 - In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
 - Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government

has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.

- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.
- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

Road Ahead

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022–23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signaling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

GLOBAL MANUFACTURING INDUSTRY

Manufacturing is the use of labour, goods and machines to produce goods for use or for sale. Manufacturing sector covers work performed in electronics industry, mechanical industry, energy industries, food and beverage industries, plastic industry, metalworking industries, transport and telecommunications industries, chemical or physical transformation of materials, substances, or components into new products. The process of assembling of components or parts of manufactured products also falls into the bracket of manufacturing unless the activity is appropriately put into construction. Construction on the other hand primarily covers works encompassing construction of buildings or assembling of infrastructure (for e.g. highways and utility systems). All those companies performing work in the preparation of sites for new construction and those involved in subdividing land for sale as building sites also are included in construction.

Manufacturing uses raw materials that are products of agriculture, bakery, fishing, forestry, mining and other products of manufacturing operations. Plants, factories or mills that use power-driven machines and materials-handling equipment, transform the raw materials into new finished products and components requiring further manufacturing.

On the other hand, construction market includes new work, maintenance or repairs. Production responsibilities are specified contractually with constructions owners (prime contractors) or contracts with subcontractors. Manufacturing industries are the chief wealth generating sectors of any economy. These industries adopt various technologies and methods widely known as manufacturing process management. Manufacturing industries are important for an economy as they employ a huge share of the labour force and produce materials required by sectors of strategic importance such as national infrastructure and defence. Some of the industries we cover under manufacturing are aerospace, agriculture, defence, environmental services like air purification, glass, lighting, paper and forest products, machinery, metals (like aluminum, copper, exotic metals, iron and steel, non-ferrous metals and precious metals), mining, minerals, packaging and textiles.

The world manufacturing industries in a capitalist economy indulge in mass production and make them available as earning profits. Manufacturing in collectivist economy is guided by a state run agency for making available the manufactured goods depending on the requirement. Manufacturing industry in a modern economy operates under regulations framed by the Government.

The manufacturing industry accounts for a significant share of the industrial sector in developed countries. The final products can either serves as a finished good for sale to customers or as intermediate goods used in the production process.

Manufacturing industries are essential for an economy as they employ a huge share of the labour force and produce materials required by sectors of strategic importance such as national infrastructure and defence. However, not all manufacturing industries are beneficial to the nation as some of them generate negative externalities with huge social costs. The cost of letting such industries flourish may even exceed the benefits generated by them.

Global manufacturing industry growth reached 3.8% in 2022

Updated research by Interact Analysis shows that Asia Pacific (APAC), Europe and the US have performed very differently in terms of manufacturing output growth during 2022. Growth in Europe has been slow throughout the year, while it has been strong in the US and steady in APAC. Machinery sectors have performed better than the manufacturing sector overall, and despite current challenges the next global downturn for manufacturing is not expected until late 2025 or early 2026.

Regionally, the US manufacturing industry has performed strongly, and the Americas growth rate hit 6.9% in 2022, compared to 3.3% for Asia Pacific and 2.6% for Europe. However, due to economic weaknesses across the regions, the Americas region is only forecast growth of 3.1% in 2023. Despite ongoing supply chain issues and inflationary pressures, it is expected that overall global manufacturing industry output growth reached 3.8% in 2022.

The UK and Germany are suffering a particularly bad economic period due to Germany's reliance on Russian energy and the UK's current political turbulence. Germany also strongly relies on other countries for its exports that are experiencing similar difficulties. Despite this, some sectors are still performing well in Germany, including forming machinery, where order intake grew by 7% in 2022 due to strong export demand. Overall, German growth was slow, sitting at around 0.2% for 2022, while in the UK, the situation is similarly gloomy. For the second year in three, manufacturing production has shrunk by around 0.5%, forcing the UK into a negative forecast for 2022. Many smaller regions had propped up Europe in terms of the region's overall performance.

In contrast, the outlook for China remains positive, with 2023 to 2025 anticipated to be a period of growth and recovery for the country. As a result of further COVID-19 lockdowns, manufacturing output weakened, with growth contracting to 2.9% in 2022. The predicted recessions across the US and Europe are expected to slow growth again in 2026, falling to similar rates to those seen in 2020 when the COVID-19 pandemic struck. In China, the highest growth rates in 2022 were seen in the chemicals and pharmaceuticals industry, which grew by 4.9%. Conversely, wood products registered the lowest growth rate, declining by -1.7%.

INDIAN MANUFACTURING INDUSTRY

Introduction

Manufacturing is emerging as an integral pillar in the country's economic growth, thanks to the performance of key sectors like automotive, engineering, chemicals, pharmaceuticals, and consumer durables. The Indian manufacturing industry generated 16-17% of India's GDP pre-pandemic and is projected to be one of the fastest growing sectors.

The machine tool industry was literally the nuts and bolts of the manufacturing industry in India. Today, technology has stimulated innovation with digital transformation a key aspect in gaining an edge in this highly competitive market. Technology has today encouraged creativity, with digital transformation being a critical element in gaining an advantage in this increasingly competitive industry. The Indian manufacturing sector is steadily moving toward more automated and process-driven manufacturing, which is projected to improve efficiency and enhance productivity.

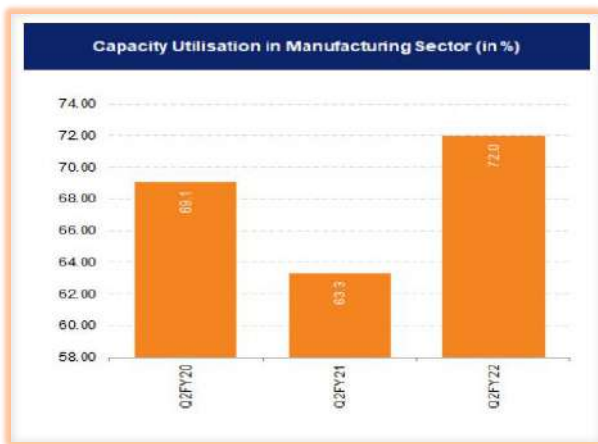

Technology has today encouraged creativity, with digital transformation being a critical element in gaining an advantage in this increasingly competitive industry. The Indian manufacturing sector is steadily moving toward more automated and process-driven manufacturing, which is projected to improve efficiency and enhance productivity.

India has the capacity to export goods worth US\$ 1 trillion by 2030 and is on the road to becoming a major global manufacturing hub.

With 17% of the nation’s GDP and over 27.3 million workers, the manufacturing sector plays a significant role in the Indian economy. Through the implementation of different programmes and policies, the Indian government hopes to have 25% of the economy’s output come from manufacturing by 2025. India now has the physical and digital infrastructure to raise the share of the manufacturing sector in the economy and make a realistic bid to be an important player in global supply chains. A globally competitive manufacturing sector is India's greatest potential to drive economic growth and job creation this decade. Due to factors like power growth, long-term employment prospects, and skill routes for millions of people, India has a significant potential to engage in international markets. Several factors contribute to their potential. First off, these value chains are well positioned to benefit from India's advantages in terms of raw materials, industrial expertise, and entrepreneurship.

Second, they can take advantage of four market opportunities: expanding exports, localizing imports, internal demand, and contract manufacturing. With digital transformation being a crucial component in achieving an advantage in this fiercely competitive industry, technology has today sparked creativity. Manufacturing sector in India is gradually shifting to a more automated and process driven manufacturing which is expected to increase the efficiency and boost production of the manufacturing industry.

India is gradually progressing on the road to Industry 4.0 through the Government of India’s initiatives like the National Manufacturing Policy which aims to increase the share of manufacturing in GDP to 25 percent by 2025 and the PLI scheme for manufacturing which was launched in 2022 to develop the core manufacturing sector at par with global manufacturing standards.

Manufacturing has emerged as one of the high growth sectors in India. Prime Minister of India, Mr Narendra Modi, launched the ‘Make in India’ program to place India on the world map as a manufacturing hub and give global recognition to the Indian economy. Government aims to create 100 million new jobs in the sector by 2022.

Market Size

India’s manufacturing exports for FY22 reached an unprecedented US\$ 418 billion, an overall growth of more than 40% compared to the US\$ 290 billion from the previous year. By 2030, Indian middle class is expected to have the second-largest share in global consumption at 17%. India’s gross domestic product (GDP) at current prices stood at Rs. 51.23 lakh crore (US\$ 694.93 billion) in the first quarter of FY22, as per the provisional estimates of gross domestic product for the first quarter of 2021-22. The manufacturing GVA at current prices was estimated at US\$ 77.47 billion in the third quarter of FY22 and has contributed around 16.3% to the nominal GVA of during the past ten years. India has potential to become a global manufacturing hub and by 2030, it can add more than US\$ 500 billion annually to the global economy. As per the economic survey reports, estimated employment in manufacturing sector in India was 5.7 crore in 2017-18, 6.12 crore in 2018-19 which was further increased to 6.24 crore in 2019-20. India's display panel market is estimated to grow from ~US\$ 7 billion in 2021 to US\$ 15 billion in 2025. As per the survey conducted by the Federation of Indian Chambers of Commerce

and Industry (FICCI), capacity utilization in India's manufacturing sector stood at 72.0% in the second quarter of FY22, indicating significant recovery in the sector.

Investment

Some of the major investments and developments in this sector in the recent past are:

- According to Department for Promotion of Industry and Internal Trade (DPIIT), India received a total foreign direct investment (FDI) inflow of US\$ 58.77 billion in FY22.
- Between April 2000-September 2022:
 - ✓ The automobile sector received FDI inflows of US\$ 33,774 million.
 - ✓ The chemical manufacturing sector (excluding fertilisers) received FDI inflows worth US\$ 20,759 million.
 - ✓ The drug and pharmaceutical manufacturing sector received FDI inflows worth US\$ 20,104 million.
 - ✓ The Food Processing Industries received FDI inflows worth US\$ 11,514 million.
- The combined index of eight core industries stood at 152.2 in December 2022 against 139.4 in November 2022.
- India's Index of Industrial Production (IIP) for November 2022 stood at 137.1 against 129.3 for October 2022.
- In September 2022, the Manufacturing Purchasing Managers' Index (PMI) in India stood at 55.1
- In FY23 (until September 2022), export of top 10 major commodities (Engineering goods, Petroleum products, Gems and Jewellery, Organic and Inorganic chemicals, Drugs and Pharmaceuticals, Electronic goods, RMG of all Textiles, Cotton Yarn/Fabs./Madeups, Rice, Plastic and Linoleum) stood at US\$ 187.2 billion.
- In October 2022, EPFO added 16.94 lakh net subscribers.
- In October 2021, information technology major Zoho, announced that it will invest Rs. 50–100 crore (US\$ 6.7-13.4 million) and form a new company, that will focus on research and development (R&D) in the manufacturing sector.
- In August 2021, Wistron Corp. collaborated with India's Optimus Electronics to manufacture products such as laptops and smartphones, giving a major boost to the 'Make in India' initiative and electronics manufacturing in the country.
- Samsung Display Noida, which has invested Rs. 4,825 crore (US\$ 650.42 million) to move its mobile and IT display manufacturing plant from China to Uttar Pradesh, has received special incentives from the state government.
- In April 2021, Bharti Enterprises Ltd. and Dixon Technologies (India) Ltd., formed a joint venture to take advantage of the government's PLI scheme for the manufacturing of telecom and networking products.

Government Initiatives

The Government of India has taken several initiatives to promote a healthy environment for the growth of manufacturing sector in the country. Some of the notable initiatives and developments are:

- In the Union Budget 2023-24:
 - ✓ Startups incorporated within a time-period and meeting other conditions can deduct up to 100% of their profits; the end of this period has been extended from March 31, 2023 to March 31, 2024. In addition, the period within which losses of startups may be carried forward has been extended from seven to ten years.
 - ✓ As per the Union Budget 2023 – 23, the income tax rate for new co-operative societies engaged in manufacturing activities has been lowered from 22% to 15% (plus 10% surcharge).
 - ✓ The upper limit on turnover for MSMEs to be eligible for presumptive taxation has been raised from Rs 2 crore (US\$ 2,43,044) to Rs 3 crore (US\$ 3,64,528). The upper limit on gross receipts for professionals eligible for presumptive taxation has been raised from Rs 50 lakh (US\$ 60,754) to Rs 75 lakh (US\$ 91,132).
 - ✓ Expenditure on fertilizer subsidy is estimated at Rs 1,75,100 crore (US\$ 21.2 billion) in 2023-24. This is a decrease of Rs 50,120 crore (US\$ 6.09 billion) (22.3%) from the revised estimate of 2022-23. Fertilizer subsidy for 2022-23 was increased substantially in response to a sharp increase in international prices of raw materials used in the manufacturing of fertilizers.
 - ✓ The Centre will facilitate one crore farmers to adopt natural farming. For this, 10,000 Bio-Input Resource Centres will be set-up, creating a national-level distributed micro-fertilizer and pesticide manufacturing network.

- ✓ To avoid cascading of taxes on blended compressed natural gas, excise duty on GST-paid compressed bio-gas contained in it has been exempted from excise duty. Customs duty exemption has been extended to import of capital goods and machinery required for manufacture of lithium-ion cells for batteries used in electric vehicles.
- ✓ To further deepen domestic value addition in manufacture of mobile phones, the finance minister announced relief in customs duty on import of certain parts and inputs like camera lens. The concessional duty on lithium-ion cells for batteries will continue for another year. Basic customs duty on parts of open cells of TV panels has been reduced to 2.5%. The Budget also proposes changes in the basic customs duty to rectify inversion of duty structure and encourage manufacturing of electrical kitchen chimneys.
- ✓ Basic customs duty on seeds used in the manufacture of Lab Grown Diamonds has also been reduced.
- Ministry of Defence has set a target of achieving a turnover of US\$ 25 million in aerospace and defence Manufacturing by 2025, which includes US\$ 5 billion exports. Till October 2022, a total of 595 Industrial Licences have been issued to 366 companies operating in Defence Sector.
- A new category of capital procurement ‘Buy {Indian-IDD (Indigenously Designed, Developed and Manufactured)}’ has been introduced in Defence Procurement Procedure (DPP)-2016.
- By 2030, the Indian government expects the electronics manufacturing sector to be worth US\$ 300 billion.
- Initiatives like Make in India, Digital India and Startup India have given the much-needed thrust to the Electronics System Design and Manufacturing (ESDM) sector in India.
- Moreover, the government’s endeavours such as Modified Special Incentive Scheme (M-SIPS), Electronics Manufacturing Clusters, Electronics Development Fund and National Policy on Electronics 2019 (NPE 2019) have been a huge success.
- The Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS) has been notified with an aim to strengthen the value chain for the manufacturing of electronic products in India.
- In the Union Budget 2022-23:
 - ✓ Ministry of Defence has been allocated Rs. 525,166 crore (US\$ 67.66 billion)
 - ✓ The government allocated Rs. 2,403 crore (US\$ 315 million) for Promotion of Electronics and IT Hardware Manufacturing.
- The PLI for semiconductor manufacturing is set at Rs. 760 billion (US\$ 9.71 billion), with the goal of making India one of the world’s major producers of this crucial component.
- The government approved a PLI scheme for 16 plants for key starting materials (KSMs)/drug intermediates and active pharmaceutical ingredients (APIs). The establishment of these 16 plants would result in a total investment of Rs. 348.70 crore (US\$ 47.01 million) and generation of 3,042 jobs. The commercial development of these plants is expected to begin by April 2023.
- In September 2022, the National Logistics Policy was launched by Prime Minister Mr. Narendra Modi which ensures quick last mile delivery, end transport-related challenges.
- In November 2021, the Experts' Advisory Committee (EAC) of the Department for Promotion of Industry and Internal Trade approved Rs. 3 crore (US\$ 403,293.54) for the Atal Incubation Centre (AIC), Pondicherry Engineering College Foundation (PECF), under the Start-up India Seed Fund scheme.
- In September 2021, Prime Minister Mr. Narendra Modi approved the production-linked incentive (PLI) scheme in the textiles sector—for man-made fibre (MMF) apparel, MMF fabrics and 10 segments/products of technical textiles—at an estimated outlay of Rs. 10,683 crore (US\$ 1.45 billion).

- In September 2021, Prime Minister Mr. Narendra Modi approved the production-linked incentive (PLI) scheme in the textiles sector—for man-made fibre (MMF) apparel, MMF fabrics and 10 segments/products of technical textiles—at an estimated outlay of Rs. 10,683 crore (US\$ 1.45 billion).
- India outlines a plan in August 2021 to reach its goal of US\$ 1 trillion in manufactured goods exports.
- In July 2021, the government launched six technology innovation platforms to develop technologies and thereby, boost the manufacturing sector in India to compete globally.
- To propagate Make in India, in July 2021, the Defence Ministry issued a tender of Rs. 50,000 crore (US\$ 6.7 billion) for building six conventional submarines under Project-75 India.
- In May 2021, the government approved a PLI scheme worth Rs. 18,000 crore (US\$ 2.47 billion) for production of advanced chemical cell (ACC) batteries; this is expected to attract investments worth Rs. 45,000 crore (US\$ 6.18 billion) in the country, and further boost capacity in core component technology and make India a clean energy global hub.
- In India, the market for grain-oriented electrical steel sheet manufacturing is witnessing high demand from power transformer producers, due to the rising demand for electric power and increasing adoption of renewable energy in the country.
- The Mega Investment Textiles Parks (MITRA) scheme to build world-class infrastructure will enable global industry champions to be created, benefiting from economies of scale and agglomeration. Seven Textile Parks will be established over three years.
- In May 2021, the government approved a PLI scheme worth Rs. 18,000 crore (US\$ 2.47 billion) for production of advanced chemical cell (ACC) batteries; this is expected to attract investments worth Rs. 45,000 crore (US\$ 6.18 billion) in the country, and further boost capacity in core component technology and make India a clean energy global hub.
- The government proposed to make significant investments in the construction of modern fishing harbours and fish landing centres, covering five major fishing harbours in Kochi, Chennai, Visakhapatnam, Paradip, and Petuaghat, along with a multipurpose Seaweed Park in Tamil Nadu. These initiatives are expected to improve exports from the textiles and marine sectors.
- The 'Operation Green' scheme of the Ministry of the Food Processing Industry, which was limited to onions, potatoes and tomatoes, has been expanded to 22 perishable products to encourage exports from the agricultural sector. This will facilitate infrastructure projects for horticulture products.

RDSS: Revamped Distribution Sector Scheme

Revamped Distribution Sector Scheme: Reforms-Based and Result-Linked

The government of India has approved the Revamped Distribution Sector Scheme (RDSS) to help DISCOMs improve their operational efficiencies and financial sustainability by providing result-linked financial assistance to DISCOMs to strengthen supply infrastructure based on meeting pre-qualifying criteria and achieving basic minimum benchmarks. The scheme has an outlay of Rs 3,03,758 Crore over 5 years i.e. FY 2021-22 to FY 2025-26. The outlay includes an estimated Government Budgetary Support (GBS) of Rs 97,631 Crore.

REC and PFC have been nominated as nodal agencies for facilitating the implementation of the scheme.

The scheme aims to meet the following objectives:

- Reduction of AT&C losses to pan-India levels of 12-15% by 2024-25.
- Reduction of ACS-ARR gap to zero by 2024-25.
- Improvement in the quality, reliability and affordability of power supply to consumers through a financially sustainable and operationally efficient distribution sector.

The Scheme has the following components:

- Part A – Financial support for Prepaid Smart Metering & System Metering and up-gradation of the Distribution Infrastructure.
- Part B – Training & Capacity Building and other Enabling & Supporting Activities.

Learning from the experience of previous schemes, the Revamped Distribution Sector Scheme has been developed to address state-specific needs. Some of the salient features are as below:

- Prepaid Smart Metering to be prioritized for
 - 500 AMRUT cities, with AT&C Losses > 15%
 - All Union Territories
 - MSMEs, Industrial and Commercial consumers
 - All Government offices at the Block level and above
 - Other areas with high losses
- Prepaid Smart metering for remaining consumers and areas is proposed to be taken up by the respective DISCOMs in a phased manner.
- Prepaid Smart metering and system metering are proposed to be implemented through PPP on TOTEX (CAPEX+OPEX) mode.
- Part A of the scheme also provides financial assistance to DISCOMs for infrastructure creation and undertaking reforms to achieve the desired results towards improvement in operational efficiency and financial sustainability.
- Provision of feeder segregation for unsegregated feeders. Thereafter these feeders are to be solarized under KUSUM – leading to cheap/ free daytime power for irrigation.
- The pre-qualifying criteria need to be mandatorily met with the DISCOMs before they can be evaluated based on the Result Evaluation Matrix. Thereafter, performance based on Result Evaluation Matrix shall form the basis for the release of funds under the scheme.
- For Prepaid Smart metering, a grant of Rs 900 or 15% of the cost per consumer meter (whichever is lower), shall be available for “Other than Special Category” States. For “Special Category” States, the grant of Rs 1350 or 22.5% of the cost per consumer (whichever is lower) shall be available.
- To incentivize the States/UTs to fast-track installation of prepaid Smart Meters by December 2023, an additional incentive of 7.5% of the cost per consumer meter or Rs. 450 (whichever is lower) shall be available. For “Special Category” States the additional incentive shall be 11.25% or Rs. 675 per consumer meter (whichever is lower).
- For works other than smart metering, maximum financial assistance given to DISCOMs of “Other than Special Category” States will be 60% of the approved cost, while for the DISCOMs in special category states, the maximum financial assistance will be 90% of the approved cost.

Road Ahead

India is an attractive hub for foreign investments in the manufacturing sector. Several mobile phone, luxury and automobile brands, among others, have set up or are looking to establish their manufacturing bases in the country. The manufacturing sector of India has the potential to reach US\$ 1 trillion by 2025. The implementation of the Goods and Services Tax (GST) will make India a common market with a GDP of US\$ 2.5 trillion along with a population of 1.32 billion people, which will be a big draw for investors. The Indian Cellular and Electronics Association (ICEA) predicts that India has the potential to scale up its cumulative laptop and tablet manufacturing capacity to US\$ 100 billion by 2025 through policy interventions.

One of the initiatives by the Government of India's Ministry for Heavy Industries & Public Enterprises is SAMARTH Udyog Bharat 4.0, or SAMARTH Advanced Manufacturing and Rapid Transformation Hubs. This is expected to increase competitiveness of the manufacturing sector in the capital goods market. With impetus on developing industrial corridors and smart cities, the Government aims to ensure holistic development of the nation. The corridors would further assist in integrating, monitoring and developing a conducive environment for the industrial development and will promote advance practices in manufacturing.

INDIAN WIRES AND CABLES INDUSTRY

The last two to three decades are probably the fastest infrastructure growing years of India, and so it is for the Wire & Cable industry. The rapid urbanization and industrial development have contributed to the exponential growth of the electrical cable industry in the country. According to a study – the global wire and cable market is growing at a CAGR of 6.45%. It predicts that the global market size of this industry is expected to reach USD 332.65 bn by 2026 from USD 201.76 bn in 2018.

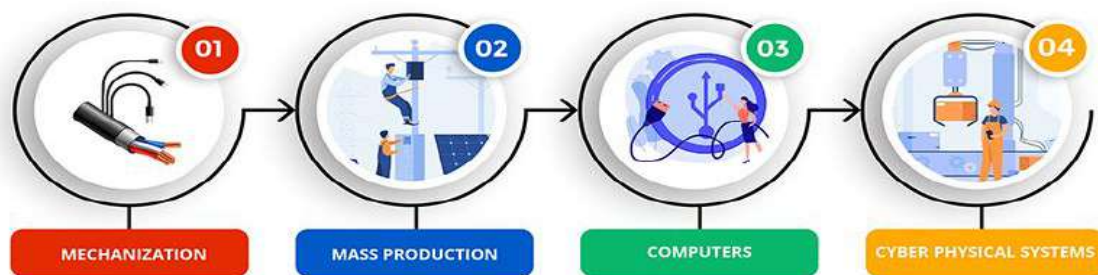

The Indian wire and cable market is growing at an even faster pace. With a whopping CAGR 15% growth rate, the rising Indian market reflects the rapid developments in the power and infrastructure sector. And it's not going to slow down any time soon. With the advent of industrial revolution 4.0, global investors are eyeing the potential Indian market specific to the high-voltage (HV) and extra-high-voltage (EHV) cables product line.

Industrial Revolution 4.0

After a decade of digitization, industries are moving with digitalization. Away from the legacy systems, be it the manufacturing processes, products, or machinery – all are getting the technology touch. This smart manufacturing or the industrial internet of things (IIoT) is the reflection of industrial revolution 4.0.

When the first industrial revolution created the base for industries to come up, it was the second industrial revolution that created the demand for wires and cables for industrial use and Customized for Gloster and subject to change by Content Inception. expansion. With the third industrial revolution or the introduction of computers and automation, along with the commercial segment, a whole new dimension of the wires industry came into existence.

The production lines expanded to function-specific segments, which now hold 72% of the wires and cables market. The new-age requirements are for automobiles, domestic/commercial purpose machinery, and PDA devices, etc. Moreover, the fourth industrial revolution will further expand the innovative use of wires and cables inside IoT devices and for 5G spread out in the telecom sector.

Impact Of Digitization - Energy Consumption Shows An Upward Demand Graph

Apart from the three major segments (Industrial, Commercial, and Domestic) of the wire and cable industry, the other segment products are new and advanced. Though modern machinery and IoT devices will create a new demand line, the rise in energy consumption will continue to influence the product spectrum.

As per IEA's 2021 India Energy Outlook study, the energy consumption in India (combining domestic and industry usage) is increasing exponentially, and the future energy demand is almost one-quarter that of the entire world. So, along with cement and steel, significant swelling in the production and sale of electricity equipment (wires, cables, switches, motors, etc.) is foreseen in the coming decade. Moreover, as the urban density is increasing, raising the chances of accidental electrical fire and mishaps, the demand for fire-resistant, multi-layered, and flexible domestic cables seem to be at an all-time high.

Wire And Cable Industry On The Threshold Of Industrial Revolution

After a decade of digitization, industries are moving with digitalization. Away from the legacy systems, be it the manufacturing processes, products, or machinery – all are getting the technology touch. This smart manufacturing or the industrial internet of things (IIoT) is the reflection of industrial revolution 4.0

From a broad perspective, the new industrial revolution is bringing in two key changes in the cable industry. When one is driven by the technology adaptation point of view, the other is another significant reason – that will soon drive the demand of domestic products from the brands investing in distinguished innovation and awareness campaigns.

Products with futuristic technology

More sophisticated, safer, and commercial/industry grade wires and cables will be required for specific-purpose devices and products. Even though some of these machines might be for domestic purposes, but the wire and cable products will still be in the commercial category adhering to specific standards proposed by the manufacturers or policymakers.

Products or brands associated with futuristic machines

With the widespread use of IoT devices and equipment, the domestic segment of the wires and cable market will soon see a different kind of demand. The demand will be for the products of particular brands and variants of commercial-grade products associated with popular IoT machines

The Segments of Wire And Cable Industry Is Widening For Sure

With technology advancement and refinement of policies as well as practices, the not-so structured sector of wires and cables has broadened with more players and is recognized as an organized sector in India. This has not only ripened the scope of the market pan-India but also globally. With rising energy consumption rate, growing demand in the newer segments, and a vast spectrum of special-purpose products, the market size is on the rise for sure.

To substantiate this – according to Institute for Energy Economics and Financial Analysis (IEEFA), as India’s demand for electricity is expected to grow nearly at 100%, the wires and cable market will have a steep growing curve going forward – no doubt about this.

INDIAN ELECTRICAL CONDUCTORS INDUSTRY

The India semiconductor materials market size reached US\$ 4.5 Billion in 2022. Looking forward, IMARC Group expects the market to reach US\$ 6.5 Billion by 2028, exhibiting a growth rate (CAGR) of 6.3% during 2023-2028.

Semiconductor materials are crystalline solids that have a conductivity range between conductors and insulators. These materials can conduct electricity only when they are exposed to heat or light during the doping process. On account of their distinct features, such as wide temperature limits, high electron mobility and low energy consumption, semiconductor materials are extensively used in India to manufacture various electronic components.

The increasing applications of semiconductor materials in various end use industries represent one of the key factors strengthening the growth of the market in India. Apart from this, the Government of India is taking numerous initiatives to encourage the adoption of semiconductor materials. For instance, in the Union Budget 2017-2018, the Government increased the allocation for incentive schemes, such as the Electronic Development Fund (EDF) and the Modified Special Incentive Package Scheme (M-SIPS), to INR 745 Crore for boosting the industry growth. This has negatively affected the overall market growth, but it is anticipated to recover with the introduction of lockdown relaxations.

Key Market Segmentation:

IMARC Group provides an analysis of the key trends in each segment of the India semiconductor materials market report, along with forecasts at the country and regional levels from 2023-2028. Our report has categorized the market based on material, application and end use industry.

OUR BUSINESS

This chapter should be read in conjunction with, and is qualified in its entirety by, the more detailed information about our Company and its financial statements, including the notes thereto, in the section titled “Risk Factors” and chapters titled “Restated Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page 25, 176, 182 respectively, of this Draft Prospectus.

Unless otherwise indicated, the financial information included herein is based on our Restated Financial Statements for the Financial Years ended on March 31, 2023, 2022 and 2021 included in this Draft Prospectus. For further information, see “Restated Financial Statements” beginning on page 176 of this Draft Prospectus.

OVERVIEW

Our Company was incorporated on April 13, 1989 and is engaged in the business of manufacturing and selling of wires, cables wires and conductors in India, with an operating history of over 34 years in power cable industry in India. We commenced our operations with manufacturing of wires (with aluminium / copper conductor), XLPE /PVC cables, Aerial Bunched Cables, subsequently we included AAAC (All Aluminium Alloy Conductor) and ACSR (Aluminium Conductor Steel Reinforced) Conductors and had made our presence in the industry. We have been manufacturing XLPE, PVC & Aerial Bunched Cables for last 3 decades. Recently, we have started ACSR – Aluminium Conductor Steel Reinforced, AAAC – All Aluminium Alloy Conductor, ABC – (Aerial Bunched Cable) for distribution & transmission power lines. For further details in relation to our products, see “*Our Business – Our Spectrum of Products*” beginning on page 118 of this Draft Prospectus. Over the years we have developed expertise and upgraded our technology by adding several automatic machineries and equipment to the plant, which has helped us boost our production capacity and the quality of our products. We have the potential to supply the best products at most competitive prices in the market.

Late Narayandas Mangandas Kukreja, Mr. Sugnomal Mangandas Kukreja and Mr. Dunichand Mangandas Kukreja were the initial subscribers to the Memorandum of Association and initial promoters of our Company. Our current Promoter, Mr. Sumit Sugnomal Kukreja, has extensive experience in the power cable industry and has been intimately involved in the business for over 18 years. Under his leadership, our Company has managed to develop a base in the power cable sector and and have over the years, evolved, expanded and diversified to become an established manufacturer of wires and cables. For further details regarding major events in the history of Our company, please refer to the chapter titled “*History and Certain Corporate Matters*” beginning on page 152 of this Draft Prospectus.

Majority of our products are supplied to electricity boards of different states like Maharashtra, Gujarat, Tamil Nadu, Telangana, Haryana, Chhattisgarh, Madhya Pradesh etc. and turnkey contractors of India. Our products cover entire range of voltage & transmission lines suitable up to 1.1 KV. Our products are also certified as compliant with various quality standards including Bureau of Indian Standards (“BIS”) and International Organization for Standardization (“ISO”). Our manufacturing facilities are equipped with in-house testing laboratory to ensure that the finished products match the quality standards and certifications as specified. Before commencement of the manufacturing process, the raw materials procured by also undergoes a quality check conducted by our in-house testing laboratory to ensure that the same matches the quality standards required in our finished products. Testing of products takes place during different levels of our manufacturing process to ensure that any errors or quality defects in the products can be rectified on a real time basis and the final output is again checked by our testing laboratory before it is finally packed and dispatched. Once the product is ready, it is checked for safety and quality assurance.

We sell our products through a diversified sales & distribution mix, majorly by 1) securing government tenders for supply to government projects 2) supply to EPC contractors for turnkey projects and 3) our dealer & distribution network and direct sales to few private companies. Over the years, we have made continuous investments in our manufacturing infrastructure to support our product portfolio requirements and reach. Our capabilities as a Company includes strict quality assurance system, in-depth production designing experience and established marketing and distribution relationships. We strive to deliver customized products and provide quality services.

Our Promoter and directors supported by our dedicated key managerial personnel, senior management personnel and strong management team with significant industry experience and established relationships with our customers, manage and control the major affairs of our business operations. We believe our success is the result of sustained efforts over the years in key aspects of our business, such as product portfolio, process improvements, ability to secure government tenders, relationship with our dealers and increased scale of operations.

Explanation of KPIs:

(1) Revenue from operation means revenue from sale of our products

(2) EBITDA is calculated as Profit before tax + Depreciation + Finance Costs

(3) EBITDA Margin is calculated as EBITDA divided by Revenue from Operations

(4) PAT Margin is calculated as PAT for the year divided by revenue from operations

(5) Trade receivable days is calculated as average trade receivables divided by revenue from operations multiplied by 365 for fiscal years

(6) Inventory days is calculated as average inventory divided by Cost of Goods Sold multiplied by 365 for fiscal years. Cost of Goods Sold have been defined as cost of materials consumed plus purchase of stock-in-trade plus changes in inventories of finished goods, stock-in-trade, work-in-progress

(7) Trade payable days is calculated as average trade payables divided by cost of goods sold multiplied by 365 for fiscal years. Cost of Goods Sold have been defined as cost of materials consumed plus purchases of stock-in-trade plus changes in inventories of finished goods, stock-in-trade, work-in-progress

(8) Return on Equity is calculated by comparing the proportion of net income against the amount of average shareholder equity

(9) Return on Capital Employed is calculated as follows: Profit before tax + Finance Costs (EBIT) divided by (Tangible Net Worth + Total Debt + Deferred Tax Liabilities)

(10) Debt to Equity ratio is calculated as Total Debt divided by equity

(11) Working Capital Cycle is defined as trade receivable days plus inventory days less trade payable days

(12) Current Ratio is calculated by dividing Current Assets to Current Liabilities

OUR MANUFACTURING FACILITIES

We have manufacturing unit at A-55/56, STICE, Shirdi Road, Sinnar, Nasik – 422103, Maharashtra, India with combined installed production capacity of 18,000 Kms p.a. as on August 07, 2023, adjacent to that we also have a warehouse. OUR STRENGTHS

We believe that the following competitive strengths have contributed to our business growth and will continue to drive our success.

1. Qualifying in BQR of Government tenders

We are qualified to tender for Government Projects, every electricity board has their own bid qualification requirements (BQR) due to our past track record, performance and experience of more than 34 years in the industry and our ability to meet the eligibility criteria. The majority of our revenue is generated from subscribing and fulfilling of tenders invited by state electrical boards. We believe our experience and providing services to such companies attests to our credibility and allows us to be in a better position for future projects, thereby improving our competitive position.

2. Assured Quality and High Standard Service

One of our main mottos is to deliver quality products. To ensure that quality standards are consistently fulfilled, we allocate resources for quality assurance. To ensure that our quality requirements are met throughout the manufacturing process, we have an in-house testing laboratory that tests the product at each stage. We also have quality control checks before any consignment of raw material is accepted since it has a direct impact on the quality of finished product. Further, our Company has state of art infrastructure with modern and latest machineries and equipment's to deliver cost effective, better and standard products to achieve better product quality and technical reliability. The final product manufactured has to undergo a quality check before it is finally packed and dispatched. We also used to take test report for our products from various accredited laboratories like, Rajasthan Test & Research Centre (RTRC), Power Testing Laboratory, Quality Marking & Testing Laboratory, KC India Test Laboratories LLP etc. Our business uses the most up-to-date and cutting-edge machinery and technology to produce products that are more affordable, superior in quality, and technically reliable. Our Company has accreditations like LMS Certificate ISO 14001:2015 (Environment Management System), BQSR Certificate ISO 9001:2015 and has BIS certification for all products conforming to IS 7098: PART 1 :1988, IS 398:PART 2:1996, IS 398:PART 4:1994, IS 1554:PART 1:1988 and IS 14255:1995.

3. Strong Customer Base

Our long-standing relationship with our major customers has been one of the most significant factors contributing to our growth. Our commitments to quality and customer service practices have been strong contributing factors to our robust customer relations. Over the years, we have steadily developed a robust base of customers. Even though we do not have any long-term supply agreements with them, we have continually received repeat business from many of our customers. This indicates their level of confidence in our ability to deliver our products and services. Because of the trust of our customers, we have been able to attain orders from a diverse range of client base. Our majority sales are made to State Electricity Boards through tenders & we have good track record and performance in electricity boards. Our major customers are GEB (Vadodara), whom we are supplying since last 22 years, thereafter GEB was divided into various Discoms i.e. presently Dakshin Gujarat Vij Co. Ltd. (Surat), Paschim Gujarat Vij Co. Ltd. (Rajkot), Madhya Gujarat Vij Co. Ltd. (Vadodara), Uttar Gujarat Vij Co. Ltd. (Mehsana) ani Gujarat Energy Transmission Company Ltd. (Vadodara) since 10 years, TNEB (Chennai) whom we are supplying since last 22 years, thereafter TNEB was divided into TANGEDCO (Tamil Nadu Generation & Distribution Co. Ltd.) Chennai & TANTRANSCO (Tamil Nadu Transmission Corporation), MSEDCL (Mumbai) for 23 years, CSPDCL (Raipur) since 6 years, APCPDCL (Hyderabad since 11 years, etc. Additionally, the Central Government releases plans for the expansion of the power infrastructure, and the State Electricity Boards issue turnkey tenders. Our Company is listed on majority state power boards' approved vendor list of following:

1. Madhya Pradesh Poorv Kshetra Vidyut Vitran Co. Ltd.;
2. Tamil Nadu Generation and Distribution Corporation Ltd.;
3. Eastern Power Distribution Company of A.P. Limited;
4. Dakshinanchal Vidyut Vitran Nigam Ltd.;
5. Gujarat Energy Transmission Corporation Limited;
6. Maharashtra State Electricity Distribution Co. Ltd.;
7. North Bihar Power Distribution Co. Ltd.;
8. Power Grid Corporation of India Limited;
9. Paschim Gujarat Vij Company Limited;
10. Pashchimanchal Vidyut Vitran Nigam Ltd.;

The same is used to award turnkey contracts to various EPC Contractors. We often receive orders from the aforementioned customers as a result of our past success & track record.

4. Leveraging the experience of our Promoter and Directors

Our Promoter and Managing Director, Sumit Sugnomal Kukreja and our Whole-Time Director, Sugnomal Mangandas Kukreja have experience of more than 18 years and 34 years respectively in cables industry. They play an instrumental role in the growth and success of our Company. The vision and growth strategies of our Company have been greatly influenced by their experience. Their industry experience enables us to anticipate and address market trends, manage and

grow our operations, maintain and leverage customer relationships. Their expertise lies in business development, business strategy, product marketing, business planning, team management, sales management, entrepreneurship, strategic planning, channel expertise and competitive analysis. In order to meet the needs of the clients and deliver high yield, we have experienced team of employees in engineering, manufacturing, marketing, and customer service, among other areas.

5. *Customized Product Development*

Our customers prefer to have tailor-made product as per their particular requirement. Our manufacturing team focuses on the precise desires of customers and with the help of individual support, customized products are developed.

6. *Strong Financial Management*

We have a disciplined financial management to ensure that proper records are maintained and follow up is conducted with regard to the day-to-day activities and receivables of our Company and to ensure that the receivables are consistent with the financial appetite of our Company. Our internal control systems ensure periodic audits to ensure continuous monitoring of the status of the financial resources of our Company and ensure that proper balance is maintained between the receivables and payables.

7. *Strong Marketing Practices*

Our marketing team is ready to take up challenges so as to scale new heights in India. Our marketing strategies have established a new scope for us. Our commitment and competitive prices have ensured the loyalty of our customers.

OUR STRATEGIES

Our Company targets to satisfy the changing and evolving cable and wire industry. Our vision is to strive for growth in existing and new markets by providing cost-effective and quality solutions for electrical connectivity requirements for various businesses as well as domestic users by offering high quality customized cables at competitive price with best service and unflinching commitment.

1. *Expand relationships with our existing customers*

We plan to continue to focus on customers with whom we have long-standing relationships in order to develop and supply more sophisticated, higher margin products. For example, we have started manufacturing AAA Conductors and will be supplied to most of our existing customers.

2. *Broaden our marketing base and increasing our geographical reach*

We currently supply to various electricity boards all over India. We have developed a long-standing relationship with our customers and Turnkey contractors. However, our growth depends on our ability to maintain our relationship with our existing clients in addition to adding more clientele to our list. Presently, our revenue from operation is generated from below states:

(₹ in Lakhs)

State	FY 2022-23*		FY 2021-2022*		FY 2020-21*

*as per Audited Financial of the respective years.

We have scope to expand our reach to un-explored portions in other geographies and expand our customer base. Also, we intend to be part of the empanelled suppliers on various government projects as we believe that this will give us a good reputation and steady flow of orders, keeping in tune with the infrastructural development in the country. Further, we are solely focused on domestic supply and have not yet explored international markets.

3. Focus on manufacturing consistent quality

Our core focus area is to maintain high-quality standards for our products and services. Our Company continuously works on developing plans to take various steps in order to ensure adherence to timely fulfilment and also to achieve greater cost efficiency as timely fulfilment of the orders is a prerequisite in our industry. These steps include identifying quality raw material, smooth labour relations, use of an efficient production system and ability to meet large and varied orders due to our capacity and linkages with raw material suppliers and well-equipped plant and machinery. This ensures repeat orders from our customers and is crucial for both customer satisfaction and regulatory compliance. Our commitment to delivering quality products and services contributes to our reputation and fosters long-term relationships with our customers.

4. Optimal Utilization of Resources

Our Company constantly endeavours to optimize the utilization of resources. We have invested in significant resources and intend to further invest in our activities to develop customized systems and processes to ensure effective management control. We regularly analyse our existing policies to be carried out for providing our products which enables us to identify the areas of bottlenecks and correct the same. This helps us in improving efficiency and putting resources to optimal use.

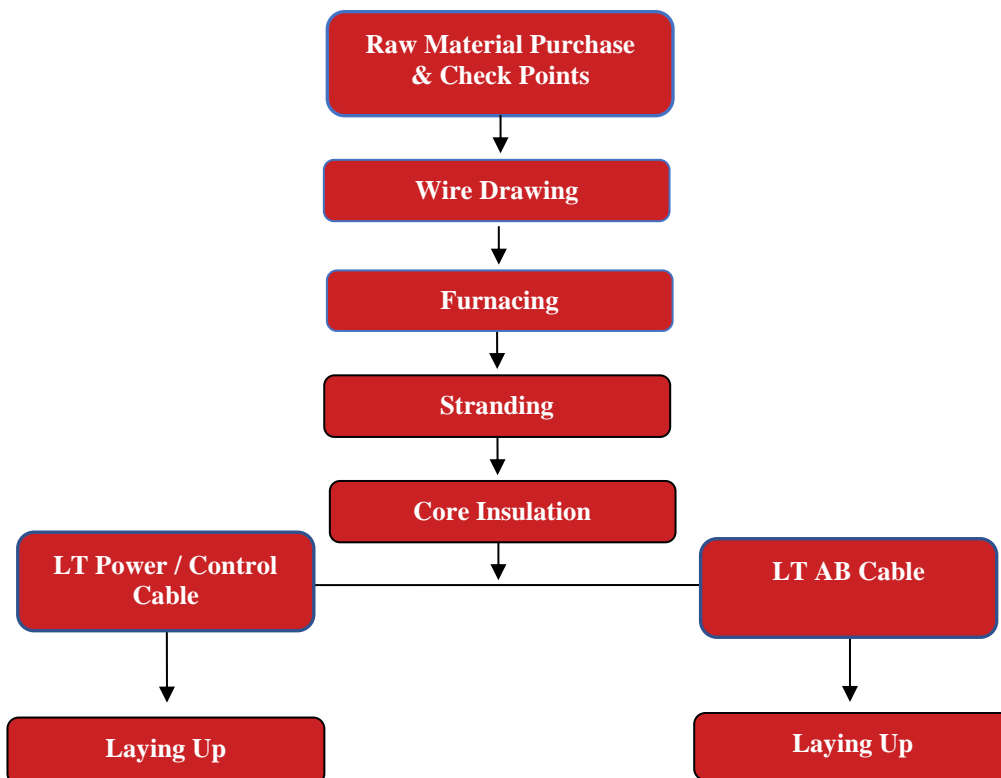

5. Technology enhancements

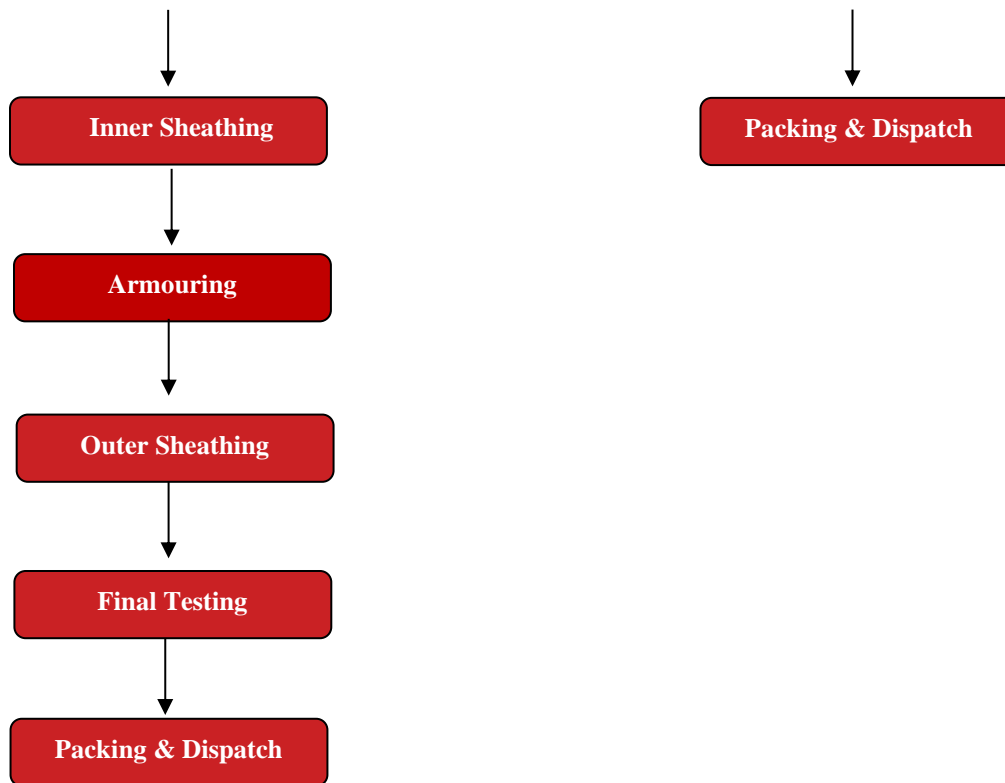

Our focus is on developing our technology systems to increase asset productivity, operating efficiencies, and maintain our competitive position. Our in-house technology capabilities play a crucial role in managing and expanding our operations, improving customer service levels, and maintaining operational and fiscal controls. We plan to continue investing in our in-house technology capabilities to create customized systems and processes that ensure effective management control. Our priority is to strengthen our operational and fiscal controls further.

MANUFACTURING PROCESS

1. Manufacturing of Cables

The following sets forth the typical manufacturing process of our wire and cables products:

Raw Material Purchase and Check-Points: Aluminium, copper wires, alloys rod, PVC/XLPE compound, GI flat strip / round wire, etc. are principle raw are purchased from various approved suppliers, and the same is inspected and checked for quality. In the course of our production process, aluminium rods are drawn to the desired specifications.

Wire Drawing: High-speed rod breakdown machines are used to draw aluminium rods to the desired sizes, using drawing dies. These rods are then passed through different wire drawing dies to achieve the required dimensions. To ensure the quality of the final product, in-process testing is conducted both on the floor and in the laboratory at every stage of the wire drawing process.

Furnacing: Annealing Process is done after stranding by maintaining specified temperature for specific time in air oven.

Stranding: To enhance the flexibility of the conductor, wires are stranded together, which also results in the overall cable becoming more flexible. The number of strands increases as the size of the conductor grows. The stranding process involves combining all the drawn wires from the drawing unit to form a conductor. Throughout this process, checks are conducted both on the floor and in the laboratory to ensure quality control at every stage.

Core Insulation: After the conductor is received from the stranding machine, it is insulated with PVC or XLPE by extrusion to prevent current leakage. The insulation thickness is maintained uniformly by controlling the speed of the extruder and the flow of the material. The insulation is tested for its ability to withstand heat and cold, as well as thermal stability, according to its intended use. To ensure quality control, the insulation is checked and tested for high voltage and insulation resistance at every stage of production in the factory laboratory. The IS specification outlines different types of PVC insulation, and these standards are followed during production. For XLPE grade insulation, curing is a critical process, which is done through water, steam, or self-curing. To check the proper curing, a hot set test is conducted at every stage of production by taking production samples to the factory laboratory. Core insulation is a critical process in cable manufacturing.

Laying Up: Once the insulated cores are received from the core insulation process, they are twisted together in a process called laying up. This involves passing the phase and neutral current through each core and then twisting them together tightly without causing damage to the adjacent core. The final cable's shape is affected by the roundness of the main output during the laying up process. Therefore, the cores and the lay length are checked at every stage to ensure that the final product is of high quality. The twisted cores are then taken up on the take-off drum.

Inner Sheathing (Not for AB Cable): Once the cores have been laid up, they are coated with an inner sheath using either an extrusion or tapping process. The purpose of this process is to bind the twisted cores tightly and give them a round shape. The specified material is used, and the thickness is maintained during the process.

Armouring (Not for AB Cable): To provide the cores with mechanical strength and earthing, a process called armouring is performed after the inner sheath has been applied. Galvanized steel wires/strips are used to cover the inner sheath. The lay length and direction of the armouring are maintained according to the specified standard. In single core armoured cables, non-magnetic strips/wires are used for the armouring.

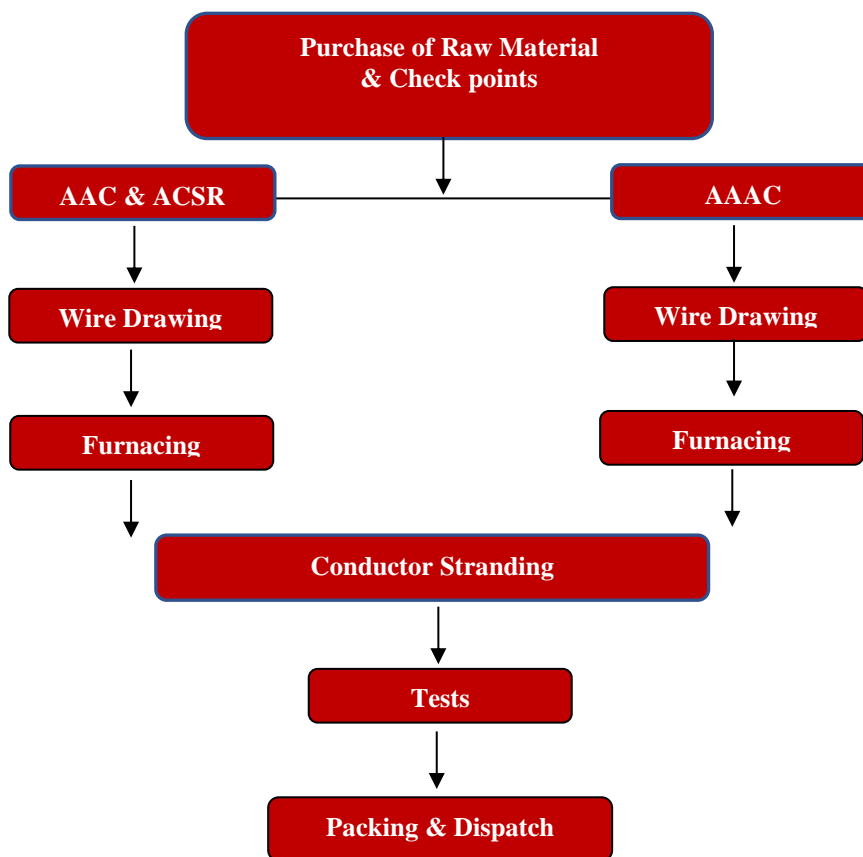

Outer Sheathing (Not for AB Cable): Once the armouring process is completed, the final step is to cover the armour with PVC sheathing by extrusion, which is known as the outer sheathing of the cable. The outer sheath needs to be able to withstand the specific climatic conditions where the cable will be used and must also be resistant to ultraviolet rays. The grade of the outer sheath is specified accordingly. The thickness of the outer sheath is maintained uniformly throughout the entire length of the cable, and the suitability and quality of the outer sheath material are checked through specified tests conducted in the factory laboratory.

Final Testing: Upon completion of the manufacturing process and obtaining the final product, the cable undergoes a series of tests in the factory laboratory, including type tests, routine tests, and acceptance tests. These tests are designed according to the cable's intended application and specifications to ensure that the cable meets all necessary standards and requirements.

Packing and Dispatch: Once the cables pass the final testing stage in the factory laboratory, they are packaged in wooden or steel drums in accordance with both the customer's and IS specifications. The dispatch department follows all company procedures to ensure that the cable is dispatched smoothly and correctly.

2. Manufacturing of Conductors

The following sets forth the typical manufacturing process of our AAC, ACSR and AAAC:

Raw Material Purchase and Check-Points: Aluminium alloy rod and GI core wires are the raw materials needed to make cables and conductors, and they can be acquired from a variety of authorised sources. Aluminium alloy rods are drawn to the specified needed size throughout our manufacturing process. Every step of the inspection and quality check process for purchased raw materials.

Wire Drawing: High Speed Rod Breakdown Machines with drawing dies are used to draw aluminium alloy rods to the desired diameters. To obtain the desired size, the rods were placed into several wire drawing dies. The drawn wires are put through in-process testing at every stage on the floor and in the lab.

Furnacing: After stranding, the annealing process is carried out in an air oven at a certain temperature for a predetermined amount of time.

Stranding: Wires are stranded together to create the conductor, which increases its flexibility and makes the finished cable more flexible. There are more strands per unit of larger size. The process of stranding is where all the drawn wires that were received from the drawing machine are bundled together to form a conductor. At every stage of this process, both in the lab and on the floor, check measures are maintained.

Final Testing: The cable is tested in the manufacturing laboratory for all the required type tests after the finished conductor has been obtained from the outer sheathing process. The wire is additionally put through routine and acceptance tests. According to the cable application, each test is appropriately developed in the specification.

Packing and Dispatch: The industrial laboratory's final tested conductor is packaged in steel or wooden drums for delivery to clients. Packaging is carried out in accordance with customer and IS specifications. The cable is dispatched in accordance with all business policies and regulations, which are upheld by the dispatch department.

OUR SPECTRUM OF PRODUCTS

We are primarily engaged in the production and sales of a variety of wires, cables and conductors. Our products are used in diverse sectors encompassing virtually all industries like power, telecom, electrical, automotive. Our portfolio of wires, cables and conductors primarily comprise single & multistrand cables, 1.1 KV, XLPE/ PVC Power/Control Cables, FRLS Cables, AAAC/ACSR Conductor and Aerial Bunched Cables. We manufacture wires and cables in accordance with various Indian and international standards. In addition, we may produce customized products for our customers, based on their requirements and specifications. This enables us to offer customers customized solutions based on their performance expectations. The detailed description of various of our products manufactured and sold with specification as to their characteristics and varied uses is tabled below:

1. LT XLPE Cables

Our XLPE cables are manufactured with copper / Aluminium Conductor with XLPE Insulation, Laid up, Inner Taped/Extruded. The armouring is of galvanised mild steel wires/strips. The final outer sheath with high grade PVC. All as per relevant IS specification.

- i) L.T XLPE Insulated & PVC sheathed, armoured /unarmoured cables with Copper and Aluminium conductor 1.1 KV grade in two, three & half, four core up to 400 Sq.mm. and single core up to 1000 Sq.mm.
- ii) XLPE control cables with copper conductor both armoured and unarmoured 1.1 KV grade in 1.5 Sq.mm. & 2.5 Sq.mm. size up to 61 cores (solid and stranded).

Application

- XLPE cables have a higher conductor temperature rating i.e., 90° as against 70°/85° of PVC and hence 30% higher current rating. XLPE cables have better properties of resistance to chemical and corrosive gases.
- XLPE cables have better properties to withstand vibrations and hot impacts. Jointing of XLPE cables is easier and quicker.
- XLPE cables have longer life as compared to PVC cables.
- Maximum temperature limit under short circuit conditions for XLPE cable is 250°C as against 160°C for PVC cables. The moisture resistance of XLPE cables is nearly 100 times than that of PVC cables.
- Insulation resistance of XLPE cables is very high compared to PVC (as high as 1000 times). XLPE cables have high corrosion resistance in polluted atmosphere as compared to PVC cables.
- XLPE cables have low installation cost because of light weight, dimensions and far more flexible.
- XLPE cables have higher Tensile Strength than PVC cables.
- LT-XLPE Cables are ideal for transmission and distribution of power.
- Cable Installation - Easy Due to Light Weight.

2. LT PVC Cables

- PVC Insulated & sheathed, armoured /unarmoured cables with Copper and Aluminium conductor 1.1 KV grade in two, three & half, four core up to 400 Sq.mm. and single core up to 1000 Sq.mm.
- Control cables with copper conductor both armoured and unarmoured 1.1 KV grade in 1.5 Sq.mm. & 2.5 Sq.mm. & size up to 61 cores (solid and stranded).

FRLS cables

- FRLS PVC Insulated & Sheathed, Armoured/Unarmoured cables with copper and Aluminium conductor 1.1 KV. Grade in single, two, three, three & half and four core up to 400 sq.mm.

ii) Control Cables with copper conductor both Armoured and Unarmoured 1.1 KV. Grade in 1.5 sq.mm. & 2.5 sq.mm. size conductor upto 61 cores (Solid & Stranded). Sizes from 1.5 Sq.mm. to 400 Sq.mm. in multicore cables with copper and aluminium conductors (Solid/ Stranded) with FRLS PVC.

61	0.9	0.4	2.2	44.0	2.0	1.72	49.0	0.8	1.56	46.0

Application

- A power cable is an electrical cable, high dielectric strength & resistance to D.C. voltage effects; high mechanical strength & resistance to abrasion, vibration & ageing; resistant to most acids, alkalis, to temporary contact with solvents, oils and liquid fluids; flame retardant, does not support combustion and self-extinguishing consisting one or more electrical conductors, usually held together with an overall sheath.
- The PVC power cables are used for transmission of electrical power. Power cables may be installed as permanent wiring within buildings, buried in the ground, run overhead, or exposed.
- LT cables can be used in industries like power distribution, power stations, railways, etc. revolving around 1.1 kv range.

3. LT Aerial Bunched Cables (ABC)

Aerial Bunched Cables (ABC) is very novel concept for overhead Power Distribution. When compared to conventional bare Conductors overhead distribution system. ABC provides higher safety and reliability lower power losses and ultimate system economy by reducing installation, maintenance and operating cost.

Specification:

Description Size	Insulation Thickness (mm)	Nominal Overall Diameter (mm)	Approx. Current Carrying Capacity (Amps)
3 x16 +16 +25	1.20 mm	21	67
3 x25 +16 +25	1.20 mm	24	100
3 x35 +16 +25	1.20 mm	26	125
3 x50 +16 +35	1.50 mm	34	150
3 x70+16 +50	1.50 mm	37	190
3 x95 +16 +70	1.50 mm	40	236

Application

This is attractive for installation in difficult terrains such as hilly areas forest areas, coastal areas etc. ABC is considered to be the best choice for power distribution in congested urban areas with narrow lanes and by lanes in developing urban complex, ABC is the better choice because of flexibility for rerouting as demanded by changing urban development plan.

4. AAAC Conductors

AAAC conductor is made from aluminium-magnesium-silicon alloy of high electrical conductivity containing Magnesium (0.6-0.9%) & Silicon (0.5-0.9%) to give it better mechanical properties after treatment. AAAC conductors are generally made out of aluminium alloy 6201 (Minimum Conductivity is 54%). AAAC Conductor has a better corrosion resistance and better strength to weight ratio and improved electrical conductivity than ACSR Conductor on equal diameter basis. These conductors are designed to get better strength to weight ratio and improved electrical properties, good sag tension characteristics, and superior corrosion resistance when compared with ACSR. AAAC conductor are lighter in weight, comparable strength & current carrying capacity, lower electrical losses and superior corrosion resistance is widely accepted in the distribution and transmission lines.

Key Benefits:

High Tensile Strength as compared to AAC Conductor.

Higher Conductivity as compared to ACSR Conductor.

Better Corrosion resistant than ACSR Conductor.

6	100	7/4.26	12.78	272.86	0.339	29.26

Application

- It can be used in coastal regions owing to its high degree of corrosion resistance and is also used extensively within the Railway and Metro industries, are used as a bare conductor cable on aerial circuits that require a larger mechanical resistance.
- It is extensively used in overhead electric power transmission and distribution lines which required suitable mechanical strength and electrical conductivity. AAAC is suitable for the long spans network.
- AAAC is used as a bare overhead conductor for power transmission and distribution lines, on aerial circuits that require a larger mechanical resistance than AAC, and a better corrosion resistance than ACSR.
- All Aluminium-Alloy Conductors (AAAC) can be used in Medium, High, and Extra-High voltage transmission lines.
- AAAC offers better sag performance due to the high strength-to-weight ratio provided by the aluminium alloy.

5. ACSR Conductors

Aluminium Conductor Steel Reinforced (ACSR) is stranded conductor with hard drawn 1350-H19 aluminium wire on galvanized steel wire. ACSR conductor consists of a solid or stranded steel core surrounded by strands of aluminium (E.C. GRADE). ACSR Conductor is available in a wide range of steel, containing carbon from 0.5% to 0.85 %. Steel core wire is galvanized for corrosion protection. Additional corrosion protection is available through the application of grease to the core or infusion of the completed conductor with grease. The percentage of steel and aluminium in ACSR conductor is based on the mechanical strength and current carrying capacity as per application. ACSR conductors combine the lightweight and good conductivity of aluminium with the high tensile strength of steel. Against any given resistance of conductor, ACSR may be manufactured for having a wide range of tensile strength as per requirement. The principal advantage of these conductors is high tensile strength so that they are used for longer spans with less supports. Due to the greater diameter of ACSR Conductor a much higher corona limit can be obtained causing big advantages on high as well as extra high voltage Overhead lines.

630	3.4/2.4	0.7	4.0	87.0	4.0	3.0	92.0

Application

- These are used as bare overhead transmission and as primary and secondary distribution cable.
- ACSR is suitable for use in all practical spans on wood poles, transmission towers, and other structures because of its dependability and strength to weight ratio.
- The higher strength ACSR Conductor are used for river crossings, overhead ground wires, installations involving extra-long spans etc.
- The principal advantage of these conductors is high tensile strength so that they are used for longer spans with less supports.
- 5. Due to the greater diameter of ACSR Conductor a much higher corona limit can be obtained causing big advantages on high as well as extra high voltage overhead lines due to high tensile strength.

PRICING

We determine the prices for our products based on various parameters, including market demand, transportation costs, raw materials costs, inventory levels and credit terms.

PROCUREMENT AND RAW MATERIALS

Our principal raw materials used by us to manufacture wires, cables and conductors are various types of aluminum wire rods, copper rods/wires, cross linked polyethylene compound, polyvinyl chloride resin & stabilizers, chlorinated paraffin wax compound, calcium carbonate, dioctyl phthalate, galvanized iron round wires/strips, wooden drums etc. We purchase most of our raw materials in required quantities from our supplier base. Our key suppliers are Bharat Aluminium Company Limited, JSK Industries Private Limited, Master India Private Limited, Sampat Aluminium Private Limited etc. Our total cost of materials consumed amounted to ₹4,459.90 Lakhs, ₹4,545.84 Lakhs and ₹3,572.19 Lakhs, respectively, accounting for 78.33%, 80.24 % and 83.41 %, respectively, of our total revenue from operations in Fiscals 2023, 2022 and 2021. We usually do not enter into long-term supply contracts with any of our raw material suppliers. However, our relationship with our customers and repeat business from them has also allowed us to develop a long-standing relationship with various raw materials suppliers.

The ability to store raw materials and work in progress goods at our facilities enables us to withstand disruptions in supply as well as volatility in the price of raw material. We plan our inventory levels based on historical levels of sales, actual sale orders on hand and the anticipated production requirements taking into consideration any expected fluctuation in raw material prices and delivery delay. We store our finished products at the warehouses.

RESEARCH AND DEVELOPMENT

We place a strong focus on research and development, aimed at further expanding our product portfolio in our focus areas and selectively entering adjacent areas. Our product development initiatives are focused on meeting the requirements of our customers by identifying their needs and addressing the gaps in market relating to our focus areas. Our product development is driven by our cross-functional team which regularly engages with our customers and key opinion leaders.

LOGISTICS

Our suppliers directly deliver raw materials to our manufacturing facility. We outsource the delivery of our products to either third-party logistics companies or as mutually agreed shipment terms as decided with the customers.

REPAIR AND MAINTENANCE

We conduct regular repair and maintenance programs for our manufacturing facilities. Our machinery and electrical repair teams carry out periodically maintenance and repair of the plants and machinery on an as-needed basis. In addition, our manufacturing facilities are periodically inspected by engineers and technicians.

CAPACITY AND CAPACITY UTILISATION

We have installed total capacity of 18,000 KMs per year. It is difficult to calculate the exact capacity utilisation as same machineries are used to manufacture various types of products. However, the product wise capacity is as follows:

Product Name	Actual								
	FY 2020-2021			FY 2021-2022			FY 2022-23		
	Installed Capacity (Km.)	Utilized Capacity y (Km.)	Utilized Capacity y (Km.)	Installed Capacity (Km.)	Actual Capacity y (Km.)	Utilized Capacity y (Km.)	Installed Capacity (Km.)	Actual Capacity y (Km.)	Utilized Capacity y (Km.)

LT PVC & LT XLPE Cables	1,500.00	1,065.50	71.03%	1,500.00	1,357.00	90.46%	1,500.00	580.00	38.66%

Total	18,000.00	6201.50	34.45 %	18,000.00	5,609.00	31.16 %	18,000.00	5,075.00	28.19 %

Note:

1) Same machineries are used for production of LT PVC Cables and LT XLPE Cables except the raw material is different, i.e., PVC or XLPE is used in insulation process.

2) Same machineries are used for production of AAAC Conductors and ACSR Conductors except the raw material is different, i.e. Aluminium Alloy or EC Grade Aluminium and Steel is used in all processes.

The above information has been certified M/s Mudkanna J.C., Chartered Engineer by way of their certificate dated August 07, 2023.

UTILITIES

Our registered office, factory and warehouse are located in Maharashtra. Those are well equipped with computer systems, internet connectivity, other communication equipment, security and other facilities which are required for our business operations to function smoothly. Our offices are well equipped with requisite utilities and facilities including the following:

Water

Our registered office, factory and warehouse have adequate water supply arrangements for human consumption and commercial purpose which is procure from local authority.

Power

Our Company meets its power requirements in our registered office, factory and warehouse through state electricity boards and the same is sufficient for our day-to-day functioning. Further, to meet exigencies in case of power failure, we have also installed D.G. sets at our manufacturing unit.

INFORMATION TECHNOLOGY

We believe that an appropriate information technology infrastructure is important in order to support the growth of our business. Our manufacturing facility is connected to our central IT network that facilitates monitoring of our operations and management of supply chain.

ENVIRONMENT, HEALTH & SAFETY

Our activities are subject to various environmental laws and regulations which govern, among other matters, air emissions, waste water discharges, the handling, storage and disposal of hazardous substances and wastes and employee health and employee safety. For further information, see “*Key Industry Regulations and Policies*” beginning on page 144 of this Draft Prospectus. We continue to ensure compliance with applicable health and safety regulations and other requirements in our operations.

We aim to comply with applicable health and safety regulations and other requirements in our operations. We aim to minimize the adverse impact of our products and activities on the environment, maintain ecological balance and protect the bio-diversity near our manufacturing facilities. Further, we aim to comply with the legislative requirements, requirements of our licenses, approvals, and various certifications and ensure the safety of our employees and people working in our manufacturing facilities or under our management. For further information, see “*Government and Other Statutory Approvals*” beginning on page 199 of this Draft Prospectus.

QUALITY CONTROL

Our business success depends on the quality of our products, and we believe we have invested in robust manufacturing, laboratory and documentation practices. We have developed systems to ensure product quality and customer satisfaction, which are focused on providing products conforming to applicable standards, meeting customer requirements, and minimizing risks and ensuring the safety of our products. We have a quality testing laboratory for wires, cables and conductors at our factory. The quality control of our cables and conductors starts from the basic raw material and continues right up to all stages of production down to finished product testing and even to the final usage where we extend service to our customers in the proper handling and use of the product. All raw material viz. aluminium, PVC compound, galvanised armoured wires or strips, PVC bending tapes, etc. are fully checked before it is passed on to the cable plant. The Laboratory for the testing is well equipped and having qualified engineers. All the tests are carried out according to the applicable parts of IS: 398, 1554, 7098, 14255; ISO 14001:2015 and ISO 9001:2015.

Testing of Raw Material:

- 1) Aluminium copper-resistance, annpaling, resistivity of rods and wires, Tensile strength.
- 2) Galvanised wires and strips; Analysis for carbon and other constituents in the steel rods, resistivity of rods and wires, tensile strength, elongation percentage, zinc coating.
- 3) PVC compounds: We are having our own compound and constituents going into the compound porosity extrusion characteristics (and Brabender Plastograph). Percentage elongation, tensile strength, ageing, hot deformation, shrinkage, bleeding and blooming and pig, insulation resistance, resistivity of insulation, fire resistance, strength and elongation after ageing.

We have tensile testing machine ovens, melt flow index apparatus, Kelvin's bridge megah meters, water bath, with temp. control special test equipment. Carbon content analyzer for analysis of steel H.V. tester having capacity 10 KV. (AC/DC), spark tester, digital micrometer & vernier scale, traveling microscope, electronic balance etc.

Process Control:

To ensure minimum rejection at final stages and the best possible quality of product, inspection of product is carried out a different stage of manufacturing. Well qualified staff is employed for the above purpose. The following checks are carried out in process control inspection: Wire drawing, Stranding, Insulations, Laying Up and Inner Sheath, Armouring and Outer Sheath.

We aim to ensure that our manufacturing facilities are in compliance with applicable regulatory standards. Our facilities are subject to periodic inspections from various regulatory agencies that have issued certifications. The following table sets forth the certifications obtained by us for compliance with quality standards.

Further, we aim to ensure that our manufacturing facility is in compliance with applicable regulatory standards. Our facility is subject to periodic inspections from various regulatory agencies that have issued certifications. The following table sets forth the certifications obtained by us for compliance with quality standards:

As a result, our manufacturing facility is subjected to system audits and product accreditation audits by these entities. In addition, we have customer inspections and audits on a periodic basis. In addition, we conduct regular repair and maintenance programs for our manufacturing facilities and our engineers and technicians periodically inspect our manufacturing facilities.

HUMAN RESOURCE

We believe that a well-trained, motivated and satisfied employee base is key to our competitive advantage. We believe that we have a qualified and experienced employee base, managed by middle and senior management personnel.

As on July 15, 2023, we have employed 79 personnel (including workers) at our plant and office. The permanent employees at our plant include personnel in manufacturing activities such as machine operations, assembling, maintenance & electrical and testing of products, quality assurance, and receipt and dispatch of materials. In addition to our full-time employees, we frequently hire workers on a contractual basis, for certain services at our manufacturing facility. The number of contract labourers varies from time to time based on the nature and extent of work contracted to independent contractors. The breakdown of our Company's permanent employees in different functionalities as of July 15, 2023 has been provided below:

Department/Function	No. of Personnel
Production	68
Quality Management System and Research & Development (QMS & RD)	2
Quality Control- Production (QC-Production)	3
Factory and Human Resource Administration	3
Accounts and Finance	2
Compliance and Secretarial	1

SALES & MARKETING STRATEGY

Our Sales and Marketing strategy focuses on enhancing revenue streams by leveraging established relationships and building competitive advantage through a wide range of product offerings. Majority of our revenue are generated from State Electricity Boards through tenders and we have good track record and performance in electricity boards. We regularly participate in trade fairs and exhibitions in India to gain recognition in the industry and to build relationships. Further, our marketing strategy is structured around a customer-centric approach to business development that is strongly oriented to the customer's specifications and satisfaction. We intend to focus on following marketing strategies:

1. Focus on existing markets.
2. To expand our existing distribution base
3. Supply of Quality Products.
4. Fulfilment of Order Quantity at scheduled delivery time.

In addition to the above, our website provides details of the range of products manufactured by us, infrastructure, performance certificates, QC facilities available, which enables the prospective customers to know the company strengths & expertise. This facilitates customer decision making for placing orders without much inconvenience. Also, we regularly participate in trade exhibitions for marketing our products.

COMPETITION

Our Industry is fragmented consisting of large established players and small niche players. Our Company is well placed, well informed and well trained to assist clients in overall delivery. We have a number of competitors offering products and services similar to us. Our industry has several competitors that offer similar products and services as us. Price, durability, product quality, timely delivery, reliability, and keeping up with industry regulations and technology are the key factors of competition. We are confident that our cost-effective and well-integrated facilities, customer-centric approach, reliability, quality consciousness and 34 years of presence in the industry give us a competitive edge in many of our products. While these factors are key parameters in the in-client's decisions matrix in purchasing goods; product range, product quality and product price is often the deciding factor in most deals. Further, there are no entry barriers in this industry and any expansion in capacity of the existing traders would further intensify competition. We intend to continue competing to capture more market share and manage our growth in an optimal way.

EXPORT AND EXPORT OBLIGATIONS

As on the date of this Draft Prospectus, our company do not have any export obligation.

COLLABORATION

As on date of this Draft Prospectus, our Company has not entered into any technical or financial collaboration agreements.

INSURANCE

Our operations are subject to various risks inherent in our industry. We have obtained insurance in order to manage the risk of losses from potentially harmful events covering damage to Building including compound wall gate super structure, on stock and stock in process raw material, finished goods, in factory and inside compound, on Furniture, Fitting Fixtures, Plant and Machinery, electrical installations, fire etc. These insurance policies are renewed periodically to ensure that the coverage is adequate. We believe that our insurance coverage is in accordance with industry custom, including the terms of and the coverage provided by such insurance. Our policies are subject to standard limitations. Therefore, insurance might not necessarily cover all losses incurred by us and we cannot provide any assurance that we will not incur losses or suffer claims beyond the limits of, or outside the relevant coverage of, our insurance policies:

KEY INDUSTRY REGULATIONS AND POLICIES

The following description is a summary of the relevant regulations and policies as prescribed by the GoI and other regulatory bodies that are applicable to our business. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, and the bye laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the shareholders and neither designed, nor intended to substitute for professional legal advice. For details of government approvals obtained by us, see the section titled “Government and Other Approvals” on page 199 of this Draft Prospectus.

THE COMPANIES ACT

The consolidation and amendment in the law relating to the Companies Act, 1956 made way to the enactment of the Companies Act, 2013 and rules made thereunder.

The Companies Act primarily regulates the formation, financing, functioning and restructuring of Companies as separate legal entities. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

SEBI REGULATIONS

Securities and Exchange Board of India is the regulatory body for securities market transactions including regulation of listing and delisting of securities. It forms various rules and regulations for the regulation of listed entities, transactions of securities, exchange platforms, securities market and intermediaries thereto. Apart from other rules and regulations, listed entities are mainly regulated by SEBI Act, 1992, Securities Contract Regulation Act, 1956, Securities Contracts (Regulation) Rules, 1957, SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 and SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015, SEBI (Substantial Acquisition of Shares and Takeover) Regulations, 2011 and SEBI (Prohibition of Insider Trading) Regulations, 2015.

TAX RELATED REGULATIONS

Income Tax Act, 1961

Income Tax Act, 1961 is applicable to every Domestic / Foreign Company whose income is taxable under the provisions of this Act or Rules made under depending upon its “Residential Status” and “Type of Income” involved. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 30th September of the Assessment Year. Other compliances like those relating to Tax Deduction at Source, Advance Tax, Minimum Alternative Tax and like are also required to be complied by every Company.

Goods and Service Tax Act, 2017

The Central Goods and Services Tax Act, 2017 is an Act to make a provision for levy and collection of tax on intra-State supply of goods or services or both by the Central Government and for matters connected therewith or incidental thereto. In line with CGST Act, each state Government has enacted State Goods and Service Tax Act for respective states. Goods and Services Tax (GST) is a comprehensive indirect tax on manufacture, sale and consumption of goods and services throughout India to replace taxes levied by the Central and State Governments. This method allows GST-registered businesses to claim tax credit to the value of GST they paid on purchase of goods or services or both as part of their normal commercial activity. The mechanism provides for two level taxation of interstate and intra state transactions. When the supply of goods or services happens within a state called as intra-state transactions, then both the CGST and SGST will be collected. Whereas if the supply of goods or services happens between the states called as inter-state transactions and IGST will be collected. Exports are considered as zero-rated supply and imports are levied the same taxes as domestic goods and services adhering to the destination principle in addition to the Customs Duty which has not been subsumed in the GST

Customs Act, 1962

The provisions of the Customs Act, 1962 and rules made there under are applicable at the time of import of goods i.e. bringing into India from a place outside India or at the time of export of goods i.e. taken out of India to a place outside India. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer

Exporter Code). Imported goods in India attract basic customs duty, additional customs duty and education cess. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the transaction value of the goods. Customs duties are administered by Central Board of Excise and Customs under the Ministry of Finance.

State Tax on Profession, Trades, Callings and Employment Rules, 1975

The professional tax slabs in India are applicable to those citizens of India who are either involved in any profession or trade. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The professional tax is charged as per the List II of the Constitution. The professional tax is classified under various tax slabs in India. The tax payable under the State Acts by any person earning a salary or wage shall be deducted by his employer from the salary or wages payable to such person before such salary or wages is paid to him, and such employer shall, irrespective of whether such deduction has been made or not when the salary and wage is paid to such persons, be liable to pay tax on behalf of such person and employer has to obtain the registration from the assessing authority in the prescribed manner.

BUSINESS / TRADE RELATED LAWS / REGULATIONS

The Electrical Wires, Cables, Appliances and Protection Devices and Accessories (Quality Control) Order, 2003

The Electrical Wires, Cables, Appliances and Protection Devices and Accessories (Quality Control) Order, 2003 (“Order”) prohibits the manufacture, storage for sale, sale and distribution of electrical wires, cables, appliances, protection devices (including low voltage switchgear and fuses) that do not conform to the standards specified in such order and that do not bear the standard mark issued by the Bureau of Indian Standards. The Order imposes a mandatory requirement on manufacturers to obtain a license for the use of the standard mark. The Central Government appoints an officer who is empowered to inspect any books, documents, search any premises, of any person or company engaged in manufacturing, storage, distribution and sale of electrical equipment, he can require such persons to furnish information and samples as the case may be and seize electrical equipment in contravention of the Order.

The Batteries (Management and Handling) Rules, 2001 (“Batteries Rules”)

The Batteries Rules, apply to every manufacturer, importer, assembler, dealer, recycler, auctioneer, consumer and bulk consumer involved in manufacture, processing, sale, purchase and use of batteries or components. If an entity manufactures products that use lead acid batteries as a component, it will be governed by the Batteries Rules and will have to comply with the necessary safety arrangements as mentioned thereunder.

The Indian Electricity Rules, 1956

These rules lay down the method of transforming and transmission of electricity, types and categories of electrical, conductors, wires and cables to be used for the transformation and transmission of electricity, licensing process, usage of meter, voltage flows in specific areas, eligibility and method of appointing officers for the electricity board of respective states, defaults and mode of appeals and other process related to transforming and transmission of electricity and like.

The Bureau of Indian Standards Act, 2016 (“BIS Act”)

The BIS Act, and Rules made thereunder and amendments thereto, establishes, publishes and regulates national standards to ensure conformity assessment, standardization, and quality assurance of goods, articles, processes, systems and services. The BIS Act empowers the Bureau of Indian Standards to inspect and monitor the quality of goods and materials to ensure conformity with the BIS Act. In furtherance of such powers, the officials may inspect the premises for evaluating a manufacturer’s compliance with use of standard marks. The BIS Act also enables the central government to appoint any authority to verify the conformity of products and services to a standard and issue certificate of conformity. Further, the BIS Act sets out inter alia, liability for use of standard mark on products that do not conform to the relevant Indian Standard. Under the BIS Act, such products may be recalled from the market.

In addition to the above, the BIS Standards Related with Manufacturer of Wires are also applicable to our Company.

Legal Metrology Act, 2009 (the “LM Act”) and the Legal Metrology (Packaged Commodities) Rules, 2011 (the “LM Rules”)

The LM Act seeks to establish and enforce standards of weights and measures, regulate trade and commerce in weights, measures and other goods which are sold or distributed by weight, measure, or number. The LM Act provides for inter alia

standard weights and measures and requirements for verification and stamping of weight and measure. LM Rules inter alia provide that certain commodities shall be packed for sale, distribution and delivery in standard quantities as laid down under the LM Rules. LM Rules also provide for declarations that must be made on packages, where those declarations should appear on the package and the manner in which the declaration is to be made.

E-Waste (Management and Handling) Rules, 2022 (“E-Waste Rules”)

Under the E-Waste Rules, a manufacturer is responsible for the collection of E-waste generated during the manufacture of any electrical and electronic equipment and channelizes it for recycling or disposal. Further, the E-Waste Rules also require that relevant authorizations must be obtained from the state pollution control boards, where manufacturing activities resulting in generation of E-Waste, are carried out.

Plastic Waste Management (PWM) Rules, 2016 and amendments thereto

The government of India, through the Ministry of Environment, Forest and Climate Change notified the new Plastic Waste Management Rules, 2016 (through a Gazette notification dated 18 March, 2016). This supersedes the Plastic Waste (Management and Handling) Rules, 2011 that governed such activities earlier. This provides the framework for how plastic waste generators, local bodies, manufacturers, importers etc., to manage plastic waste.

ENVIRONMENT LAWS

National Environmental Policy, 2006

The Policy seeks to extend the coverage, and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to our national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resources is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resources obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:-

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resources for Environmental Conservation

Environmental Legislations

The Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”), Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”), aim to prevent, control and abate pollution. The Air Act stipulates that no person shall, without prior written consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area, as notified by the state pollution control board. The Water Act aims to prevent and control water pollution and to maintain or restore water purity and any person intending to establish any industry, operation or process or any treatment and disposal system which is likely to discharge sewage or other pollution into a water body is required to obtain prior consent of the relevant state pollution control board. The Forest (Conservation) Act, 1980 (“FCA”) read with Forest (Conservation) Rules, 2003 aim to preserve forest land and provide for restriction on the deforestation of forests or use of forest land for non-forest purpose and requires prior approval for use of forest land for any non-forest purpose. The Environment (Protection) Act, 1986 read with Environment (Protection) Rules, 1986 aim to protect and improve the environment and provide rules for prevention, control and abatement of environment pollution and impose obligation for proper handling, storage, treatment, transportation and disposal of hazardous wastes.,

The Noise Pollution (Regulation and Control) Rules, 2000

These Noise Pollution (Regulation and Control) Rules, 2000 (“Noise Pollution Rules”) were constituted to regulate and control noise producing and generating sources with the objective of maintaining the ambient air quality standards in respect

of noise and were considered necessary as increasing ambient noise levels in public places from various sources, inter-alia, industrial activity, construction activity, (fire crackers, sound producing instruments), generator sets, loud speakers, public address systems, music systems, vehicular horns and other mechanical devices have deleterious effects on human health and psychological well-being of the people. The Noise Pollution Rules provide ambient air quality criteria with respect of noise for different areas/zones. The Noise Pollution Rules further provide powers to the authority to enforce the noise control measures in the areas/zones. The Noise Pollution Rules provide modes of making complaints to the authority in case noise levels exceed the ambient noise standards along with penalties and liabilities on account of violations in the silence zones/areas.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (“Hazardous Waste Rules”) and amendments thereto

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “hazardous waste” has been defined in the Hazardous Waste Rules and any person who has control over the affairs of the factory or the premises or any person in possession of the hazardous waste has been defined as an “occupier”. Every occupier and operator of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

Environment Impact Assessment Notification of 2006

The Ministry of Environment, Forests and Climate Change has notified the Environment Impact Assessment Notification of 2006 in September 2006. The notification makes it mandatory for various projects to get environment clearance.

REGULATIONS RELATED TO FOREIGN TRADE AND INVESTMENT

The Foreign Direct Investment

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department, for Promotion of Industry and Internal Trade (DPIIT), Ministry of Commerce & Industry, Government of India makes policy pronouncements on FDI through Consolidated FDI Policy Circular/Press Notes/Press Releases which are notified by the Department of Economic Affairs (DEA), Ministry of Finance, Government of India as amendments to the Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 under the Foreign Exchange Management Act, 1999 (42 of 1999) (FEMA). DPIIT has issued consolidated FDI Policy Circular of 2020 (“FDI Policy 2020”), which with effect from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until an updated circular is issued

The reporting requirements for any investment in India by a person resident in India under Foreign Exchange Management (Non-Debt Instruments) Rules, 2019 are specified by the RBI. Regulation 4 of the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 vide notification No. FEMA. 395/2019-RB dated 17.10.2019 issued by the RBI stipulates the reporting requirement for any investment in India by a person resident outside India. All the reporting is required to be done through the Single Master Form (SMF) available on the Foreign Investment Reporting and Management System (FIRMS) platform at <https://firms.rbi.org.in>.

Under the current FDI Policy of 2020, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates.

Foreign Exchange Management Act, 1999 (“FEMA”) and Regulations framed thereunder

Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the ‘automatic route’ within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 (“FEMA

Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

Duty Drawback Scheme

The duty drawback scheme is an option available to exporters. Under this scheme, exporter of goods is allowed to take back refund of money to compensate him for excise duty paid on the inputs used in the products exported by him. It neutralizes the duty impact in the goods exported. Relief of customs and central excise duties suffered on the inputs used in the manufacture of export product is allowed to exporters. The admissible duty drawback amount is paid to exporters by depositing it into their nominated bank account. Section 75 of the Customs Act, 1962 and Section 37 of the Central Excise Act, 1944, empower the Central Government to grant such duty drawback. Customs, Central Excise Duties and Service Tax Drawback Rules, 1995 (the "Drawback Rules") have been framed outlining the procedure to be followed for the purpose of grant of duty drawback (for both kinds of duties suffered) by the customs authorities processing export documentation. Under duty drawback scheme, an exporter can opt for either all industry rate of duty drawback scheme or brand rate of duty drawback scheme.

The all-industry rate of duty drawback scheme essentially attempts to compensate exporters of various export commodities for average incidence of customs and central excise duties suffered on the inputs used in their manufacture. Brand rate of duty drawback is granted in terms of rules 6 and 7 of the Drawback Rules in cases where the export product does not have any all-industry rate or duty drawback rate, or where the all industry rate duty drawback rate notified is considered by the exporter insufficient to compensate for the customs or central excise duties suffered on inputs used in the manufacture of export products. For goods having an all-industry rate, the brand rate facility to particular exporters is available only if it is established that the compensation by all industry rate is less than 80% of the actual duties suffered in the manufacture of the export goods.

Ownership restrictions of FIIs

Under the portfolio investment scheme, the total holding of all FIIs together with their sub-accounts in an Indian company is subject to a cap of 24% of the paid-up capital of a company, which may be increased up to the percentage of sectoral cap on FDI in respect of the said company pursuant to a resolution of the board of directors of the company and the approval of the shareholders of the company by a special resolution in a general meeting. The total holding by each FII, or in case an FII is investing on behalf of its sub-account, each sub-account should not exceed 10% of the total paid-up capital of a company.

Laws related to Overseas Investment by Indian Entities

Overseas investment by Indian Entities are governed under Foreign Exchange Management Act, 1999 under which the central Government of India have notified Foreign Exchange Management (Overseas Investment) Rules, 2022 in suppression of Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2004 and the Foreign Exchange Management (Acquisition and Transfer of Immovable Property Outside India) Regulations, 2015. Followed by the rules, RBI has vide notification no. RBI/2022-2023/110, A.P. (DIR Series) Circular No.12 dated August 22, 2022 has issued Foreign Exchange Management (Overseas Investment) Directions, 2022 and Foreign Exchange Management (Overseas Investment) Regulations, 2022. These legislations frame the investment fields, mode and cap for various sectors and regions, by any person resident in India and the reporting requirements.

Foreign Trade Policy 2023

The Central Government of India in exercise of powers conferred under Section 5 of the Foreign Trade (Development & Regulation) Act, 1992 (No. 22 of 1992) [FT (D&R) Act], as amended, has notified Foreign Trade Policy (FTP) 2023 which is effective from April 01, 2023 and shall continue to be in operation unless otherwise specified or amended. It provides for a framework relating to export and import of goods and services. All exports and imports made up to 31.03.2023 shall, accordingly, be governed by the relevant FTP, unless otherwise specified.

LAWS RELATED TO EMPLOYMENT OF MANPOWER

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020 and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and

Conditions of Service) Act, 1996. The provisions of this code will be brought into force on a date to be notified by the Central Government.

The Code on Social Security, 2020

The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume certain existing legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers' Social Security Act, 2008. The provisions of this code will be brought into force on a date to be notified by the Central Government. The Central Government has issued the draft rules under the Code on Social Security, 2020. The draft rules provide for operationalization of provisions in the Code on Social Security, 2020 relating to employees' provident fund, employees' state insurance corporation, gratuity, maternity benefit, social security and cess in respect of building and other construction workers, social security for unorganized workers, gig workers and platform workers.

The Industrial Relations Code, 2020 ("Industrial Code")

The Ministry of Law and Justice, with an intent to consolidate and amend laws relating to trade unions, conditions of employment in industrial establishment or undertaking, investigation and settlement of industrial dispute, has introduced the Industrial Code. The Code provides that the Central Government may repeal the provisions of the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946, and the Industrial Disputes Act, 1947 and may supersede them with the applicability of any provision of the Industrial Code. The Industrial Code is a central legislation and extends to the whole of India. The Industrial Code empowers the Central Government to require an establishment in which one hundred or more workers are employed or have been employed on any day in the preceding twelve months to constitute a works committee consisting of representatives of employer and workers engaged in the establishment. The code further requires every establishment with twenty or more workers to have grievance redressal committees for resolution of disputes arising out of individual grievances. The code bars the jurisdiction of civil courts to any matter to which the provisions of the Industrial Code apply, and provides for establishment of industrial tribunals for adjudication of such matters. The Industrial Code provides for provisions pertaining to lay-off and retrenchment of employees and closure of establishments and compensation provisions in relation thereto. The Industrial Code provides for monetary fines, penalties and imprisonment in case of contravention of the provisions of the code.

Employees Provident Fund and Miscellaneous Provisions Act, 1952

Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. The employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Factories Act, 1948

The Factories Act, 1948 ("Factories Act") seeks to regulate labour employed in factories and makes provisions for the safety, health and welfare of the workers. An occupier of a factory under the Factories Act, means the person who has ultimate control over the affairs of the factory. The occupier or manager of the factory is required to obtain a registration for the factory. The Factories Act also requires inter alia the maintenance of various registers dealing with safety, labour standards, holidays and extent of child labour including their conditions. Further, notice of accident or dangerous occurrence in the factory is to be provided to the inspector by the manager of the factory.

Payment of Gratuity Act, 1972, as amended (the "Gratuity Act")

The Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in every factory, mine, oil field, plantation, port and railway company, every shop or establishment in which ten or more persons are employed or were employed on any day of the preceding twelve months and in such other establishments in which ten or more employees are employed or were employed on any day of the preceding twelve months, as notified by the Central Government from time to time. Penalties are prescribed for non-compliance with statutory provisions.

Under the Gratuity Act, an employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, resignation, superannuation, death or disablement due to accident or disease. However, the entitlement to gratuity in the event of death or disablement will not be contingent upon an employee having completed five years of continuous service. The maximum amount of gratuity payable may not exceed 1 million.

Changes in Inventories

Changes in Inventories decreased by 278.42% to ₹ (138.18) Lakhs for the FY 2023 from ₹77.45 lakhs in FY 2022.

Employee Benefit Expenses

The Employee Benefit Expenses increased by 14.21% to ₹93.67 Lakhs in FY 2023 from ₹82.01 Lakhs in FY 2022. This increase was mainly due to increase in salaries expenses by ₹3.08 Lakhs, staff bonus by ₹8.62 Lakhs, decrease in EPF and ESIC contribution by ₹0.47 Lakhs, increase in gratuity expenses by ₹0.48 Lakhs, staff welfare expenses by ₹3.23 Lakhs and decrease in staff insurance by ₹3.28 Lakhs in the FY 2023.

Finance Costs

The Financial costs increased by 0.10% to ₹529.14 Lakhs in FY 2023 from ₹528.60 Lakhs in FY 2022. This increase was mainly due to interest on borrowings from banks by ₹30.46 Lakhs, non-banking financial company by ₹6.84 Lakhs, bill discounting charges by ₹5.29 Lakhs and loan processing charges by ₹1.92 Lakhs and decrease in interest on borrowings from others by ₹27.49 Lakhs, on car loan by ₹0.23 Lakhs, LC opening charges and interest by ₹8.75 Lakhs, bank charges by ₹3.17 Lakhs and bank guarantee charges by ₹4.32 Lakhs in the FY 2023.

Depreciation and Amortization Expenses

The Depreciation and Amortization expenses decreased by 2.66% to ₹48.05 Lakhs in FY 2023 from ₹49.37 Lakhs in FY 2022.

Other Expenses

The Other expenses increased by 16.26% to ₹388.66 Lakhs in FY 2023 from ₹334.31 Lakhs in FY 2022 majorly due to increase in BIS license fees, discount expenses, interest paid to creditors, exhibition expenses, liasoning charges, rent paid and miscellaneous expenses.

Profit before exceptional and extraordinary items and tax

Profit before exceptional and extraordinary items and tax increased by 554.64% to ₹312.48 Lakhs in FY 2023 from ₹47.73 Lakhs in FY 2022. Exceptional item for the financial year ended March 31, 2023 is ₹63.82 lakhs from profit on sale of property.

Profit before Tax

Our profit before tax increased by 688.34% to ₹376.30 Lakhs for the FY 2023 from ₹47.73 Lakhs for the FY 2022. The increase was mainly due to the factors described above along with the below:

1. By availing the benefit of price fluctuation of our raw material: Our one of the principal raw materials used by us to manufacture wires, cables and conductors is aluminium which we are procuring from open market. The prices of aluminium

reduced substantially as compared to last year, the average price stand at \$2769.39 per MTT (metric tonnes) in 2021-22 and went down to \$ 2489.29 per MTT in 2022-23, thereby reporting correction of around 10.09%. (Source: https://www.westmetall.com/en/markdaten.php?action=averages&field=LME_Al_cash). Further, we started buying aluminium on the basis of Multi Commodity Exchange (MCX) pricing method by booking aluminium at instant price whenever MCX pricing is lower than the pricing of raw material from our existing suppliers.

2. By expanding our suppliers base: During the Fiscals 2023, our company has increased raw material suppliers base from 34 suppliers during the Fiscal 2022 to 44 suppliers during the Fiscal 2023 as a result we get access to aluminium which is manufactured by small manufacturers who have their own aluminium rolling mills. Their prices are lower than the prices of primary producers by 7-9%.

Therefore, by procuring aluminium from these new suppliers & also through MCX Pricing method and availing the benefit of price fluctuation of our raw material made our company more competitive and in turn increased our profitability.

3. During the financial year ended March 31, 2023, a property has been sold on a profit of ₹63.82 lakhs.

Tax Expenses

Our total tax expense also accordingly increased by 571.36% to ₹ 95.60 Lakhs in FY 2023 from ₹ 14.24 Lakhs in the FY 2022 on account of increase in current tax by ₹ 83.55 Lakhs, decrease in deferred tax by ₹1.10 Lakhs and decrease in income tax for earlier years by ₹ 1.10 Lakhs in FY 2023.

Status of any publicly announced new products or business segments

Please refer to the chapter titled “*Our Business*” beginning on page 118 of this Draft Prospectus for new products or business segments.

The extent to which the business is seasonal

Our business is not seasonal in nature.

Competitive Conditions

We operate in a competitive atmosphere. Some of our competitors may have greater resources than those available to us. While product quality, brand value, distribution network, etc are key factors in client decisions among competitors, however, reliability and competitive pricing is the deciding factor in most cases. We face fair competition from both organized and unorganized players in the market. We believe that our experience, and reliability record with our customers will be key to overcome competition posed by such organized and unorganized players. Although, a competitive market, there are not enough number of competitors offering products similar to us. We believe that we are able to compete

effectively in the market with our quality of products and our reputation. We believe that the principal factors affecting competition in our business include client relationships, reputation, and the relative quality and price of the products.

STOCK MARKET DATA OF EQUITY SHARES

This being an initial public offer of the Equity Shares of our Company, the Equity Shares are not listed on any stock exchange and accordingly, no stock market data is available for the Equity Shares.

MECHANISM FOR REDRESSAL OF INVESTOR GRIEVANCES

The Registrar Agreement provides for retention of records with the Registrar to the Offer for a period of three years from the date of listing and commencement of trading of the Equity Shares to enable the applicants to approach the Registrar to the Offer for redressal of their grievances. The Registrar to the Offer shall obtain the required information from the SCSBs for addressing any clarifications or grievances of ASBA Applicants.

All grievances may be addressed to the Registrar to the Offer with a copy to the relevant Designated Intermediary with whom the ASBA Form was submitted, giving full details such as name of the sole or First Applicant, ASBA Form number, Applicant's DP ID, Client ID, PAN, address of Applicant, number of Equity Shares applied for, ASBA Account number in which the amount equivalent to the Application Amount was blocked or the UPI ID (for UPI Applicants who make the payment of Application Amount through the UPI Mechanism), date of ASBA Form and the name and address of the relevant Designated Intermediary where the Application was submitted. Further, the Application shall enclose the Acknowledgment Slip or the application number from the Designated Intermediary in addition to the documents or information mentioned hereinabove. All grievances relating to Applications submitted through Registered Brokers may be addressed to the Stock Exchange with a copy to the Registrar to the Offer.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Offer Closing Date, the applicant shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

In terms of SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2018/22 dated February 15, 2018, SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and subject to applicable law, any ASBA Applicant whose Application has not been considered for Allotment, due to failure on the part of any SCSB, shall have the option to seek redressal of the same by the concerned SCSB within three months of the date of listing of the Equity Shares. SCSBs are required to resolve these complaints within 15 days, failing which the concerned SCSB would have to pay interest at the rate of 15% per annum for any delay beyond

this period of 15 days. The following compensation mechanism has become applicable for investor grievances in relation to applications made through the UPI Mechanism for public issues opening on or after May 1, 2021, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensation period
Delayed unblock for cancelled / withdrawn / deleted applications	₹100 per day or 15% per annum of the Application Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchange till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	1. Instantly revoke the blocked funds other than the original application amount and 2. ₹100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	1. Instantly revoke the difference amount, i.e., the blocked amount less the Application Amount and 2. ₹100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Application Amount were blocked till the date of actual unblock
Delayed unblock for non – Allotted / partially Allotted applications	₹100 per day or 15% per annum of the Application Amount, whichever is higher	From the Working Day subsequent to the finalisation of the Basis of Allotment till the date of actual unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the Lead Manager shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Application Amount, whichever is higher. The compensation shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Our Company, Selling Shareholder, the LM and the Registrar to the Offer accept no responsibility for errors, omissions, commission or any acts of SCSBs including any defaults in complying with its obligations under applicable SEBI ICDR Regulations.

For helpline details of the Lead Manager pursuant to the SEBI/HO/CFD/DIL-2/OW/P/2021/2481/1/M dated March 16, 2021, see “*General Information – Lead Manager*” on page 56 of this Draft Prospectus.

The Registrar to the Offer shall obtain the required information from the SCSBs and Sponsor Bank for addressing any clarifications or grievances of ASBA Applicants. Applicants can contact our Company Secretary and Compliance officer or the Registrar to the Offer in case of any pre-offer or post-offer related problems such as non-receipt of letters of Allotment, non-credit of Allotted Equity Shares in the respective beneficiary account, non-receipt of refund intimations and non-receipt of funds by electronic mode.

CIR/MRD/DSA/06/2012 dated February 21, 2012 and the same may be modified by NSE Emerge from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Offer will be done in multiples of [●] Equity Share subject to a minimum allotment of [●] Equity Shares to the successful Applicants.

Further, in accordance with SEBI ICDR Regulations the minimum application size in terms of number of specified securities shall not be less than ₹1.00 Lakh per application.

JOINT HOLDERS

Where two or more persons are registered as the holders of the Equity Shares, they will be deemed to hold such Equity Shares as joint tenants with benefits of survivorship.

JURISDICTION

The courts of Mumbai, Maharashtra, India will have exclusive jurisdiction in relation to this Offer.

NOMINATION FACILITY TO INVESTORS

In accordance with Section 72 (1) & 72 (2) of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 (3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72 (4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

1. to register himself or herself as the holder of the Equity Shares; or
2. to make such transfer of the Equity Shares, as the deceased holder could have made

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective Depository Participant.

OPTION TO RECEIVE EQUITY SHARES IN DEMATERIALIZED FORM

Allotment of Equity Shares to successful Applicants will only be in the dematerialized form. Applicants will not have the option of Allotment of the Equity Shares in physical form. The Equity Shares on Allotment will be traded only in the dematerialized segment of the Stock Exchange.

WITHDRAWAL OF THE OFFER

Our Company and Selling Shareholder in consultation with the Lead Manager, reserve the right to not to proceed with the Offer after the Offer Opening Date but before the Allotment. In such an event, our Company would offer a public notice in the newspapers in which the pre-offer advertisements were published, within two (2) days of the Offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Lead Manager through, the Registrar to the Offer, shall notify the SCSBs or the Sponsor Bank to unblock the bank accounts of the ASBA Applicants within one (1) working day from the date of receipt of such notification. Our Company shall also inform the same to the Stock Exchange on which Equity Shares are proposed to be listed. If the Offer is withdrawn after the designated Date, amounts that have been credited to the Public Offer Account shall be transferred to the Refund Account.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment, and (ii) the final ROC approval of the Prospectus after it is filed with the ROC. If our Company and Selling Shareholder withdraw the Offer after the Offer Closing Date and thereafter determines that it will proceed with an Offer, our Company shall file a fresh Draft Prospectus.

OFFER PROGRAM

An indicative timetable in respect of the Offer is set out below:

Offer Opens on	[●]
Offer Closes on	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Refunds / unblocking of funds from ASBA Account*	On or before [●]
Credit of Equity Shares to demat account of the Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchanges	On or before [●]

1. Our Company and selling shareholder shall, in consultation with the Lead Manager, consider closing the Offer Period for QIBs, one Working Day prior to the Offer Closing Date in accordance with the SEBI ICDR Regulations.
2. UPI mandate end time and date shall be at 5.00 p.m. on Offer Closing Date.

**In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Offer Closing Date, the applicant shall be compensated in accordance with applicable law. Further, investors shall be entitled to compensation in the manner specified in the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, in case of delays in resolving investor grievances in relation to blocking/unblocking of funds.*

The above timetable is indicative and does not constitute any obligation or liability on our Company or our selling shareholder or the Lead Manager.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Offer Closing Date or such other time as may be prescribed by SEBI, the timetable may change due to various factors, such as extension of the Offer Period by our Company and selling shareholder in consultation with the Lead Manager, or any delays in receiving the final listing and trading approval from the Stock Exchange or delay in receipt of final certificates from SCSBs, etc. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Applications and any revision to the same shall be accepted **only between 10.00 a.m. and 5.00 p.m.** (IST) during the Offer Period (except for the Offer Closing Date). On the Offer Closing Date, the Applications and any revision to the same shall be accepted between **10.00 a.m. and 3.00 p.m.** (IST) or such extended time as permitted by the Stock Exchanges, in case of Applications by Retail Individual Investors after taking into account the total number of applications received up to the closure of timings and reported by the Lead Manager to the Stock Exchanges. It is clarified that Applications not uploaded on the electronic system would be rejected. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Offer Closing Date, the Applicants are advised to submit their applications one day prior to the Offer Closing Date and, in any case, no later than 3.00 p.m. (IST) on the Offer Closing Date. All times mentioned in this Draft Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Offer Closing Date, as is typically experienced in public offerings, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Offer. Applications will be accepted only on Business Days. Neither our Company nor the Lead Manager is liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise.

In terms of the UPI Circulars, in relation to the Offer, the Lead Manager will submit reports of compliance with T+6 listing timelines and activities, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding Four (4) Working Days from the Offer Closing Date, the Applicant shall be compensated at a uniform rate of ₹100/- per day for the entire duration of delay exceeding Four (4) Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. SEBI is in the process of streamlining and reducing the post offer timeline for IPOs. Any circulars or notifications from SEBI after the date of this Prospectus may result in changes to the above-mentioned timelines. Further, the offer procedure is subject to change basis any revised SEBI circulars to this effect.

In case of (i) any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) for cancelled/ withdrawn/ deleted ASBA Forms, the Applicant shall be compensated at a uniform rate of ₹ 100/- per day or 15% per annum of the Application Amount, whichever is higher from the date on which the request for cancellation/ withdrawal/ deletion is placed in the Stock Exchange Applying platform until the date on which the amounts are unblocked (ii) any blocking of multiple amounts for the same ASBA Form (for amounts blocked through the UPI Mechanism), the Applicant shall be compensated at a uniform rate ₹ 100/- per day or 15% per annum of the total cumulative blocked amount except the original application amount, whichever is higher from the date on which such multiple amounts were blocked till the date of actual unblock; (iii) any blocking of amounts more than the Application Amount, the Applicant shall be compensated at a uniform rate of ₹ 100/- per day or 15% per annum of the difference in amount, whichever is

higher from the date on which such excess amounts were blocked till the date of actual unblock; (iv) any delay in unblocking of non-allotted/ partially allotted Application, exceeding four Working Days from the Issue Closing Date, the Applicant shall be compensated at a uniform rate of ₹ 100/- per day or 15% per annum of the Application Amount, whichever is higher for the entire duration of delay exceeding four Working Days from the Offer Closing Date by the SCSB responsible for causing such delay in unblocking. The post offer LM shall be liable for compensating the Applicant at a uniform rate of ₹100/- per day or 15% per annum of the Application Amount, whichever is higher from the date of receipt of the Investor grievance until the date on which the blocked amounts are unblocked. For the avoidance of doubt, the provisions of the SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, shall be deemed to be incorporated in the deemed agreement of the Company with the SCSBs to the extent applicable. SEBI is in the process of streamlining and reducing the post offer timeline for IPOs. Any further notification from the SEBI after filing of this Prospectus may result in changes in the timelines.

The Registrar to the Offer shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Offer closure time from the Offer Opening Date till the Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSB's shall unblock such applications by the closing hours of the Working Day.

It is clarified that applications not uploaded on the electronic bidding system or in respect of which the full application Amount is not blocked by SCSBs or under the UPI Mechanism, as the case may be, would be rejected.

In case of force majeure, banking strike or similar circumstances, the Issuer may, for reasons to be recorded in writing, extend the (Offer) period disclosed in the Prospectus, for a minimum period of three (3) working days, subject to the Offer Period not exceeding ten (10) working days.

SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. SEBI vide the UPI Circulars, has introduced an alternate payment mechanism using UPI and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI mechanisms for RIIs applying through Designated Intermediaries have been made effective along with the existing process and existing timeline of T+6 days (“UPI Phase I”). The same was applicable until June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Applications with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), Further pursuant to SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. However, given the prevailing uncertainty due to the COVID-19 pandemic, SEBI vide its circular no. The final reduced timeline of T+3 days be made effective using the UPI Mechanism for applications by RIIs (“UPI Phase III”), as may be prescribed by SEBI. The Offer will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 01, 2021, except as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 02, 2021, and the provisions of this circular, are deemed to form part of the Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 05, 2022, all individual applicants in initial public offerings (opening on or after May 01, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism. If the Offer is made under UPI Phase III, the same will be advertised in all editions of the English national daily newspaper, all editions of the Hindi national daily newspaper, regional edition of the regional daily newspaper on or prior to the Offer Opening Date and such advertisement shall also be made available to the Stock Exchange for the purpose of uploading on their website. Subsequently, pursuant to SEBI circular no SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding Four (4) Working Days from the Offer Closing Date, the Applicant shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding Four (4) Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The LM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days.

Our Company, Selling Shareholder and Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and is not liable for any amendment,

modification or change in the applicable law which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Draft Prospectus and the Prospectus.

Further, the Company, Selling Shareholder and the Lead Manager are not liable for any adverse occurrences' consequent to the implementation of the UPI Mechanism for application in this Offer.

Investors must ensure that their PAN is linked with Aadhar and are in compliance with the notification by the Central Board of Direct Taxes dated February 13, 2020 read with press release dated June 25, 2021 and September 17, 2021.

Applicants should note that the Equity Shares will be Allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicants' depository account, including DP ID, Client ID, PAN and UPI ID, for UPI Applicants using the UPI Mechanism, shall be treated as incomplete and will be rejected. However, they may get the Equity Share rematerialized subject to allotment of the equity shares in the Issue, subject to applicable laws.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued UPI Circulars in relation to streamlining the process of public Offer of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public Offer closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase has become applicable from January 1, 2019 and will continue till June 30, 2019. Under this phase, a Retail Individual Investor would also have the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public Offer closure to listing would continue to be six working days.

Phase II: This phase commenced on completion of Phase I, i.e., with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public offer closure to listing would continue to be six working days during this phase.

Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public Offer closure to listing is proposed to be reduced to three working days.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful applicants to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the post – offer LM will be required to compensate the concerned investor.

The Offer will be made under UPI Phase II of the UPI Circular, unless UPI Phase III of the UPI Circular becomes effective and applicable on or prior to the Offer Opening Date. All SCSBs offering facility of making application in public offers shall also provide facility to make application using UPI.

Our Company and the Selling Shareholder will be required to appoint one or more of the SCSBs as a Sponsor Bank(s) to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the UPI Investors.

The processing fees may be released to the remitter banks (SCSBs) only after an application is made by the SCSBs to the LM with a copy to the Registrar, and such application shall be made only after (i) unblocking of application amounts for each application received by the SCSB has been fully completed, and (ii) applicable compensation relating to investor complaints has been paid by the SCSB in accordance with April 20, 2022 Circular.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Lead Manager.

FIXED PRICE OFFER PROCEDURE

The Offer is being made in compliance with the provisions of Chapter IX of SEBI ICDR Regulations through a Fixed Price Process wherein 50% of the Net Offer is allocated for Retail Individual Investors and the balance shall be offered to individual applicants other than Retail Individual Investors and other investors including Corporate Bodies or Institutions, QIBs and Non-Institutional Investors. However, if the aggregate demand from the Retail Individual Investors is less than 50%, then the balance Equity Shares in that portion will be added to the non-retail portion offered to the remaining investors including QIBs and NIIs and vice-versa subject to valid Applications being received from them at or above the Offer Price.

Additionally, if the Retail Individual Investors category is entitled to more than 50% on proportionate basis, the Retail Individual Investors shall be allocated that higher percentage. However, the Application by an Applicant should not exceed the investment limits prescribed under the relevant regulations/statutory guidelines.

Subject to the valid Applications being received at the Offer Price, allocation to all categories in the Net Offer, shall be made on a proportionate basis, except for the Retail Portion where Allotment to each Retail Individual Investors shall not be less than the minimum lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under subscription if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the LM and the Stock Exchange.

Investors should note that according to section 29(1) of the Companies Act, 2013, allotment of Equity Shares to all successful Applicants will only be in the dematerialised form. The Application Forms which do not have the details of the Applicant's depository account including DP ID, PAN and Beneficiary Account Number/UPI ID (for RII Applicants using the UPI Mechanism), shall be treated as incomplete and rejected. In case DP ID, Client ID and PAN mentioned in the Application Form and entered into the electronic system of the stock exchanges, do not match with the DP ID, Client ID and PAN available in the depository database, the application is liable to be rejected. Applicants will not have the option of getting allotment of the Equity Shares in physical form. The Equity Shares on allotment shall be traded only in the dematerialised segment of the Stock Exchange.

AVAILABILITY OF DRAFT PROSPECTUS, PROSPECTUS AND APPLICATION FORMS

MAXIMUM AND MINIMUM APPLICATION SIZE

For Retail Individual Investors

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Applicant does not exceed ₹2,00,000. In case of revision of Applications, the Retail Individual Investors have to ensure that the Application Price does not exceed ₹2,00,000.

For Other than Retail Individual Investors (Non-Institutional Investors and QIBs)

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Offer Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Offer Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Investors, who are individuals, have to ensure that the Application Amount is greater than ₹2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Prospectus.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio). For applications where the proportionate allotment works out to less than [●] Equity shares the allotment will be made as follows:
 - (a) Each successful applicant shall be allotted [●] Equity shares; and
 - (b) The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
3. If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] Equity shares subject to a minimum allotment of [●] Equity shares.
4. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
5. The above proportionate allotment of shares in an Offer that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 - (a) As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - (b) The balance net offer of shares to the public shall be made available for allotment to:
 - i) Individual applicants other than retails individual investors; and
 - ii) Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - (c) The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.
6. Retail Individual Investors' means an investor who applies for shares of value of not more than ₹2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange. The Executive Director / Managing Director of Stock Exchange in addition to Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI ICDR Regulations.

PARTICIPATION BY ASSOCIATES/AFFILIATES OF LEAD MANAGER, PROMOTER, PROMOTER GROUP AND PERSONS RELATED TO PROMOTER/PROMOTER GROUP

The Lead Manager shall not be entitled to subscribe to this Offer in any manner except towards fulfilling their underwriting obligations. However, associates and affiliates of the Lead Manager may subscribe to Equity Shares in the Offer, either in the QIB Portion and Non-Institutional Portion where the allotment is on a proportionate basis. The Promoter, the Selling Shareholder, Promoter Group, Lead Manager, Selling Shareholder and any persons related to the Lead Manager (except Mutual Funds sponsored by entities related to the Lead Manager) cannot apply in the Offer.

APPLICATION BY MUTUAL FUNDS

With respect to Applications by Mutual Funds, a certified copy of their SEBI registration certificate must be lodged with the Application Form. The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: "Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Applications by HUFs may be considered at par with Applications from individuals.

APPLICATION BY ELIGIBLE NRIs

Eligible NRIs may obtain copies of Application Form from the Designated Intermediaries. Only Applications accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Applicant applying on a repatriation basis by using the Non-Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIIs using the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") ASBA Accounts, and eligible NRI Applicant applying on a non-repatriation basis by using Resident Forms should authorize their SCSB or should confirm/accept the UPI Mandate Request (in case of RIIs applying using the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Application Amount, at the time of the submission of the Application Form. However, NRIs applying in the Offer through the UPI Mechanism are advised to enquire with the relevant bank where their account is UPI linked prior to submitting their application.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for non-residents (blue in colour).

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents. (White in colour).

Participation by Eligible NRIs in the Offer shall be subject to the FEMA Non -Debt Instruments Rules. Only Applications accompanied by payment in Indian rupees or fully converted foreign exchange will be considered for Allotment.

In accordance with the FEMA Non-Debt Instruments Rules, the total holding by any individual NRI, on a repatriation basis, shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants offered by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

For further details, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 245 of this Draft Prospectus.

APPLICATION BY FPIs AND FIIs

In terms of the SEBI FPI Regulations, the investment in Equity Shares by a single FPI or an investor group (which means multiple entities registered as FPIs and directly or indirectly having common ownership of more than 50% or common control) must be below 10% of our post- Offer Equity Share capital. Further, in terms of the FEMA Non-Debt Instruments Rules, the total holding by each FPI or an investor group shall be below 10% of the total paid -up Equity Share capital of our Company and the total holdings of all FPIs put together with effect from April 1, 2020, can be up to the sectoral cap

applicable to the sector in which our Company operates (i.e., up to 100%). In terms of the FEMA Non -Debt Instruments Rules, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

Additionally, the aggregate foreign portfolio investment up to 49% of the paid -up capital on a fully diluted basis or the sectoral / statutory cap, whichever is lower, does not require Government approval or compliance of sectoral conditions as the case may be, if such investment does not result in transfer of ownership and control of the resident Indian company from resident Indian citizens or transfer of ownership or control to persons resident outside India. Other investments by a person resident outside India will be subject to conditions of Government approval and compliance with sectoral conditions as laid down in these regulations.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company and the Selling Shareholder reserve the right to reject any Bid without assigning any reason.

To ensure compliance with the above requirement, SEBI, pursuant to its circular dated July 13, 2018, has directed that at the time of finalisation of the Basis of Allotment, the Registrar shall (i) use the PAN issued by the Income Tax Department of India for checking compliance for a single FPI; and (ii) obtain validation from Depositories for the FPIs who have invested in the Offer to ensure there is no breach of the investment limit, within the timelines for Offer procedure, as prescribed by SEBI from time to time.

A FPI may purchase or sell equity shares of an Indian company which is listed or to be listed on a recognized stock exchange in India, and/ or may purchase or sell securities other than equity instruments FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is offered overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are offered only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are offered only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are offered after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instrument is made by, or on behalf of it subject to, inter alia, the following conditions:

- (a) each offshore derivative instruments are transferred to persons subject to fulfilment of SEBI FPI Regulations; and
- (b) prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

The FPIs who wish to participate in the Offer is advised to use the Application Form for non-residents.

Further, Applications received from FPIs bearing the same PAN will be treated as multiple Applications and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants which were issued in November 2019 to facilitate implementation of SEBI FPI Regulations (such structure "MIM Structure") provided such Bids have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple application received from FPIs, who do not utilize the MIM Structure, and bear the same PAN, are liable to be rejected. In order to ensure valid Bids, FPIs making multiple Bids using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, were required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the names of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications will be rejected.

APPLICATION BY SEBI REGISTERED AIF, VCF AND FVCI

The SEBI VCF Regulations, the SEBI FVCI Regulations and the SEBI AIF Regulations inter-alia prescribe the investment restrictions on the VCFs, FVCIs and AIFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, among others, the investment restrictions on AIFs.

The holding by any individual VCF or FVCI registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company, Selling Shareholder or the Lead Manager will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIPS

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company and the Selling Shareholder in consultation with the LM, reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY INSURANCE COMPANIES

In case of Applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our company and the Selling Shareholder in consultation with the Lead Manager reserves the right to reject any Application without assigning any reason thereof.

The exposure norms for insurers prescribed in Regulation 9 of the Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016 (“IRDAI Investment Regulations”) are set forth below:

Equity shares of a company: the lower of 10%⁽¹⁾ of the investee company’s outstanding equity shares (face value) or 10% of the respective fund in case of a life insurer or 10% of investment assets in case of a general insurer or a reinsurer;

The entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or a reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and

The industry sector in which the investee company operates: not more than 15% of the respective fund of a life insurer or a reinsurer or health insurer or general insurance or 15% of the investment assets, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under points (i), (ii) or (iii) above, as the case may be.

(1) The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of Rs.2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of Rs.500,000 million or more but less than Rs.2,500,000 million.

Insurer companies participating in this Offer shall comply with all applicable regulations, guidelines and circulars issued by the IRDA from time to time including the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 (“IRDA Investment Regulations”).

APPLICATION BY PROVIDENT FUNDS / PENSION FUNDS

In case of applications made by provident funds/pension funds, subject to applicable laws, with minimum corpus of Rs. 25 Crores, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/ pension fund must be attached to the Application Form. Failing this, the Company and the Selling Shareholder reserves the right to reject any application, without assigning any reason thereof.

APPLICATIONS BY BANKING COMPANIES

In case of Applications made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company’s investment committee are required to be attached to the Application Form, failing which our Company and the Selling Shareholder consultation with the LM, reserve the right to reject any Application without assigning any reason.

The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, 1949, as amended (“Banking Regulation Act”), and the Reserve Bank of India (“Financial Services provided by Banks”) Directions, 2016, as amended is 10% of the paid-up share capital of the investee company not being its subsidiary engaged in non-financial services or 10% of the banks own paid-up share capital and reserves, whichever is lower. METHOD AND PROCESS OF APPLICATIONS

The Designated Intermediaries shall accept applications from the Applicants during the Offer Period.

The Offer Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Offer Period may be extended, if required, by an additional three Working Days, subject to the total Offer Period not exceeding 10 Working Days.

During the Offer Period, Applicants who are interested in subscribing to the Equity Shares should approach the Designated Intermediaries to register their applications.

The Applicant cannot apply on another Application Form after applications on one Application Form have been submitted to the Designated Intermediaries. Submission of a second Application form to either the same or to another Designated Intermediaries will be treated as multiple applications and is liable to be rejected either before entering the application into the electronic collecting system or at any point prior to the allocation or Allotment of Equity Shares in this Offer.

Designated Intermediaries accepting the application forms shall be responsible for uploading the application along with other relevant details in application forms on the electronic bidding system of stock exchange and submitting the form to SCSBs for blocking of funds (except in case of SCSBs, where blocking of funds will be done by respective SCSBs only). All applications shall be stamped and thereby acknowledged by the Designated Intermediaries at the time of receipt.

The Designated Intermediaries will enter each application option into the electronic collecting system as a separate application and generate a TRS and give the same to the applicant.

Upon receipt of the Application Form, submitted whether in physical or electronic mode, the Designated Intermediaries shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form, prior to uploading such applications with the Stock Exchange.

If sufficient funds are not available in the ASBA Account, the Designated Intermediaries shall reject such applications and shall not upload such applications with the Stock Exchange.

If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form and will enter each application option into the electronic collecting system as a separate application and generate a TRS for each price and demand option. The TRS shall be furnished to the Applicant on request.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Offer Account, or until withdraw/ failure of the Offer or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis

of Allotment if finalized, the Registrar to the Offer shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Applicants to the Public Offer Account. In case of withdrawal/ failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

TERMS OF PAYMENT

The entire Offer price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Applicants. SCSBs will transfer the amount as per the instruction of the Registrar to the Public Offer Account, the balance amount after transfer will be unblocked by the SCSBs.

The applicants should note that the arrangement with Bankers to the Offer or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Offer and the Registrar to the Offer to facilitate collections from the Applicants.

PAYMENT MECHANISM

The applicants shall specify the bank account number in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Individual Investors shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Offer shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Offer and consequent transfer of the Application Amount to the Public Offer Account, or until withdrawal/ failure of the Offer or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI ICDR Regulations, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Offer have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued, issued the Consolidated FDI Policy Circular of 2020 (“FDI Policy”), which, with effect from October 15, 2020, subsumes and supersedes all press notes, press releases, clarifications, circulars issued by the DPIIT, which were in force as on October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that: (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the SEBI SAST Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

On October 17, 2019, Ministry of Finance, Department of Economic Affairs, had notified the FEMA Rules, which had replaced the Foreign Exchange Management (Transfer and Issue of Security by a Person Resident Outside India) Regulations 2017. Foreign investment in this Offer shall be on the basis of the FEMA Rules. Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Nondebt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country, will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020 issued on December 8, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank of fund in India.

As per the FDI policy, the sector in which our Company operates, is permitted up to 100% of the paid-up share capital of such company under the automatic route.

As per the existing policy of the Government of India, OCBs cannot participate in this Offer. For further details, see “*Offer Procedure*” on page 224 of this Draft Prospectus. Each Applicant should seek independent legal advice about its ability to participate in the offer. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant shall intimate our Company and the Registrar in writing about such approval along with a copy thereof within the Offer Period.

The Equity Shares offered in the Offer have not been and will not be registered under the U.S. Securities Act or any state securities laws of the United States and, unless so registered, may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws of the United States. Accordingly, the Equity Shares are only being offered and sold only outside the United States in offshore transactions in compliance with Regulation S under the U.S. Securities Act and the applicable laws of the jurisdictions where those offer and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company, the Selling Shareholder and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations, seek independent legal advice about its ability to participate in the offer and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

m. Registers to be Maintained by the Company

The Company shall, in terms of the provisions of Section 88 of the Act, cause to be kept the following registers in terms of the applicable provisions of the Act:

- (I) A Register of Members indicating separately for each class of Equity Shares and preference shares held by each Shareholder residing in or outside India.
- (II) A register of Debenture holders; and
- (III) A register of any other security holders.

The Company may keep in any country outside India, a part of the registers referred above, called “foreign register” containing names and particulars of the Shareholders, Debenture holders or holders of other Securities or beneficial owners residing outside India.

The registers mentioned in this Article shall be kept and maintained in the manner prescribed under the Companies (Management and Administration) Rules, 2014.

n. Share Certificates

- (a) The Company shall cause to be kept a register of members in accordance with Section 88 of the Act and the Depositories Act, with the details of the shares held in Dematerialized forms in any medium as may be permitted by law including in any form of electronic medium.

Every person whose name is entered as a member in the register of members shall be entitled to receive, within two months after allotment (or within such other period as the conditions of issue shall provide), or within fifteen days after the application for the registration of transfer or transmission is received by the Company, without payment, certificate for all the shares registered in his name, every share certificate specifying the name of the person in whose favour it is issued, the share certificate number and the distinctive number(s) of the shares to which it relates and the amount paid up thereon. Such certificate shall be issued only in pursuance of a resolution passed by the Board and on surrender to the Company of its letter of allotment or its fractional coupons of requisite value, save in case of issues against letters of acceptance or of renunciation or in cases of issue of bonus shares provided that if the letter of allotment is lost or destroyed, the Board may impose such reasonable terms, if any, as it thinks fit, as to evidence and indemnity and the payment of out of pocket expenses incurred by the Company in investigating the evidence.

- (b) Certificate of title to shares shall be issued and shall be signed in conformity with the provisions of the Companies (Share Capital and Debentures) Rules, 2014 or any statutory modification or re-enactment thereof for the time being in force. Printing of blank forms to be used for issue of share certificates and maintenance of books and documents relating to issue of share certificates shall be in accordance with the provisions of aforesaid rules. Such certificates of title to shares shall be completed and kept ready for delivery within two months after the allotment unless the conditions of issue of shares provide otherwise.
- (c) Any two or more joint allottees or holders of share shall, for the purpose of this Article, be treated as a single member and the certificate of any share, which may be the subject of joint ownership, may be delivered to any one of such joint owners on behalf of all of them. In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate and delivery of the certificate for a share to one of several joint shareholders shall be sufficient delivery to all such holder.

o. Fractional Certificates

- (a) If and whenever, as a result of issue of new shares on consolidation or sub-division of shares, any member becomes entitled to any fractional part of a share, the Board may subject to the provisions of the Act and these Articles and to the directions, if any, of the Company in General Meeting: -
 - (i) Issue to such member fractional certificate or certificates representing such fractional part. Such fractional certificate or certificates shall not be registered, nor shall they bear any dividend until exchanged with other fractional certificates for an entire share. The Directors may, however, fix the

time within which such fractional certificates are to be exchanged for an entire share and may extend such time and if at the expiry of such time, any fractional certificates shall be deemed to be canceled and the Directors shall sell the shares represented by such canceled fractional certificates for the best price reasonably obtainable or

- (ii) Sell the shares represented by all such fractional parts for the best price reasonably obtainable.
- (b) In the event of any shares being sold, in pursuance of sub-clause (a) above, the Company shall pay and distribute to and amongst the persons entitled, in due proportion the net sale proceeds thereof.
- (c) For the purpose of giving effect to any such sale, the Board may authorise any person to transfer the shares sold to the purchaser thereof, comprised in any such transfer and he shall not be bound to see to the application of purchase money nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the same.
- (d) The provisions of the foregoing Articles relating to issue of certificates shall mutatis mutandis apply to issue of certificates for any other securities including debentures (except where the Act otherwise requires) of the Company.
- (e) Notwithstanding the above, the Board shall have power to make such provision, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares/securities becoming distributable in fractions.

p. Renewal of Share Certificate

No certificate of any share or shares shall be issued either in exchange for those which are sub-divided or consolidated or in replacement of those which are defaced, torn, or old, decrepit, worn out, or where the pages on the reverse for recording transfers have been duly utilised unless the certificate in lieu of which it is issued is surrendered to the Company.

Provided that no fee shall be charged for issue of new certificates in replacement of those which are old, decrepit or worn out or where the pages on the reverse for recording transfers have been fully utilised.

Provided further that in case of any share certificate being lost or destroyed or if there be no further space on the bank for endorsement of transfer, the Company may issue a duplicate certificate in place of the certificate so lost or destroyed on such terms as to evidence out of pocket expenses in regard to investigation of such evidence and on execution of indemnity as the Board may determine.

The Company shall issue certificates or receipts or advices, as applicable, of subdivision, split, consolidation, renewal, exchanges, endorsements, issuance of duplicates thereof or issuance of new certificates or receipts or advices, as applicable, in cases of loss or old decrepit or worn out certificates or receipts or advices, as applicable within a period of thirty days from the date of such lodgement.

Provided that notwithstanding what is stated above, the Board shall comply with such rules or regulation or requirements of any stock exchanges or the rules made under the Act or rules made under the Securities Contracts (Regulation) Act, 1956 or any other Act, or rules applicable thereof in this behalf.

The provisions of the foregoing Articles relating to issue of certificates shall mutatis mutandis apply to issue of certificates for any other securities including debentures (except where the Act otherwise requires) of the Company.

q. Company not bound to recognize any Interest in Share other than Registered Holder

Except as ordered by a Court of competent jurisdiction or as by law required the Company shall not be bound to recognise any equitable, contingent, future or partial interest in any share, or (except only as is by these Articles expressly provided) any right in respect of a share other than an absolute right thereto/ in accordance with these Articles, in the person whose name appears in the Register of Members as holder of shares or whose name appears as the beneficial owner of the shares in the records of the depository, but the Board shall be at liberty at their sole discretion to register any share in the joint names of any two or more persons or the survivor or survivors of them.

4. Company entitled to Dematerialise its Shares and Securities

Notwithstanding anything contained in the Articles of Association, the Company shall be entitled to dematerialize its shares, debenture and other securities in a dematerialised form held in the Depositories and/or to offer its fresh Securities in a dematerialized form pursuant to the Depositories Act, and the rules framed thereunder, if any.

If a Person opts to hold his Securities with a Depository, the Company shall intimate such Depository the details of allotment of the Securities and on receipt of the information, the Depository shall enter in its record the name of the allottee as the Beneficial Owner of the Securities.

All Securities held by a Depository shall be dematerialized and be held in fungible form. Nothing contained in Sections 88, 89 and 186 of the Act shall apply to a Depository in respect of the Securities held by it on behalf of the Beneficial Owners.

Subject to the applicable provisions of the Act, the Company may exercise an option to issue, dematerialize, hold the securities (including shares) with a Depository in electronic form and the certificates in respect thereof shall be dematerialized, in which event the rights and obligations of the parties concerned and matters connected therewith or incidental thereto shall be governed by the provisions of the Depositories Act.

The Company shall further be entitled to maintain a Register of Members with the details of members holding shares/securities both in material and dematerialised form in any media as permitted by law including any form of electronic media.

5. GENERAL AUTHORITY

Where in the Act, it has been provided that a company shall have any right, privilege or authority or that a company could carry out any transactions only if such company is so authorized by its articles of association, in every such case this Articles of Association hereby authorizes and empowers the Company, its Board, its Directors and/or its members to have such right, privilege or authority and to carry out such transaction as have been permitted by the Act without there being any specific provision in that behalf herein. Following are a few illustrations of such rights, privileges, authorities and transactions as set out with relevant Section numbers from the Act:

The above authority does not include rights, privileges, authorities under Section 163 of the Act.

6. POWER TO PAY COMMISSION IN CONNECTION WITH SECURITIES ISSUED

The Company may exercise the powers of paying commissions conferred by the Act, to any person in connection with the subscription to its securities, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by the Act and the Rules.

2. The rate or amount of the commission shall not exceed the rate or amount prescribed in the Act and the Rules.

3. The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

7. BROKERAGE

The Company may on any issue of shares, debentures or any other securities pay such brokerage or commission as may be prescribed under the Act.

8. CALLS

a. BOARD MAY MAKE CALLS

Subject to the provisions of Section 49 of the Act, the Board of Directors may, from time to time, by a resolution passed at a meeting of the Board (and not by a circular resolution) make such calls as it thinks fit upon the members in respect of moneys unpaid on the shares, whether on account of the nominal value of the shares or by way of premium, held by them respectively and not by conditions of allotment thereof made payable at fixed times and each member shall pay the amount of every call so made on him to the person or persons and at the times and places appointed by the Board of Directors. A call may be made payable by installments. A call may be postponed or revoked as the Board may determine at any time.

b. NOTICE OF CALLS

At least Fourteen (14) days' notice in writing of any call shall be given by the Company specifying the time and place of payment, and the person or persons to whom such call shall be paid provided that before the time for payment of such call, the Board may revoke or postpone the same.

c. CALLS TO TAKE EFFECT FROM THE DATE OF RESOLUTION

A call shall be deemed to have been made at the time when the resolution authorising such call was passed at a meeting of the Board of Directors and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Board on such subsequent date as shall be fixed by the Board of Directors.

d. CALLS ON SHARES OF SAME CLASS TO BE ON UNIFORM BASIS

All calls shall be made on a uniform basis on all shares falling under the same class.

Explanation: Shares of different class having the same nominal value on which different amounts have been paid-up shall not be deemed to fall under the same class.

e. BOARD MAY EXTEND TIME

The Board of Directors may, from time to time at its discretion, extend the time fixed for the payments of any call, and may extend such times as to all or any of the members who, on account of residence at a distance or other cause, the Board of Directors may deem fairly entitled to such extension, but no member shall be entitled to such extension as of right except as a matter of grace and favour.

f. AMOUNT PAYABLE AT FIXED TIME OR BY INSTALMENTS TO BE TREATED AS CALLS

If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by instalments at fixed time (whether on account of the amount of the share or by way of premium) every such amount or instalment shall be payable by the person who for the time being and from time to time is or shall be the registered holder of the shares or legal representative of a deceased registered shareholder, as if it were a call duly made by the Board and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.

g. Deposit and Call, etc. to be Debt Payable

The money (if any) which the Board of Directors shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposit, call or otherwise, in respect of any shares allotted by them, shall, immediately on the inscription of the name of the allottee in the register of members as the name of the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.

h. Interest on Call or Instalment

If the sum payable in respect of any call or instalment is not paid on or before the day appointed for the payment thereof, the holder for the time being or allottee of the share in respect of which the call shall have been made or the installment shall be due, shall pay interest on the same at the rate as may be determined by the Board from the due date appointed for the payment thereof till the time of actual payment. However, the Board may waive payment of such interest wholly or in part. In case of non-payment, all the relevant provisions of these Articles as to payment of call, interest, expenses, forfeiture or otherwise shall apply as if such sum became payable by virtue of a call duly made and notified.

i. Partial Payment not to Preclude Forfeiture

Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time-to-time be due from any member in respect of any shares either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the forfeiture of such shares as herein provided.

j. PAYMENT IN ANTICIPATION OF CALLS MAY CARRY INTEREST

(a) The Board of Directors may, if it thinks fit, subject to the provisions of the Act, agree to and receive from any member willing to advance the same, all or any part of the amount due upon the shares held by him beyond the sums actually called for and upon the moneys so paid in advance or upon so much thereof, from time to time, and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made, the Company may pay or allow interest, at such rate as may be decided by the Board according to the provisions of the Act. The Board of Directors may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to such members three months' notice in writing.

(b) No member paying any such sum in advance shall be entitled to voting rights or dividend or to participate in profits in respect of the moneys so paid by him until the same would but for such payment, become presently payable.

The provisions of these Articles relating to calls on shares shall mutatis mutandis apply to any other securities including debentures of the Company.

9. LIEN

(a) Company to have Lien on Shares/ Debentures

The Company shall have a first and paramount lien upon all shares/debentures (other than fully paid up shares/debentures) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all moneys (whether presently payable or not), called or payable at a fixed time in respect of such shares/debentures and no equitable interests in any such share/debentures shall be created except upon the footing and condition that this Article is to have full legal effect. Any such lien shall extend to all dividends and bonuses from time to time declared in respect of shares/ debentures.

Unless otherwise agreed, the registration of a transfer of such shares/ debentures shall operate as a waiver of the Company's lien if any, on such shares/ debentures. PROVIDED THAT the Board of Directors may, at any time, declare any share/ debentures to be wholly or in part exempt from the provisions of this Article.

(b) As to Enforcing Lien by Sale

The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien for the purpose of enforcing the same. PROVIDED THAT no sale shall be made:

- (a) Unless a sum in respect of which the lien exists is presently payable; or
- (b) Until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency. For the purpose of such sale the Board may cause to be issue a duplicate certificate in respect of such shares and may authorise one of the members to execute a transfer thereof on behalf of and in the name of such members.

(c) Transfer of Shares sold under Lien

- (1) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereto;
- (2) The Purchaser shall be registered as the holder of the shares comprised in any such transfer;
- (3) The receipt of the Company for the consideration (if any) given for the share on the sale thereof shall (subject, if necessary, to execution of an instrument of transfer or a transfer by relevant system, as the case may be) constitute a good title to the share and the purchaser shall be registered as the holder of the share.
- (4) The Purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

(d) Application of proceeds of sale

- (1) The net proceeds of any such sale shall be received by the Company and applied in or towards such part of the amount in respect of which the lien exists as is presently payable, and
- (2) The residue, if any, shall be paid to the person entitled to the shares at the date of the sale (subject to a like lien for sums not presently payable as existed on the share before the sale).

(e) Outsider's lien not to affect company's lien

In exercising its lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by a court of competent jurisdiction or unless required by any statute) be bound to recognize any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered holder or otherwise. The Company's lien shall prevail notwithstanding that it has received notice of any such claim.

The provisions of these Articles relating to lien shall mutatis mutandis apply to any other securities including debentures of the Company.

10. JOINT HOLDERS

a. THE FIRST NAMED OF JOINT HOLDERS DEEMED SOLE HOLDER

If any share stands in the names of two or more persons, first named in the register shall, as regards receipts of dividends or bonus or service of notices and all or any other matter connected with the Company, except voting at meeting and the transfer of the shares, be deemed the sole holder thereof but the joint holder of a share shall, severally as well as jointly, be liable for the payment of all installments and calls due in respect of such share, and for all incidents thereof according to the Company's regulations.

Where two or more persons are registered as the holders of any share, they shall be deemed (so far as the Company is concerned) to hold the same as joint tenants with benefit of survivorship subject to the following and other provisions contained in these articles :-

b. NOT MORE THAN FOUR

- (a) The Company shall not be bound to register more than four persons as the holders of any share.
- (b) The joint holders of any share shall be liable severally as well as jointly for and in respect of all installments, calls and other payments which ought to be made in respect of such share.

c. TITLE OF SURVIVORS

On the death of any of such joint holder the survivor or survivors shall be the only person or persons recognised by the Company as having any title to the share but the Board may require such evidence of death as it may deem fit and nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on shares held by him jointly with any other person.

d. RECEIPT OF ONE SUFFICIENT

Any one of such joint holders may give effectual receipts of any dividends or other moneys payable in respect of such share.

e. DELIVERY OF CERTIFICATE AND GIVING OF NOTICE

Only the person whose name stands first in the Register of Members as one of the joint holders of any share unless otherwise directed by all of them in writing shall be entitled to delivery of certificate relating to such share or to receive any documents from the Company and any document served on or sent to such person shall be deemed service on all the joint holders.

The provisions of these Articles relating to joint holders of shares shall mutatis mutandis apply to any other securities including debentures of the Company registered in joint names.

11. FORFEITURE OF SHARES

a. IF MONEY PAYABLE ON SHARES NOT PAID NOTICE TO BE GIVEN TO MEMBER

If any member fails to pay any call or any installment of a call on or before the day appointed for the payment of the same or any such extension thereof as aforesaid, the Board of Directors may, at any time thereafter, give notice to him requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.

b. ALLOTMENT MONEY SHALL BE DEEMED TO BE A CALL

For the purpose of provisions of these presents relating to forfeiture of shares, the sum payable upon allotment in respect of a share shall be deemed to be a call payable upon such share on the day of allotment.

c. EFFECT OF NONPAYMENT OF SUMS

In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

d. FORM OF NOTICE

The notice shall name a day (not being less than fourteen(14) days from the date of the notice) and a place or places on and at which such call or installment and such interest thereon at such rate and expenses as aforesaid are to be paid. The notice shall also state that, in the event of the non-payment at or before the time and at the place appointed the shares in respect of which the call was made or installment is payable will be liable to be forfeited.

e. IN DEFAULT OF PAYMENT SHARES TO BE FORFEITED

If the requirements of any such notice as aforesaid shall not be complied with, every or any share in respect of which such notice has been given may at any time thereafter before payment of all calls or installments interest and expenses due in respect thereof, be forfeited by a resolution of the Board of Directors to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect by the forfeited shares and not actually paid before the forfeiture. Neither the receipt by the Company of a portion of any money which shall from time to time be due from any member to the Company in respect of his shares, either by way of principal or

interest, nor any indulgence granted by the Company in respect of payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as herein provided.

f. NOTICE OF FORFEITURE TO A MEMBER

When any share shall have so forfeited, notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof, shall forth with be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.

g. FORFEITED SHARE TO BE THE PROPERTY OF THE COMPANY AND MAY BE SOLD ETC.

Any share so forfeited, shall be deemed to be the property of the Company and may be sold, reallocated or otherwise disposed of, either to the original holder or to any other person, upon such terms and in such manner as the Board of Directors shall think fit.

h. CANCELLATION OF FORFEITURE

At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

i. MEMBER STILL LIABLE TO PAY MONEY OWING AT THE TIME OF FORFEITURE AND INTEREST

Any member whose shares have been forfeited shall, notwithstanding the forfeiture, be liable to pay, and shall forthwith pay to the Company on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture together with interest thereon from the time of forfeiture until payment, at such rate not exceeding twelve (12) per cent per annum as the Board of Directors may determine and the Board of Directors may enforce the payment of such moneys or any part thereof, if they think fit, but shall not be under any obligation so to do.

j. EFFECT OF FORFEITURE

The forfeiture of a share shall involve extinction at the time of the forfeiture of all interest in, and all claims and demands against the Company in respect of the share, and all other rights incidental to the share, except only such of those rights as by these Articles are expressly saved.

k. VALIDITY OF FORFEITURE

- 1) A duly verified declaration in writing that the declarant is a Director, the Managing Director or the Manager or Secretary of the Company, and that a share in the Company has been duly forfeited in accordance with these Articles, on a date stated in the declaration shall be conclusive evidence of the facts stated as against all persons claiming to be entitled to the share;
- 2) The Company may receive the consideration if any, given for the share on any sale, re-allotment or other disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- 3) The person to whom such share, is sold, re-allotted or disposed of shall thereupon be registered as the holder of the share;
- 4) Any such purchaser or allottee shall not (unless by express agreement) be liable to pay any calls, amounts, installments, interest and expenses owing to the Company prior to such purchase or allotment nor shall be entitled (unless by express agreement) to any of the dividends, interest and bonuses accrued or which might have accrued upon the share before the time of completing such purchase or before such allotment.
- 5) Such purchaser or allottee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale re-allotment or other disposal of the share.

l. CANCELLATION OF SHARE CERTIFICATES IN RESPECT OF FORFEITED SHARES

Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Board shall be entitled to issue a new certificate in respect of the said shares to the persons entitled thereto.

m. VALIDITY OF SALES

Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the register of members in respect of the shares sold and after his name has been entered in the register of members in respect of such shares, the validity of the sale shall not be impeached by any person.

12. SURRENDER OF SHARES

The Board may, subject to the provisions of the Act, accept a surrender of any share from or for any member desirous of surrendering on such terms as they think fit.

The provisions of these Articles relating to forfeiture of shares shall mutatis mutandis apply to any other securities including debentures of the Company.

13. TRANSFER AND TRANSMISSION OF SHARES

a. INSTRUMENT OF TRANSFER TO BE EXECUTED BY TRANSFEROR AND TRANSFEREE

- 1) For shares in physical form, the instrument of transfer of any share in the Company shall be duly executed by or on behalf of both the transferor and transferee.
- 2) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
- 3) The instrument of transfer shall be in writing and all the provisions of Section 56 of the Act and of any statutory modification thereof for the time being shall be duly complied with in respect of all transfers of shares and the registration thereof.

b. BOARD MAY REFUSE TO REGISTER TRANSFER

Subject to the provisions of Sections 58 and 59 of the Act, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may, refuse to register the transfer of, or the transmission by operation of law of the right to, any securities or interest of a shareholder in the Company. Further, subject to the provisions of Section 56 of the Act and section 22A and other relevant provisions of the Securities Contracts (Regulation) Act, 1956, as amended, the Board may, at its absolute and uncontrolled discretion and by giving reasons, decline to register or acknowledge any transfer of shares whether fully paid or not and the right of refusal shall not be affected by the circumstances that the proposed transferee is already a shareholder of the Company. The Board shall, within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company, send a notice of refusal to the transferee and transferor or to the person giving notice of such transmission, as the case may be, giving reasons for such refusal.

Provided that, registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other Person or Persons indebted to the Company on any account whatsoever except where the Company has a lien on shares. Transfer of shares / debentures in whatever lot shall not be refused.

c. BOARD MAY DECLINE TO RECOGNIZE INSTRUMENT OF TRANSFER

The Board may decline to recognize any instrument of transfer unless –

- a) the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under the Act;
- b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- c) the instrument of transfer is in respect of only one class of shares.

- d) Nothing contained in Section 56 of the Act or these Articles shall apply to a transfer of Securities effected by transferor and transferee both of whom are entered as Beneficial Owners in the records of a Depository. In the case of transfer or transmission of shares or other Securities where the Company has not issued any certificates and where such shares or Securities are being held in any electronic or fungible form in a Depository, the provisions of the Depositories Act shall apply.
- e) Provisions of Articles to apply to Shares held in Depository:
Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in Depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act.
- f) Certificate Number and other details of Securities in Depository:
Nothing contained in the Act or these Articles regarding the necessity of having certificate number/distinctive numbers for Securities issued by the Company shall apply to Securities held with a Depository

d. TRANSFER OF SHARES WHEN SUSPENDED

On giving of previous notice of at least seven (7) days or such lesser period in accordance with the Act and Rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty (30) days at any one time or for more than forty- five (45) days in the aggregate in any year.

e. TRANSFER OF PARTLY PAID SHARES

Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered, unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the date of receipt of the notice.

f. TRANSFER TO MINORS, ETC.

- (a) No share shall in any circumstances be transferred to an insolvent or a person of unsound mind.
- (b) A minor may be admitted and registered as a member of the Company in respect of any fully paid up share or shares in his or her name. The father or the mother of a minor or a guardian appointed by a competent court shall have a right to represent and act for the minor in all respects including voting and/or giving proxy in respect of any share or shares held by such minor.

g. THE COMPANY NOT LIABLE FOR DISREGARD OF A NOTICE PROHIBITING REGISTRATION OF A TRANSFER

The Company shall incur no liability or responsibility whatever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof as shown or appearing in the register of members to the prejudice of persons having or claiming any equitable right, title or interest to or in the said shares, notwithstanding that the Company may have had notice of such equitable right, or referred thereto in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest, or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some books of the Company, but the Company shall nevertheless be at liberty to regard and attend to any such notice, and give effect thereto if the Board of Directors shall so think fit.

h. TITLE TO SHARES OF DECEASED MEMBER

The executors or administrators of a deceased member or the holder of a succession certificate or the legal representatives in respect of the shares of a deceased member (not being one of two or more joint holders) shall be the only persons recognised by the Company as having any title to the shares registered in the names of such members, and the Company shall not be bound to recognise such executors or administrators or holders of a succession certificate or the legal representatives unless such executors or administrators or legal representatives shall have first obtained Probate or Letters of Administration, or Succession certificate, as the case may be, from a

duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks fit, the Board may upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register under this Article the name of any person, who claims to be absolutely entitled to the shares standing in the name of a deceased member, as a member.

i. TITLE TO SHARES ON DEATH OF A MEMBER

On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the Company as having any title to his interest in the shares.

j. ESTATE OF DECEASED MEMBER LIABLE

Nothing shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

k. TRANSMISSION CLAUSE

Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time-to-time properly be required by the Board and subject as hereinafter provided, elect, either –

- a) to be registered himself as holder of the share; or
- b) to make such transfer of the share as the deceased or insolvent member could have made.

l. BOARD'S RIGHT UNAFFECTED

The Board shall in either case have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

m. INDEMNITY TO THE COMPANY

The Company shall be fully indemnified by such person from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.

n. BOARD'S RIGHT UNAFFECTED

The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

o. NO FEE ON TRANSFER OR TRANSMISSION

No fee shall be charged for registration of transfer, grant of probate, Succession Certificate and Letters of Administration, Certificates of Death or Marriage, Power of Attorney or similar other documents.

Notwithstanding anything contained in the Articles of Association, in the case of transfer of shares or other marketable securities, where the Company has not issued any certificates and where such shares or securities are being held in an electronic and fungible form, the provisions of the Depositories Act, 1996, shall apply.

The provisions of these Articles relating to transfer & transmission of shares shall mutatis mutandis apply to any other securities including debentures of the Company.

14. MEETINGS OF MEMBERS

a. ANNUAL GENERAL MEETING

The Company shall in each year hold in addition to any other meetings, a general meeting as its annual general meeting, except in the case where any extension of time for holding any annual general meeting is granted/availed under applicable laws. Not more than 15 (fifteen) months shall elapse between the date of one annual general meeting of the Company and that of the next. Nothing contained in the foregoing provisions shall be taken as

affecting the right conferred upon the registrar under the provisions of Section 96 of the Act to extend the time within which any annual general meeting may be held. Every annual general meeting shall be called during business hours on a day that is not a national holiday and shall be held either at the registered office or at some other place within the city in which the office of the Company is situate through video conferencing or audio-visual means or teleconferencing /permitted mode, as the Board may determine.
